THANKSGIVING DAY

It is our belief that the Thanksgiving period is more than roast turkey, baked chicken and stuffed Homo sapiens. It is a time when we should give thanks for the freedoms, the privileges and responsibilities which have come to us as a heritage of the founding fathers of our nation.

The public schools have been a major reason for the continuance and preservation of those things for which we will give thanks this week. All citizens should encourage and aid the public schools in their efforts to further develop an appreciation of those things for which we give thanks at this time.

However, our school boards would be more thankful if somebody could install an automatic stop sign on the Babyland highway.

The Madison street station of the C. & N. W. railroad has been given a real face lifting. It could be called commercialization to the nth degree, which should bring increased revenues. They have even modernized the suburban time cards from a form that has been in use for 100 years.

We miss the west coast trains, but now the commuters as one happy family can take over Madison street station.

•

Words used in the daily press and national magazines give further evidence of the changing times. A few years ago a newspaper would hesitate to use the word "hell." It is now considered forceful speaking.

It may come as a bit of a shock to hear that word being uttered in good society, but eavesdropping on a group of women the other day, we discovered that it was not the only "bad" word our grandmothers frowned upon, that is now accepted as perfectly proper.

•

Women folk are taking an increasing part in public and civic affairs and we were surprised when the dads of Palatine Hi Parents invited the women to join, but did not include them in their list of officers.

"It is all in the family anyway," explained one mother, "but it will be interesting to learn if the men will expect us to take the membership fee out of our grocery money."

Paddock Publications is being criticized for the 45-mile per hour speed signs on Rand road. Some drivers claim it takes them 5 minutes longer to get on the job.

The average auto driver is unwilling to take the blame for the deaths on that highway. So are we, but we are willing to take either blame or credit for the lives saved.

Now that the speed limit has been posted, the hardest part of the fight is ahead—that is, enforcing the limit and slowing down the demon drivers who are responsible for Rand road's death rate.

The state police will be primarily responsible for seeing to it that speed control on U. S. 12 is not an empty promise. But they will need help, and Sheriff Lohman is willing to assist in the patrol of Rand rd. The county board and committee with the help of the judges of the Circuit court of Cook county are urged to give serious consideration to his request for additional personnel.

The unprecedented growth of the unincorporated areas has created a need not only for increased traffic patrol but an expansion of police protection facilities in general.

•

A third hat was thrown last week into the Senatorial ring of the third Senatorial district, comprising Barrington, Palatine, Hanover and Schaumburg. We have not heard from Rolling Meadows.

Niles township is laying claim to the right to name one of Republican candidates for the House of Representatives of the newly formed representative district 6.

The average voter does not need to worry over it. The party chieftains expect to do the selecting early in January.

•

Arlington Heights has carried 3 bond elections within a month.

"And why not?" asks a newcomer, "we all have mortgages on our homes and those bond issues just mean extending the mortgage idea to our taxing bodies. The old-timers and so-called moneyed class can now sit-in on the paying end."

•

Illinois Bell Telephone Co. has found a way to break the increasing traffic jam in the Palatine telephone exchange. Over 1,500 subscribers in the south and eastern part of that village will be served from the Arlington Heights dial exchange, starting next summer.

This does not mean that Arlington will annex Palatine. It is just showing the neighborly spirit of sharing a part of their telephone exchange until Palatine's own dial building is in service.

We do not know whether the turkeys that will grace the boards of our employees will last 4 days, but their families are going to have 4 days to eat the leftovers. The production department of Paddock Publications will be closed from Wednesday evening until next Monday.

ERECTING SPEED LIMIT SIGNS on Rand rd. are workers from the state highway department, left to right, Richard Holmes of Bellwood, William Wentzel of Chicago, Albert Schildgen of Forest Park, and Nick Grimaldi of Chicago. The 45-mph limit extends from Quintens Corner to Des Plaines and will be enforced by state and county police. —Staff Photo

Lions Club Honors 30th Anniversary Of Local Organization

Arlington Heights Lions and their wives celebrated the annual Ladies' Night with a turkey dinner served by the Dorcas Aid of St. Peter's Lutheran church.

The occasion was also the 30th anniversary of the Lions in Arlington Heights.

The club was organized and chartered September 25, 1925, with 25 members—4 of these are still active members. They are Dr. Howard G. Dunn, Walter Karstens, Harry Knaack, and William Reese.

Lions president J. Johnson presented them with plaques for 30 years of service.

During the years of its existence, the club has sponsored many projects for the village, including planting of a community Christmas tree, organization of a Businessmen's credit bureau, sponsors of Boy Scout Troop 7 and Christmas parties for children, assisted in organization of a new bank, erected a community honor roll, and supported building a swimming pool and development of Recreation park.

Latest service project is a benefit for the Northwest Community hospital with proceeds going into the fund. A color TV set and other articles will be awarded December 20 at the Lions club meeting.

Win $100 Bonds

Eight students from the Arlington Heights public elementary schools appeared on the new TV art talent show "It's Chris," November 15, and 2 of the eight came home with $100 savings bonds.

The show, which can be seen on Channel 9 at 3:30 p.m., is operated as an art contest.

Carol Spomer from the South school and Michael Boye from Junior high school won the bonds for their free hand sketch of a child. The 2 winners will have an opportunity to appear on the show again and this time to compete for a $500 bond.

Name Site for Proposed NW Community Hospital

STEPPING STONES TO VICTORY

Select 20-Acres On Rt 53, North Of Algonquin Road

Land options for the proposed site of the Northwest Community Hospital Center were signed last week by board president, C. J. Walters. It is located on Rt. 53, Rohlwing rd., approximately one-half mile north of the intersection of Algonquin rd.

Acquiring the land options insures the hospital a central location, but it does not commit the board of trustees to the site. The donation of some other site is still possible.

The proposed 20-acre site was chosen by the board of trustees with an eye to the future. A population survey shows that by 1980 this land will be the center of population of the area to be served by the hospital, namely — Wheeling, Elk Grove, Barrington, Palatine and Schaumburg townships.

* * *

IT WAS ALSO selected by the board because of its available sewage facilities in the Chicago Sanitary District. Few locations offer facilities large enough to fill the requirements of the hospital. Use of the sanitary district also assures a savings of approximately $3,000 in service costs.

Ross Garrett and Associates, hospital consultants who have been working with the hospital board since its formation, inspected the site and found it to be satisfactory.

Now the site has been announced plans for a general fund drive are being formalized. It is estimated the project will cost approximately $2,000,000, with one-third of the funds being made available through the Hill-Burton act. The balance must be raised in gifts, pledges and donations. During the drive, which should begin the early part of 1956, every resident, business, industry, club and organization in the 5 townships will be contacted and asked to contribute to this worthy cause. Only with the united effort of everyone can the erection of the Northwest Community Hospital be assured.

* * *

THE PROPOSED hospital will contain 100 beds to begin with, but will be so constructed that an additional 25 beds can be added without structural difficulties.

To date thousands of residents in the area have leaped on the hospital bandwagon contributing more than $10,000 to get the program underway. These same people, plus thousands of others, will be asked to continue to support the hospital program during the coming fund campaign. With this continued support the Northwest Community Hospital Center is certain to become a reality.

Voters Approve Village Manager, New Firehouse

Arlington Heights voters approved village manager government by a 2 to 1 margin Saturday.

Also approved was a $115,000 bond issue for a north side fire station.

From 3,070 votes cast a total 2,083 were in support of a referendum for a village manager by statute.

* * *

COMMENTING on the referendum, Village President Albert Goedke Monday said the "people have spoken" with reference to the manager issue.

"We definitely need a man in the village hall to handle the work," said Goedke. "Whether or not the present manager is retained on a permanent basis, that is up to the village trustees to decide."

The election victory was credited chiefly to a voluntary organization, Citizens for a Village Manager, which campaigned tirelessly in support of manager government.

"The people of Arlington Heights can take a bow," declared Gerald Chapman, co-chairman of the citizens group. "They deserve the best because they voted for it. By their ballots, they have laid the foundation for sound, efficient, democratic government in the years of growth ahead.

"The vote was better than 2 to 1. With such a mandate, we believe the village board should put the manager plan into effect immediately. Nothing can be gained by delaying for 1½ years until the next election, which has no bearing on the manager problem.

"As chairman of the Citizens for Village Manager, I want to thank all workers who gave their best efforts to make the campaign an outstanding success. And the community as a whole owes thanks to the Herald and Publisher Stuart Paddock Sr., for the fair and constructive way the paper presented the issues."

* * *

MOST OUTSPOKEN critic of manager by statute was Trustee Forrest F. Davis, former village clerk. He made the following statement Monday:

"The election is over, the people of Arlington Heights have voted to change our form of government to 'managerial' by statute. I sincerely hope that those who worked and voted for it know what they were doing. As for myself, I had strongly urged that both sides of the issue be presented so that the people could know how to vote intelligently.

"It is unfortunate that the issue was decided on what appeared to be 'personalities rather than the issue.' I harbor no ill feeling toward anyone, even those who criticized me quite severely. But I do hope that my critics will grant that under our democratic system, I have a right to express my opinion and even work for what I believe to be best for all of us.

"It is my sincere hope that everyone who opposed the statutory 'managerial government' will now support our form of government and work toward the betterment of Arlington Heights. The system of government is important, but it is just as important to have unity toward working out our many complex problems.

"And in conclusion, I am hopeful that we will have no slanted reporting of village board meetings, but straight factual reporting of action of the board. And certainly, I favor the newspaper's prodding and criticizing the board for action, if and when the situation warrants it."

45-MPH Highway Death Trap Limit

State Action Climaxes Rand Rd. Crusade By Newspapers

by CHARLES HAYES

A 45-mile-an-hour speed limit has been posted on Rand rd. between Des Plaines and Quinten's Corner.

Announcement of the state action was made Monday by R. R. Bartelsmeyer, chief highway engineer.

It climaxed a crusade of 2 months waged by Paddock Publications. Rand, U.S. route 12, had earned itself the title of Cook county's highway death trap.

The speed limit will extend from the intersection of River rd., Rand rd., and Lee st. in Des Plaines and continue north to Quinten's corner in Lake county, which is the end of 4-lane solid pavement and the beginning of divided pavement.

* * *

ENFORCEMENT will be made by state police and county sheriff's police.

Prior to posting the limit, the state made a survey of prevailing speeds along this section of Rand rd. at various observation points and an analysis of the accident records by type and location.

The surveys revealed that more than 25 per cent of the motorists using the highway are driving at a speed in excess of 50 miles an hour.

"It is difficult to predict with any accuracy what reduction may be expected voluntarily after our 45 limit is posted," said E. A. Rosenstone, director of the department of public works and buildings, in a letter to Sheriff Lohman. "But we would assume that a substantial amount of enforcement will be required to bring about the desired compliance."

Sheriff Lohman hailed the state action and said he was instructing district 1 police to give Rand rd. special attention.

"I am assigning men to check on the highway during peak load hours and will cooperate in intensive patrol of the highway," he declared.

He said the need for patrolling Rand and other highways in unincorporated areas points up a need for new personnel to meet changing highway conditions. "Residents of the county are entitled to consideration in the form of adequate services."

* * *

LOHMAN is currently seeking an increase in staff from the county board and the committee on help of the judges of Circuit court.

Paddock Publications began campaigning for speed control in September. With the cooperation of Sheriff Lohman, County Commissioner William N. Erickson and other concerned public officials, the newspapers emphasized the critical traffic hazard which existed on this unposted, unpatrolled highway.

Residents living in the vicinity of the highway were continually plagued with accidents resulting in property damages, maimed and fatally injured motorists.

Last year alone, nearly 300 persons were killed or injured on this highway which boasted of an accident and fatality rate 9 times greater than Illinois' other primary highways.

The series on Rand rd. were instigated at the request of northwest area residents alarmed at the highway death trap.

"We are grateful for the action taken by the state," said Stuart R. Paddock, Sr., editor of Paddock Publications. "A big step forward in making the highways safe in this area has been taken."

He also cited the interest and cooperation of Sheriff Lohman and his staff in assisting with the campaign for safer driving on U.S. route 12.

To Have Thanksgiving Assemblies Wednesday

The Rev. Mr. Paul L. Stumpf, pastor of the First Presbyterian church of Arlington Heights, will address the students of Arlington Heights high school at special Thanksgiving assemblies, Wednesday, Nov. 23.

Fritz Snider will act as master of ceremonies at the morning assembly for upperclassmen. Libby Prunty will introduce the speaker.

Jim Perry and Laurie Riley, sophomores, will serve in the same capacities in the afternoon assembly for underclassmen.

The choir will furnish music for both programs, singing "Prayer of Thanksgiving," "The Lord's Prayer," and "Faith of Our Fathers."

Found A Deer And Couldn't Keep It—

A motorist passing through Wheeling last Friday morning got himself a deer without even trying—and then couldn't keep it!

Fred Baensch, Ingleside, Ill., reported to Wheeling police that a 10-point, 235-pound deer leaped out of the forest preserve 250 feet west of Port Wine road and struck the left front fender of his 1954 Buick as he and his wife, Stella, were traveling east on Dundee road. Although the couple was not injured, the deer was killed by the impact. Forest preserve officials advised police to take the animal to the Hans Schmidt butcher shop, Milwaukee ave., where it was held for further orders from Rex Volz, county supervisor.

The extent of damages to the Baensch car has not yet been reported to local police, but it was in driving condition after the accident and the Baensches left Wheeling shaken—but minus venison.

Car Strikes Sub

Ever hear of a car running into a submarine? The Chicago Motor club says it really happened in Detroit. After a woman parked her car on a hill, it rolled downhill and collided with the submarine "Tamber" which was tied up at a dock at the foot of the hill.

Seek Assistance In Selection Of District 25 Board

Seventeen civic organizations in Arlington Heights elementary school district were asked this week to again participate in selection of candidates for district 25 board of education.

Chairman Samuel Wit has written these groups, all of which sent delegates to last year's nominating committee.

The first meeting of the nominating group will be January 9 in junior high school gymnasium.

Groups which want representation may apply if they are nonpolitical, non-religious, are civic and, or, educational in interest, have been in operation 2 years, and have officers properly elected in conformance with their by-laws.

This method of selecting candidates for school boards is used in many suburban school districts and provides for an orderly process of community participating in the selection of board candidates.

Benefit Concert Sunday Climax To Thanksgiving Weekend; Aids Hospital

Two young concert artists will donate their talents Sunday night in a program to benefit the Northwest Community Hospital Center.

Tickets will be available for one dollar at the door. The program is at 8 p. m. in Maine township high school auditorium.

Performing are pianist Willard Straight and Barbara Leichsenring, dramatic soprano.

Proceeds from the benefit concert will be turned over to the hospital fund.

Straight has been acclaimed by critics as one of America's most brilliant young pianists. He will play Beethoven's "Appassionata" sonata, and selections of Ravel, Debussy, Ravel, and himself.

Miss Leichsenring, an exciting new musical discovery, is including songs from Schumann, Wagner, Tchaikovsky, and Rachmaninoff in her program.

Tickets are also available at Paddock Publications office, 217 W. Campbell st.

Bell Telephone Given OK For Commercial Building

Illinois Bell Telephone Co. was given the green light Noevmber 16 to proceed with the erection of a commercial building on Sigwalt st., between Highland and Vail aves., by the Arlington Heights village board.

A portion of the property had to be rezoned to permit the construction of the building, which will be used as an accounting center. A public hearing was held by the zoning board of appeals November 3, and that board recommended the property be rezoned. No objectors appeared at the hearing.

* * *

THE PROPOSED building will be used for processing bills of customers of Illinois Bell Telephone Co. There will be no public use of the office, and the company expects to employ about 180 workers, mostly female. A parking area for 40 cars will be provided and the entire property will be landscaped.

The company plans to begin the building program within a year. Present homes on the site will be sold or demolished.

Village board members were informed the village would receive a $1,000 credit from the American La France fire engine company as a partial reimbursement for the engine that had to be replaced in one of the fire trucks.

A letter from chief of police Carl H. Skoog recommended the board consider employing a full time civilian radio operator for the police station. At present there are just 2 radio operators, which necessitates one of the patrolmen filling in the third 8-hour shift. Hiring a third operator would relieve this patrolman for other duties. The matter will be considered by the village manager and the police committee.

The proposed house moving ordinance has been revised and had its first reading at the board meeting Wednesday night. The ordinance sets up rules and regulations for the moving of old houses into various sections of the village.

* * *

FIVE BIDS were received on the reconditioning of well 5 in Arlington Heights. They ranged from $29,150 to $37,373. All were referred to the engineers for a report back to the board November 22.

Trustee Frederick Weber moved the board adopt the National Electric Wiring Code. The motion was passed and Hugo J. Thal, village attorney, was instructed to prepare an ordinance providing for the code to be adopted by reference. The board also moved to adopt the National Fire Prevention Code by reference.

A request by E. Levin to improve lots with sewers, streets, sidewalks, curbs and gutters on S. Dunton, between Central and Magnolia, was referred to a standing committee on subdivisions for further study. A report will be given at a special meeting of the board November 29.

Arlington Leads Building in North-West Suburbs

Arlington Heights lead all northwest suburban towns in the number of homes during the month of October. There were 73 homes representing a value of $1,301,500.

Park Ridge was second with 41 homes valued at $1,096,585. Mt. Prospect reported 39 homes at $702.750. Home building figures for Palatine are 20 homes costing $394,500. Permits were only taken out for 14 homes in Des Plaines with a value of $273,000.

Figures of other towns in the northwest area are Barrington, 4, Bensenville, 8, and Northbrook, 22. Skokie was high in the entire suburban area. Permits totalled 125 representing a value of $2,116,500.

Arlington was number 7 in the value of home building permits for the 10 months of 1955. Mt. Prospect holds the tenth position. Arlington permits value for that period is $8,514,750; Mt. Prospect, $8,031,845.

Other Arlington Heights permits included 20 private garages, $21,186; 1 convent for Our Lady of the Wayside church, $100,000; 2 mausoleums, $60,000, and 11 additions and alterations to existing buildings, $18,735.

The building commissioner, Fred Hammer, also issued a permit to E. Levin for an industrial building on N. Hickory, $16,000 and a commercial building at 212 N. Dunton, $18,000, to be occupied by Montgomery Ward as a catalog order store.

More Money Pours Into Hospital Fund

Checks are still pouring in to build up the fund for the proposed Northwest Community Hospital Center that will serve the townships of Elk Grove, Wheeling, Palatine, Barrington and Schaumburg.

This week a $1,000 check was received from Roy LaLonde, chairman of the Palatine Centennial committee. The committee felt its share of the profits from the centennial celebration held in Palatine last summer should go into permanent project. They chose to give $1,000 to the hospital and $1,000 to the Palatine library.

* * *

A $100 check was received from the Snappy 4-H club of Arlington Heights. The girls raised the money by selling tickets at the 4-H fair last summer.

The Hi-Pal club of Arlington Heights turned over a check for $25 as its contribution to the rapidly growing fund. It was turned in by Mrs. Marie Langhoff, secretary-treasurer of the group.

It was stated in error last week that the boy scouts of Palatine made the "penny pots" that are placed in various stores throughout Palatine. It was the girl scouts who assisted Mrs. Neal T. Dean in the project. The pots will soon make an appearance in Arlington Heights stores, and the placement will be under the supervision of the Arlington Heights Nurses club.

Eastwood Events

Moved

Best of luck to Mr. and Mrs. Eric Johnson who moved from their Dryden ave. address last Wednesday to take up residence in Palatine.

Friends will be happy to hear that Frank Patton is now recuperating at home after spending almost 2 weeks in Presbyterian hospital.

Mr. and Mrs. Elmer Govanus left last week to spend the winter in Lake Worth, Fla. In their absence their son and daughter-in-law, Mr. and Mrs. Dick Govanus, will keep the home fires burning at the Euclid ave. address.

Sympathy

Condolences are extended to Mr. and Mrs. Robert House. Bob's mother, Mrs. Lillian House, died in West Suburban hospital last Thursday.

Norma Dennis observed her 11th birthday last Friday at a family dinner party at the Libertyville home of her sister, Barbara. Norma was pleased that her married sister fussed with a birthday cake, candles an dice cream, the things girls her age still like to associate with birthday parties.

Mrs. Arthur Jacobs returned a week ago from a 6-week vacation spent in Europe. Her ocean voyage took her to see the beauty spots and points of interest in Italy, France and Switzerland.

Newcomers

Welcome to new neighbors, Mr. and Mrs. James F. Rogers, who moved into their home at 506 N. Dryden a few weeks ago. They are not newcomers to Arlington Heights, however, as they lived on S. Highland before spending the past 2 years residing near Madison. Mr. Rogers is manager of the agricultural chemical department department of the N. S. Koos & Son company in Kenosha.

Eastwood Meeting

Just a little reminder of the next Eastwood meeting to be held December 6 at the field house. The evening's entertainment will be of great interest to the women of the neighborhood as guest is Mrs. Fox of Wilmette who will demonstrate ways of decorating Christmas packages with "Tie Tie" ribbon. She will show other tricks and uses for the ribbon not pertaining to the Yule season. Plan now to attend this December meeting.

Her "washing's" all done, but—the real work has just started!

Let an ELECTRIC Dryer do the work on washday—

(Costs less to buy—yet you get the cleanest, fastest, dryest heat there is!)

Any woman will tell you: it's the hanging up and taking down a wash that's the *real* backbreaker.

Why do it? A new automatic *electric* dryer—complete and installed—costs as little as $2.43 a week. And you can dry a huge wash for just pennies.

In an automatic electric dryer, even the new miracle fabrics are safe, because heat and time controls are extremely accurate. Clothes dry sweet and clean, too. *Electric* heat is the cleanest, fastest, dryest heat there is! And, you always get an *automatic* dryer when it's an electric.

Come in this week and find out how easy it is to own an automatic electric dryer. Let an electric dryer do the hard work for your wife on washday, too!

NOW LOW AS $2.43 A WEEK WITH NEW SHARE-THE-COST INSTALLATION PLAN

When you install a new electric clothes dryer, we share the cost of necessary wiring. You can save important money with our New Plan. For example, in a 1-family home an electric dryer installation now costs only about half as much as before. The Plan is available at all electric appliance dealers'. Yours will tell you how much you save. **And you save more than money.** Your TV picture improves, lights brighten—everything electrical works better. And you can install an electric range, water heater or air conditioner (that requires a 240-volt circuit) quickly and cheaply.

North Arlington Girl Scout Neighborhood Divides In 2 Sections

Due to the growth in number of troops in the North Arlington section, it has been divided making an east and a west neighborhood. The division was made as to troop meeting place so as not to cause any troop transferees among the girls.

The east neighborhood has 12 troops with Mrs. Melvin Born chairman. She has been the chairman for the entire North Arlington group this past year. Assisting Mrs. Born as vice chairman is Mrs. Thomas Johnson and Mrs. Nancy Vannier as secretary. The nominating committee for this neighborhood next year is Mrs. Kirchner, Mrs. Reeves and Mrs. Colianni. The publicity chairman will be Mrs. John Coward.

The west neighborhood has as chairman Mrs. John Crawford assisted by Mrs. Quinten Lambert as vice chairman and Mrs. Robert Jakubiec as secretary. The west neighborhood has 15 troops. Mrs. Frederick Gorder will be publicity chairman for this neighborhood and also collect the news from the other publicity chairman to write the girl scout news. Mrs. Carl Palmer, Mrs. Arthur Lew and Mrs. Glen Buckley will serve as a nominating committee for next year.

At the monthly meeting of the North Arlington neighborhood, the local executive director, Mrs. Osborn, gave a resume of the 33rd girl scout convention held in San Francisco beginning November 1. There were 10 representatives from northwest Cook county among the 5,000 participants. The theme "Believe, Belong, and Build" was used throughout the convention. Mrs. Osborn enjoyed the meeting and being a part of such an inspring group which along with our United States representatives included a number of girl guides from other countries.

Mrs. Born, North Arlington Heights chairman, announced the next council meeting will be November 30 in Des Plaines. A report was given by Mrs. Barbara Casteel on the American rally to be held February 26 at the high school. Girl scout neighborhoods from our surrounding territory will all participate. North Arlington Heights will have the Pilgrim and Indian theme. A practice will be held at the field house January 25. Mrs. Rasmussen distributed the calendars to be sold by the girls and proceeds to go into the troop treasury to be used for purchasing equipment rather than social expenses. Mrs. Born regretfully announced the finance drive was only able to reach one third of its goal. This means a reevaluation of the training program leader for for next year. Girl scouts, like all other organizations, find they can avail themselves of qualified volunteer work up to a point. We in Arlington Heights are quite unhappy about the cut which must be taken for any improvements to our cabin at Camp Pine which at this point has been condemned.

There is no December neighborhood meeting and January will be the first meeting as east and west neighborhoods.

The brownies of troop 328 baked cookies for a mother and daughter tea held at Mrs. Mangelsdorf, 1011 N. Walnut. The tea was a celebration of the troop's first birthday. The girls were awarded their first year pins at this time. As a service project the girls also baked cookies which they took to the Lutheran home.

Grote To Serve On Curriculum Committee Of Principal's Ass'n

Donald V. Grote, principal, Arlington Heights Junior high school, was recently elected to a 2-year term on the curriculum committee of the Illinois Secondary School Principals' association.

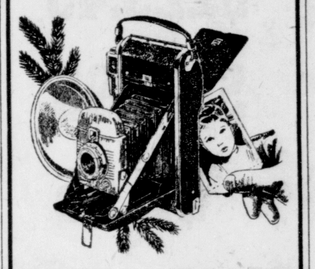

Grote's election marks another step in the association's effort to co-ordinate more closely the educational programs of junior and senior high schools.

The local Junior high school has received state wide acclaim for its organization and curriculum offerings, and Grote will be a welcome addition to the group.

Serving on the same committee is LeRoy J. Knoeppel, former principal of the high school here, and currently at Proviso high school at Maywood.

New Admission Setup For Basketball Fans At Arlington High

A new admission policy designed for better control of crowds at Arlington Height high school basketball games has been announced.

Fans will enter at either of the 2 end doors of the gym, purchase the tickets and present them to ticket takers right in the foyer. They will then be free to enter the gym proper, choosing whichever side they wish.

No pass outs will be given. Those wishing to stretch their legs between halves can do so in the foyer of the gym, but will not be permitted to leave the building, except in case of emergencies.

Special reserved section for Cardinals Booster club members will be reserved until start of the varsity game. Any Booster purchasing an admission ticket to the game can sit in these choice seats providing he takes his seat before start of the varsity contest.

Booster club will operate a desk at both the Palatine game Wednesday and Elgin game Friday, selling Booster club memberships at $1 each.

Here Are Hints For Using Flowers On Thanksgiving Day

Flowers are as much a part of Thanksgiving as cranberry sauce and stuffed turkey.

Some suggestions on using flowers and accessories to brighten up the holiday home were made this week by a Palatine florist.

She pointed out that chrysanthemums are the only "real" Thanksgiving flower. And they are adaptable, coming in all shapes, sizes, and colors to meet a variety of decorating needs.

* * *

FOR A TABLE center piece, Mrs. Robert Nelson of Nelson's Flowers suggested a "harvest time" theme, employing mums blended with grapes, squash, and Indian corn.

A pumpkin or squash with its side cut off and filled with white, yellow, brown, red, or pink mums makes a colorful center piece.

If the table is too small for a large piece, Mrs. Nelson recommends a small arrangement at each place setting with a few pompons placed in sherbet glasses, goblets, or hollowed oranges.

To really give a dramatic effect to Thanksgiving dinner, she advised a center piece turkey made from a crook-necked squash with flowers where the tail should be. Using an ice pick to make small holes in the "neck," pompons may then be added for a comb.

* * *

IF THERE is no room at all on the table for flowers, Mrs. Nelson suggests for the buffet a one-sided arrangement of mums, using wheat or sea oats as an accent along with the flowers.

For dinners to be served after 4 p.m., candles can be incorporated into center pieces.

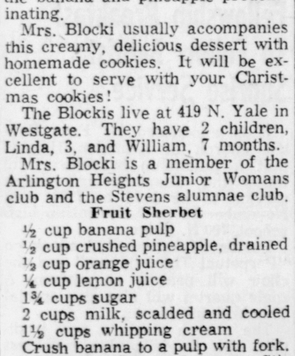

Cornucopias — the horns of plenty — are typical of the season and make effective center pieces. A combination of fruit and flowers can be used, or just fresh fruit. For a novel dessert course, the cornucopia with fresh fruit could be placed on a tray.

Thanksgiving flowers also lend warmth to a living room. For the coffee table, a pyramidal arrangement of mums; for dark corners, bright plumes or straw flowers.

* * *

DRIED arrangements in entrance halls can be sprayed gold for an elegant effect, and remain appropriate up to the Christmas season. And for the Yule season, the same arrangement becomes ready for that holiday with the simple addition of Christmas balls.

And as a final hint for do-it-yourselfers, Mrs. Nelson suggested small corsages for lady guests at their place settings, a nice gesture for a Thanksgiving dinner.

With the approaching holidays come the festive holiday dinners, with an abundance of rich and elegant foods.

Today we have a dessert suggestion which might be the answer to many a homemaker's problem of what to serve following a heavy meal. And it is excellent for evening refreshments, too.

This recipe for fruit sherbet is being shared with us by Mrs. James R. Blocki of Arlington Heights.

Made from an old family recipe, this sherbet is rich yet refreshing. Simple to prepare, it contains banana pulp, crushed pineapple, orange juice and lemon juice, along with sugar, milk and whipping cream.

The dessert is a mellow blend of all the various fruit flavors, with the banana and pineapple predominating.

Mrs. Blocki usually accompanies this creamy, delicious dessert with homemade cookies. It will be excellent to serve with your Christmas cookies!

The Blockis live at 419 N. Yale in Westgate. They have 2 children, Linda, 3, and William, 7 months.

Mrs. Blocki is a member of the Arlington Heights Junior Womans club and the Stevens alumnae club.

Fruit Sherbet

½ cup banana pulp
½ cup crushed pineapple, drained
½ cup orange juice
¼ cup lemon juice
1¾ cups sugar
2 cups milk, scalded and cooled
1½ cups whipping cream

Crush banana to a pulp with fork. Add fruit juices and sugar. Stir well and add cooled milk. Add to fruit.

Whip cream and fold in. Freeze. Stir about every 10 minutes, about 4 times.

Serves 8 to 10.

In the Shadow of + + + The Steeple

by William O. McGill

At the conclusion of the tenth volume of "A Study of History," Arnold Toynbee pauses for a section called, "Acknowledgements." It begins in this manner:

"I OWE MY THANKS

1. To Marcus, for teaching me to return thanks to my benefactors.

"Marcus Aurelius taught me by example how good, how pleasant it is for a writer to declare his gratitude to his pastors and masters."

It is appropriate that any one of us should declare his gratitude to his benefactors, to all who "do well" toward us.

* * *

ALL GOODNESS is a seed which reaches its harvest in another life. Whatever we do influences people. Deeds or thoughts of ill-will, like weeds, seem to need no special cultivation. Goodness, like "bringing in the sheaves," implies an act of plowing, sowing, cultivating, harvesting.

It is said that our Thanksgiving festivals place less and less emphasis on the process of seed-time and harvest. This is true even in rural churches. It is more true in urban and village churches. The relative abundance of the age may be a partial explanation. In colonial times, 3 farmers fed themselves and one other; today, one farmer feeds 14 others.

Perhaps the first group of benefactors to whom we are thankful are those with whom we do not necessarily have direct contact. Among these would be that farmer who feeds you and 13 more. He is a hard-working, often-maligned man. A political football at times, a political goal at others, he is constantly trying to bring the best possible foodstuffs to harvest for the American people. Strangely, one of the gravest criticisms he faces is that he sometimes does too good a job.

Other benefactors with whom we may not have contact might be the merchants and processors and handlers of our food — and the whole area of industrial production. All of these are daily preparing and bringing to us the things we need or desire — food, clothing, shelter and an occasional luxury. Many of us are one part or another part of this group — and we are related to many through these processes.

A SECOND group of benefactors are the specialists who help to sustain the quality and appreciation of life. There are the doctors and nurses who carry on the ministry of healing. There are school teachers who have taught us and who teach our children. A teacher opens gateways to horizons of the mind. There are ministers who encourage us to open the windows of the spirit, to look out and behold the Lord at work and to share in the work which He wants us to do.

There are specialists who deal in protective services, firemen and policemen. We depend upon them in times of emergency.

A third group of benefactors is closest of all, those who are part of our own circle, our friends, our families — those whom we love and who love us. These come most readily to mind when we think of persons for whom we are thankful.

ALL OF THESE are our benefactors, those who do well toward us, who plant seeds of goodness in our lives. The most wonderful part of the whole consideration of benefactors is that any of us might be one.

God is always calling to us to come, to take up His yoke, to follow His way in such manner that we too can serve the cause of goodness — planting a seed, cultivating a love, seeing the harvest in the goodness of another life.

Mural At Public School Depicts Thanksgiving Story

The noble tradition of American thanksgiving is annually renewed and retold in Arlington Heights public schools. The favorite theme of classrooms throughout the community is the story of the first thanksgiving.

A typical example was found this week in a second grade class at the North school. The "Thanksgiving project" began when the teacher, Mrs. Margaret Dye, read the familiar story of the pilgrim fathers' abundant harvest, their invitation to the Indians, and the first feast of thanksgiving.

* * *

MOTIVATED by the story, the group planned a mural for their bulletin board which depicted the barren November countryside, which was the home of the first settlers. The scene included the rough log church, the men and women in long capes and broad brimmed hats, and Indian braves coming in peace to join the pilgrims in giving thanks.

The children chose a white background and cut the figures from black paper to make an interesting contrast.

When the mural was complete, each child composed his own prayer, which included the things for which he was most thankful. Mom and Dad were, of course, the most frequently mentioned, followed closely by a favorite toy or pet.

True to the society of 8 year olds, it was decided to have a party at school which would represent the first thanksgiving feast. The kids seemed willing to by-pass the main course and to serve only a few of the delicacies which must have appeared in the fall of 1621. The menu included popcorn, cookies and punch.

To make the party complete, the children made Indian headdresses and Pilgrim hats and collars to be worn as costumes.

At the end of the festive occasion, it was easily agreed that second graders have many more things to be thankful for today than did the children who attended the first Thanksgiving feast.

A picture of the mural made by these children can be found on another page in this paper.

Senior Scouts Cook For Hospital Fund

Seven senior girl scouts were in charge of the faculty dinner last Thursday evening at 202 Windsor drive, Arlington Heights. The whole troop actually helps but the actual cooking and serving rotates between patrols. Proceeds of this dinner went to the growing hospital fund. Eighteen members of the public school faculty were served creamed chicken, rolls, corn, head lettuce with choice of dressing, dessert, coffee and cookies. All the details such as shopping, cooking, table setting, and serving are done by the girls.

Taking advantage of the Armistice day weekend the troop held an overnight at Camp Pine in the Park Ridge cabin. At that time a freshman initiation was held for Cathy Stromberg, Sue Shogren, Barbara Rasmussen, Sylvia Theffer, Judy Maitland, Judy Willer, Joan Pauley and Bobbie West. (A

3 Arlington Churches Plan Union Service For Thanksgiving

REV. J. G. MEINERS

Rev. John Gerhard Meiners, pastor of Evangelical and Reformed church, Arlington Heights, will be speaker at the union Thanksgiving service of 3 Arlington Heights churches at 8 p.m. Wednesday. The service will be held in Arlington Heights Methodist church with First Methodist, St. John Evangelical and Reformed and First Presbyterian churches participating.

The Rev. Paul Louis Stumpf, pastor of Presbyterian church, will offer the prayer and the Rev. Birger Dahl of the Methodist church will read the scripture. The Methodist Chancel choir will sing.

All residents of the community are invited to this service.

With The Blue Birds

Helping Pixies

The Helping Pixies group spent a busy hour making Thanksgiving table decorations. Hostess for the day was Ellen Fay Dobbin.

Honeybears

Honeybears divided in 2 groups and had a cooking lesson at their last meeting. After making hot chocolate they joined together again to have a pinning ceremony for Phyllis Christie, Lonnie Green, Darlene Kasl, Laura Robinson and Christy Schumaker.

The treat was served by Kathryn Black.

Friendly Bluebirds

The Friendly bluebird group worked on scrapbooks and played games. They also worked with moulding clay, shaping beads which will be painted and strung at later meetings. Cheryl Maley served as hostess.

Bluebird Wings

The Bluebird Wings completed Thanksgiving cards for their parents and discussed the Christmas gifts they will make. Refreshments were served by Janice Foley. A party was planned with the Blue Angels group for December 13 to be held at the home of Mrs. Sands, co-leader of the Blue Angels. At the party the bluebirds will receive their pins and will present gifts, which they made, to their mothers.

Blue Angels

Blue Angels made Thanksgiving cards and centerpieces and discussed plans for a Christmas party. Linds Hawkins was hostess and Sheryl Hanneman lit the candle for the bluebird wish ceremony.

From the Police Blotter . . .

Tinsley Bus Service, Arlington Heights, complained to police about a car passing on the right cutting off one of its buses. The driver said several other bus drivers had complained about this same car giving them trouble during the past week.

The license number of the car was given to the police and the auto was found to be driven by Thomas Henry, 909 W. Campbell. Henry had reported to police earlier that one of the buses had sideswiped his car. A check of the bus by police showed no indication it had sideswiped a car.

Poole's garage, 500 W. Northwes hwy., reported to police someone had stolen a 1955 4-door Ford, buck brown, that was parked at the garage. The car belonged to B. Wolff, 807 Princeton.

Gerald Salege, Arlington Heights, told police his car was damaged while parked on Walnut ave., November 19.

The inhalator squad was called out twice the past week. The first time the squad aided a 3-week old baby who was choking due to phlegm in her throat. She is the daughter of Mr. and Mrs. William List, 708 E. Euclid. The other was to assist George Hamous, who was staying with friends at 3510 Fremont, Rolling Meadows. The squad was called out when Hamous had difficulty breathing.

Mrs. Burgermeister told police someone had shot a hole through a window in her home. It looked like it had been done with a BB gun. Another resident complained to police that someone had broken 24 windows in a chicken house on their property in the 900 block N. Dunton.

Sixty cases were tried in traffic court last Wednesday morning and a total of $486 was collected in fines.

State, Patty McGrath, 1222 Wodford, Elinor Berg, 615 E. Davis, Jackie Halwax, 706 S. Mitchell, Janice Hertel, 409 S. Mitchell and Joan Trude, 801 S. Dunton.

From the seventh grade the following girls have been chosen for cheerleading: Lynda Eaton, 111 S. Drury la., Linda Schnederger, 601 N. Douglas, Carolyn Tracy, 738 S. Dunton, Marcy Allen, 116 W. Euclid, Nancy Larson, 620 S. Cleveland and Ann Warren, 817 N. Harvard.

Presbyterian Women Prepare For Chinarama

Thanksgiving weekend will find members of the Presbyterian Womens organization of Arlington Heights unpacking numerous cases of china and pottery to be sold at their coming Chinarama December 6, 7 and 8. The sale will be held at the parish house, 401 N. Main st., Mt. Prospect, adjacent to the construction site of the Community Presbyterian church. There will be no admission charge and hours of the sale will be 1 p.m. to 5 p.m. and 7 p.m. to 9 p.m.

Offered for sale will be many imports including dainty teapots, cup and saucer sets, unusual handpainted plates, modern Chinese figurines, ash tray and coaster sets and amusing small animal figures. There will also be holiday centerpieces, candles and candy.

The parish house basement will be transformed into a holiday tearoom by Mrs. Floyd Richmond and Mrs. S. M. Adams and their committee to offer homemade cakes and coffee to patrons. The group's finance committee, of which Mrs. Lawrence Caughy is chairman, has charge of this sale.

Stonegate Women To Hold Candle Fair To Aid Hospital Fund

A "Candle Fair" is the latest project to be announced that will aid the proposed Northwest Community Hospital Center.

The affair is being held by the women of the Stonegate subdivision, Arlington Heights, December 2, at the fieldhouse, from 11 a.m. to 4 p.m. All proceeds will go into the proposed hospital fund.

Those attending this gala event will thrill to the irresistible charm of candles. Visitors will be invited to browse around, there are candles to please all. They will be set amid beautiful floral arrangements made by Anderson Flowers, to enhance the beauty of the candles.

Included in the sale will be tapers for the dinner table, candles for Christmas gifts, candles to stuff in the kiddies stockings, and candles for the hard to please friend or hostess.

Any Stonegate women wishing to help make this project a success is asked to call CLearbrook 3-4435.

Mrs. Ted Fonfara Is New President Of Newcomers Club

Mrs. Ted Fonfara, 303 N. State rd., was elected president of Arlington Heights Newcomers club at a meeting held Thursday, Nov. 17, at the field house. Mrs. Fonfara and other officers, who will serve a 6-month term ending in June, 1955 ,include Mrs. Bruce K. Rasmussen, 202 Windsor dr., vice president; Mrs. Charles Haultgren, 716 E. Clarendon, secretary, Mrs. Raymond Nottoli 1227 N. Race, treasurer, and Mrs. Allen Patten, 10 S. Ridge, corresponding secretary.

Mrs. Fonfara, who with her husband and a daughter moved here from Milton, Mass., July 1954, is a past president of the Junior Cotillion, member of the Eastern Star, member of the First Presbyterian church and of the Women's association.

Mrs. Fonfara and the other newly-elected officers will be installed in a ceremony December 14 at 1 p.m. at the club's monthly luncheon. Committee members will be appointed and announced at the installation ceremoney.

Fellowship Breakfast To Follow Baptist Sunrise Service

It is announced by First Baptist church of Arlington Heights that a fellowship breakfast will follow the Thanksgiving sunrise service to be held at 7:30 a.m. November 24 in the township high school, 700 N. Ridge.

Pastor Beckstrom will speak on "Perpetual Thanksgiving" and the choir will present an anthem. A male quartet will also give special Thanksgiving music.

The church starts a new tradition with its fellowship breakfast immediately after the close of the service. The menu planned includes eggs to be served in every style. Mrs. Frank Moscal, chairman of the breakfst committee, says "Do come and enjoy an early morning feast. We are prepared to please you and to make this occasion a warm family affair to which everyone is welcome, from tiny tots to oldsters."

The congregation joins her in extending an invitation to the public to participate in this season of thanksgiving.

Garden Club To Have Lesson On Yule Decorations Nov. 28

Arlington Heights Garden club will be addressed by Mrs. Warner Nelson November 28 at 8 p.m. at the field house.

Mrs. Nelson's subject will be "Jewels in Tin," demonstrating the art of making Christmas decorations, trinkets and jewelry from tin cans. Mrs. Nelson, well known in garden club circles, is a former board member of the Illinois State Garden club and is also a member of the National Council of State Garden clubs.

Non-members who wish to attend are asked to call Mrs. H. L. Berthold, CLearbrook 3-5143.

School Districts Tell Problems To State Commission

Elementary school districts of Elk Grove and Wheeling townships made joint recommendations to the Illinois school problems commission, conducting hearings at Maine township high school November 1.

Russell Smith, president of disrrict 57 board of education presented the 5 points considered by the Arlington area grade school boards to be of immediate importance for study and action by the state.

Establishment of a state schoolhouse building fund would advance money for needed buildings in districts which have exhausted their bonding power. This proposed legislation should also provide for a special tax to cover the rental and principal retirement costs, so eventually the local school district would own the building, school authorities ask. The tax should be in addition to present educational, building, or bond legal maximum if it is to benefit the districts which are most in need of help.

* * *

A STUDY should be made by financial experts of methods by which school districts could sell bonds on the most favorable terms. A savings of ¼ of 1 per cent on the interest rate of all the school bonds in the state would be a substantial amount, Smith pointed out.

A study should also be made by qualified experts of the entire assessment procedure with a view towards:

(a) Raising assessments somewhat closer to actual values.

(b) Eliminating inequalities in assessment practices between various townships and counties.

(c) Getting all property, including personal property, on the tax rolls promptly.

* * *

ANOTHER study recommended would be of the possibility of obtaining more realistic insurance rates on school buildings, either through a cooperative approach to fire insurance companies, or if that fails, through the establishment of a state insurance plan for public buildings.

Lydia Gallucci Weds Vincent J. Lombardo

In a nuptial high mass October 29 in St. Mary Catholic church, Des Plaines, Miss Lydia Gallucci, daughter of Mr. and Mrs. Peter Gallucci of Des Plaines, became the bride of Vincent J. Lombardo, son of Mr. and Mrs. Michael Lombardo of Mt. Prospect.

Fr. Burfiend performed the ceremony before an altar banked with chrysanthemums and palms.

For her marriage the bride wore a gown of tulle, satin and lace fashioned with a V neckline, long tapered sleeves and a short chapel train. The full skirt was of the tulle over satin while the bodice was of the chantilly lace. She wore a headpiece of apple blossoms to hold her fingertip veil in place and her bouquet was an orchid with stephanotis. She wore a pearl choker and earrings, gifts from her bridegroom.

The bride's sister-in-law, Mrs. Dorothy Gallucci, was matron of honor wearing a short pale blue satin gown fashioned with empire waistline and diagonal tucking on the bodice. A braided crown, short white gloves and bouquet of red roses and white gardenias completed her ensemble.

Bridesmaids were Rita Pesche and Marie Dinneen. Judith Lofthouse was junior bridesmaid and Mary Gallucci was flower girl. Attendants wore gowns identical to the matron of honor's gown.

Louis Gallucci, brother of the bride, was best man and ushers were Vincent Lombardo, cousin of the bridegroom and Ronald Gutierrez.

A reception for 400 guests was held at the Arlington Heights VFW hall where the bride's mother received in a beige lace dress with brown accessories and an orchid corsage. The bridegroom's mother was in a rose chiffon dress.

The newlyweds homeymooned in a northern Wisconsin resort and are now residing at 1346 Perry st. in Des Plaines. The bride was graduated from St. Patrick academy, Des Plaines, and the bridegroom, who is employed at Square Deal shoe store in Des Plaines, attended Wright Junior college.

YMCA To Hold Annual Meeting November 30

Two hundred board of governors will meet Wednesday, Nov. 30, at 8 p. m. at the Mt. Prospect village hall to review the progress and lay plans for the future of the Northwest Suburban YMCA, it was announced this week by Thomas M. Blake, chairman of the board of directors.

The newly formed YMCA is now functioning from rented office space but has developed an outstanding program using schools, churches, recreation rooms and many other community facilities during the past 2 years. The board of governors meets annually to hear reports from its board of directors, who meet monthly and establishes and controls the policies of this budding YMCA.

* * *

IN ADDITION to reports, the governors will see program slides and demonstrations from many of the participants in the YMCA program. Col. Clifford C. Gregg, president of the metropolitan YMCA of Chicago, will be present to emphasize the importance of lay leadership and to commend a corps of nearly 100 volunteers who have given service during the past year. He will also make awards to several of the volunteer leaders who have given outstanding service.

Nicholas Lattof, chairman of the nominating committee, will present the slate of officers for the coming year, which will be as follows: Thomas M. Blake, chairman. Blake is president of Littelfuse, Inc. Earl K. Riley, vice chairman, Arlington Heights. Riley is vice president of the firm of Edson, Pratt and Riley. Howard J. Wilson, vice chairman, Mt. Prospect. Wilson is a village trustee and represents the Empire Plow firm of Cleveland, Ohio. Percy Baines, secretary, Baines is co-owner of the real estate firm of Baines and Tindall.

Guest speaker of the evening will be Douglas Monahan, an outstanding youth leader who is the general secretary of the Evanston YMCA. Monahan is the author of many books pertaining to youth. A humorist of note, Monahan will bring a message to the board of governors that will be both enjoyable and inspirational.

Local Scouts And Leaders Complete Red Cross Course

Twenty girl scouts and 4 girl scout leaders braved the snow and inclement weather conditions to complete a 30-hour American Red Cross canoe course at the Skokie lagoons November 5.

All 20 of the girl scouts enrolled in the course taught by James H. Carnahan, director of water safety for the Chicago chapter, American Red Cross of Park Ridge, completed the basic course. The 4 leaders were graduated as small-craft instructors.

Those completing the instructor course were Mrs. George E. Stryker and Mrs. Robert R. Seedorf of Skokie and Mrs. William T. Pedersen, Woodland rd., Palatine and Mrs. Ray G. Stake, 443 N. Smith ave., Palatine.

Among those completing the basic canoeing course were Sue Pelkey, 205 N. Parkway, Prospect Heights, Marie Scott, 217 N. Dryden, Arlington Heights, and Robin Rockwood, 126 S. Elmwood ave., Palatine.

Spring courses are now being set up by the Chicago chapter, American Red Cross. They will be especially designed for scout leaders and will be open to any adult, 18 years of age or over.

Girl scouts, and girl scout leaders 18 years old and older, may register now by calling the Chicago chapter, American Red Cross WAbash 2-7850, and asking for the water safety department. (AMP

Northwest Symphony Orchestra To Open Season Next Tuesday

Residents of northwest suburbs will have their first opportunity this year to hear their own local community symphony next Tuesday evening when Northwest Symphony orchestra opens its 1955-56 concert season with a program of familiar symphonic music at Maine township high school at 8:15.

Featured on this first concert will be Cesar Franck's "Symphonic Variations" with Josephine Crafton, wife of musical director Perry Crafton, as piano soloist. The overture to "The Magic Flute," Brahms "Symphony No. 1, in C Minor" and the suite from the ballet "Swan Lake" will complete the program.

Tickets to the program may be secured at the door. (B7

Dance December 3 To Aid NW Hospital Fund

The "Sentimentalists" orchestra will highlight the dance sponsored by Veterans of Foreign Wars Post 981, Arlington Heights, December 3, at the VFW clubhouse.

The dance, which will begin at 8 p.m., is for the benefit of the proposed Northwest Community Hospital Center, and the post hopes to raise $1,000 for the hospital fund.

Tickets are $1 each and may be purchased from any VFW member or at the door.

Christmas Dance

Only 2 days remain in which members can order their tickets for the second annual Christmas dance before ticket sales will be open to guests of members. If you have not reserved your ticket as yet better do so today without delay since there are just a few tickets left. The dance will be held at the Mt. Prospect country club December 9 at 9 p.m. Phone either Wally Johnson, Cl. 3-8025 or Don Peterson Cl. 3-8034.

Children of members of the association between the age of 18 months and 10 years inclusive have a big treat in store for them the afternoon of December 17, 2 to 4 p.m. That is the time and date of the children's Christmas party to be held at the park fieldhouse. As previously mentioned, Santa Claus will be there to give a gift to each child; there will be entertainment and refreshments to make it a really gay party. Membership chairman "Red" Funk and his committee will be calling on members this week to distribute tickets of admission to the party which are free. Each child must have a ticket of admission. Distributing tickets requires a lot of time and work so if they haven't been received, be patient, they'll be along shortly.

Brownie Investiture

Last Tuesday afternoon was a big day for brownie troop 180. Ruth Epsky, leader of the troop, and her co-leader, Mary Kirchner, conducted brownie investiture with pomp and circumstance. Twelve brownies wore their uniforms for the first time and received their pins with due ceremony. Songs were sung, pledges made and the girls became full fledged brownies. After the ceremonies each of the brownies served her mother cider and doughnuts. Girls who are members of brownie troop 180 are Mary Mundell, Arlene Roby, Maureen Mitchell, Linda Flodin, Connie Podwajski, Barbara Epsky, Janice Kirchner, Georgette and Georgine Lalish, Linda Loos, Bonnie Korn and Blair Hull.

November 14 was turkey day at the Beverly bowling lanes and not the "3 strikes in a row" kind of turkey either. Five 15-pound turkeys were given away. Winners were determined by the number of pins over average. Bowlers who won their Thanksgiving dinner were Rosemary Buttstadt, An Josetti, Pauline Peters, Grace O'Neil and the only lucky man was Bob Lantz. By the way, the Rales are still in first place with the Jokers and Hot Dogs tied for second place.

Here is a story with an ironic twist. Wally Johnson set out early Saturday morning with gun in hand and happy thought of the pheasants he hoped to bring home. His hunting trip was uneventful and Wally came home empty handed and disappointed. That same morning a couple of miles away in Mt. Prospect, Wally's father-in-law, Emil Hellberg, caught a cock pheasant and without even trying. Seems he was out shoveling snow when he heard a thump and looking down spotted, of all things, a pheasant that had actually dropped out of the sky at his feet. The pheasant evidently flew into the utility wires and brought about his own doom since no bullet holes could be found, just an absence of feathers around the bird's neck, to indicate how he met his end. Moral of the sotry is don't waste time and money to go out pheasant hunting, just stay in your own backyard and shovel snow and, who knows, a bird might land at your feet too.

Baby Shower

Joan Gorey, 658 Clarendon, was guest of honor last Wednesday at a luncheon and baby shower given for her by Pauline McNamara. Pauline served hot rolls, chop suey, jello molds, cake and coffee to her 7 guests. After lunch Joan opened the gifts for her expected heir which were received from Jeanne Thorsen, Shirley Zolp, Viva Hembd, Pat Miresse, Beverly Foote, Dorothy Braun and Pauline McNamara.

This 'N That

'Tis said that its an ill wind that blows no good and the same applies to a strong wind such as the gale that swept the Greens last Wednesday. Besides ripping shingles off roofs the wind also did damage to the Alumiroll awning over the picture window of Alice and Charles Meads' house at 1163 Hickory. Alice had tried vainly during the afternoon to tie up the awning, but it wasn't until her husband came home from work that the awning was actually blown from its moorings, at which time Alice agreed "It's so nice to have a man around the house."

Jane Brown is beginning to realize that she has lost her "city girl" ways and has become a country bumpkin. Jane set out last week in the family car to do some Christmas shopping in the Chicago loop area. Although the gas tank gauge read close to empty Jane was optimistic about getting home, that is, until she hit the outer drive at 5 p.m. and realized that her car was about to give out. After many anxious moments she steered the balking car off the drive to a gas station and refueled for the rest of the trip. Jane's experience is just a word of caution to wives whose husbands let them have the car for the day when the gas tank is near empty. Jane warns to fill up first and shop second, especially if it's in Chicago.

Mrs. Vera Braden was the weekend guest of her daughter and son-in-law, Alice and Earl Nichols, and grandchildren, Jane and Terry. Mrs. Braden lives in Highland Park.

Plan 'Tour' Of Austria At Travel Series Tuesday

ROBERT MALLETT

The members of the travel and adventure lecture course of Arlington Heights high school will see the film "Austria," narrated by Robert Mallett of Burton Holmes' staff Tuesday, Nov. 29, at 8 p.m. in the girls gymnasium.

Mallett has had, for such a young man, a long career as a correspondent on world affairs. He has traveled widely and has met and talked with most of the great men who are playing important parts in the making of current world history.

The lecture on Austria opens with scenes of Vienna, with Russian jeeps on the Ringstrasse. Shops on the Karntner Strasse are shown, then the restoration of the Opera House, and the beautiful St. Stephans Cathedral with its shattered bell recast and returned to place.

* * *

MALLETT adds to the beauty of the film his colorful descriptions as the camera picks up the Maria Theresa monument, the parliament building and the municipal buildings. The life of the city is interpreted in visits to a fascinating clock museum, views of petitpoint making, and the lighter side of life is seen in a trip to the "Coney Island" at Prater. The Vienna Choir Boys appear for a brief but lovely sequence, followed by close-ups of the monuments to the masters of music, Mozart, Schubert, Beethoven and Strauss.

One of the colorful scenes of the lecture is the International Patrol and the changing of the guard. Leaving Vienna the picturesque villages are seen, Bad Gastein, the famous health resort, and Gross Glockner, Austria's highest mountain. The next city to be visited is Salzburg, city beautiful. Here Mozart's birthplace is seen, and the Salzburg Marionette theater with Herman Aicher and his "king size" puppets.

The journey continues into the Tirol with the lakes, peaks and roadside shrines, to Innsbruck, Tirolean capital, where the medieval architecture in the Old Town provides a bit of contrast for the natural beauty of the views of mountains and summer skiing which follows. A game master is witnessed on the trail of the elusive Chamoix.

Preparations for winter are recorded by the camera, and the change of seasons is accelerated by the filming. At the picturesque village of Lech a wood carver is seen at work on the festival masks. The final scenes show Kitzbuhel, winter sports capital, with the world-famous Austrian skiers, and the Valley of Peace.

Little Christmas Town Advent Calendars To Aid Epilepsy League

For the third year the Illinois Epilepsy League is selling Little Christmas Town, the advent calendar imported from Germany. The calendar is larger than most sold commercially and pictures a fanciful little village; the windows in the houses and stores are numbered for the days of December and are to be opened one a day. Each reveals a Christmasy view with the 24th opening on the Nativity scene.

Sale of the advent calendars constitutes the only money-raising project of the Illinois Epilepsy League. Money received goes to further the study and aid of epilepsy.

Calendars will be on sale for $1 at Paddock Publications, 217 W. Campbell, Arlington Heights. They may also be purchased by mail from the Illinois Epilepsy League, Room 916, 130 N. Wells, Chicago. Price when ordered by mail is $1.10. The league will send calendars as gifts to any name you designate and enclose your name as donor. (B7

Welcome World

November 17 is a date that will be long remembered in the Fritsch household, for on that date Linda Mari Fritsch, checked in at Ravenswood hospital, Chicago, weighing 7 pounds 6 ounces. Lois and G. Werner Fritsch of 2104 Eastman are the parents. She also has a big brother, Billy, who is 4 years old.

Harold and Mary Stoltman, 2304 Park, announce the birth of their fourth son, John Michael, born at Ravenswood hospital, Chicago, November 15, and weighing 8 pounds 9 ounces. Johnny's 3 older brothers, Tommy, Bobby and Joey, are looking forward to the day when he can join them in their games.

Bill and Roberta MacShane moved into their first home at 3403 Meadow dr. just a week before their first baby arrived. Susan Ann was born at Columbus hospital, Chicago, November 11. She weighed 7 pounds 14 ounces at birth.

Ronda Louise Reedus, the daughter of James and Nancy Reedus of 2100 St. James, was born November 16, at Resurrection hospital Chicago. She weighed 7 pounds 3 ounces at birth. Her older sister and brother, Judy and Randy, anxiously awaited their mother's return home from the hospital with their new sister.

Jim Leonard has a new litle lady to add to his harem, along with his wife, Betty, and their daughter, Kathy, who is 1½ years old. Roberta Frances was born at St. Joseph hospital, Elgin, November 12, weighing 7 pounds 14 ounces. The Leonards live at 2109 Flicker ln.

Visiting

Gerry, Maggie and Nancy Abraham along with their mother and father, Sheila and Bill Abraham, 2302 Park st., spent last week in Decatur, Ill., visiting with their paternal grandparents. During their stay, they took a short trip to the state capitol in Springfield where they visited some of the historical sights.

November 12, Dick Faber, 2308 Eastman, when on a short business trip to Champaign. While Dick conducted his business in Champaign, his wife Zama and children Susan and Ricky went to Mendota, where they visited with Dick's parents, Mr. and Mrs. Wm. G. Faber. Dick journeyed to Mendota at the close of his business trip where he joined his family and partook in the great sport of pheasant hunting.

New Residents

Tom and Alva Thompson, Park ct., have seen the warm hospitality that Rolling Meadowites extend to their new neighbors. When they moved into their new home in October, their neighbors were on hand to welcome them into the community and extend a helping hand, if it were needd.

The home of Shirley Adduci, 2803 Wilke rd., was ablaze with bright lights last November 11 as she was the "hostess with the mostess" to a number of her friends and neighbors at a toy demonstration. Among those who believe in shopping early for Christmas are Dolores Messina, Eleanor Keller, Grace Martin, Betty Lou Wolod, Alice Schurah, Julie Reynolds, Arlene Pina, Ruth Williams, Shirley Lewan and Jackie Hale.

Eleanor Keller, 2903 Wilke, entertained a group of her friends and neighbors at a Stanley demonstration November 8. Among those atending the party were Sina McGovern, Arlene Pina, Julie Reynolds, Shirley Adduci, Grace Martin, Stella Rajkowski, Pat Killcullan, Jackie Hae and Ruth Williams.

Ill

Grace Martin, 2801 Wilke rd., spent a good portion of last week confined to bed, per the doctor's orders. However, she is now feeling much better and hopes to be up and about in a few days. The Martins missed the big Home Owners' association dance last Saturday night, in spite of the fact that Chuck was one of the hard working members of the dance committee.

The home of "Sis" and Ron Perry, 2 George ct., last Wednesday, was the scene of the first year anniversary party for the Perry's new Rolling Meadows home. Those celebrating the first year in their home were Linda and Jim Tyl, Lorraine and Wally Schoenfeld, Vesla and Chuck McNerney, Ben and Ruth Gomez, Margaret Chapman, Gil and Zella Blanco, Pat and Richard Hofmann, Edna and Henry Hofmann and Nancy and Jim Borel.

Visitors

Last week, Gil and Zella Blanco, 2706 George ct., entertained friends Mr. and Mrs. Roger Levesque of Whitman, Mass., near Boston. Their 3 children, Frances, Charles and Claire, stayed at home but are looking forward to the day very soon when they will be residents of Rolling Meadows. Roger is a co-worker of Gil's and has been looking for a home for quite some time.

Cpl. William Santos and his wife, Katherine, spent a week visiting with his mother, Mrs. Sina McGovern, at 2909 Wilke rd. Cpl. Santos has just returned from a tour of duty in Japan and is now stationed in Macon, Georgia.

Baby Showers

At what appeared to be a friendly meeting of the deaconesses of the Community church at the home of Sally Myers, 2802 Meadow November 15, turned out to be a surprise baby shower. All of the women attending were laden with beautiful gifts for which Sally is most thankful.

Another baby shower was given for Sally Myers in the home of Mrs. Clarence Paeglow, 2703 Meadow dr., November 18. Among the group of friends and neighbors attending this second shower on Sally were Nancy Borel, Helen Bol, Ruby Yrutis, Dorothy Griesman, Betty Maseng, Betty Pretat, Albie Service, Eda Zimmerman, Kay Brynelson, Leona Gobeyn and one of her sisters from Chicago.

The eighth wedding anniversary of Art and Shirley Valentine of 2008 St. James, was a memorable occasion. On November 19 they wined and dined at La Vie Enrose and from there spent a most enjoyable evening at the Harvest Moon Festival.

Friday, Grethen White, 2507 Sigwalt st., was the co-guest of honor at a surprise birthday party given by the faculty of the Kimball Hill school in Rolling Meadows. Other guest of honor was Gretchen's boss, school principal, Joe Kiszka, who shares the same birth date. That evening, Gretchen and "Bi", her husband, celebrated her birthday by going on a shopping spree on Michigan, having a lavish dinner at "Don, the Beachcombers" and attending the theatre. Saturday, Gretchen and "Bi" attended the Home Owners association dance with a group of their friends, where Gretchen was surprized by the group singing "happy birthday" and the band playing "The Old Grey Mare She Ain't what She Used to Be".

Here are some of the 40 youngsters who are volunteer members of the safety patrol for the Kimball Hill school in Rolling Meadows. They are the cooperative kids who wear the white belts and protect both motorists and the boys and girls at all main intersections in the city during hours when school is starting and letting out. With the group are Mrs. Phyllis Gokey, 2804 School dr., PTA safety chairman, and teacher Al Hopkins, safety faculty member. —Staff Photo

Safe Driving Is Moral Obligation: Rev. Meiners

"Sane driving makes safe driving," Rev. J. G. Meiners of St. John Evangelical and Reformed Church said this week.

This reminder of every driver's personal responsibility for highway safety came as the nation approaches its second observance of S-D (Safe Driving) Day.

* * *

PRESIDENT EISENHOWER has proclaimed Dec. 1 as the date for the nation to make a second effort to keep traffic accidents at an absolute minimum for a 24-hour period as proof that traffic accidents can be prevented by individual and community action. The nationwide cooperative program is sponsored by the President's Committee for Traffic Safety.

"Accident prevention is a moral obligation for each of us," Rev. Meiners said. "But every day on the highway people who think of themselves as religious are guilty of conduct that denies almost every principle of real religion. They disobey laws, they ignore the golden rule, they are selfish and rude and they forget they are their brother's keeper."

Declaring that reaklessness with an automobile is as amoral as recklessness with a gun, Rev. Meiners appealed to motorists to protect their driving privileges by accepting their responsibilities.

"In only half a century," he said, "we have become a nation on wheels, with 55,000,000 motor vehicles on our highways. We not only live by the motor car - we die by it.

* * *

"In about 55 years of motor vehicle use more than 1,000,000 persons were killed in traffic accidents. At the present rate, we will kill the second million in much less time.

"As individuals and as an organized society we have not grown up to our automobiles. We still are adolescent. We mistrust our laws and regard enforcement as a game between driver and cop.

"We think of driving as an inherent right, although legislatures and courts have repeatedly declared it a revocable privilege. And our traits of showing off, blaming the other fellow and trusting that come into full flower behind the everything will turn out all right steering wheel.

"The automobile has carried us far – but it is time for all America to slow down and face up to its responsibilities. And safety is everybody's responsibility. Let's all of us face up to our moral responsibilities on Dec. 1 – and let's keep on doing it whenever we get behind the wheel of a car."

New Fiction: "Family Portrait" by Elizabeth Corbett. The saga of a wonderful American family with a setting in Milwaukee, Chicago and New York. "The Best American Short Stories, 1955" by Martha Foley. "Up Home" by Ardyth Kennelly. Readers of The Peaceable Kingdom will share again in the life of the Ecklund family, with a Mormon setting in Salt Lake City.

"The Lute and the Glove" by Katherine Wigmore Eyre. A Tudor manor and a heroine who feels a strange affinity with a beautiful woman out of the past. "The Corsair" by Madeleine Kent. A biographical novel of Jean Lafitte, hero of the Battle of New Orleans.

* * *

"Cash McCall" by Cameron Hawley. A book that will make you think about the goals in life and about the motivations that impel your friends and neighbors. "The Lotus Seat" by Victor Chapin. With a setting in Southeast Asia, this story dramatizes some of the complex problems of East-West relationships. "The Queen's Cross" by Lawrence Schoonover. A historical novel of the life of one of the magnificent women of history—Isabella of Spain.

"Green Pond" by Evan Brandon. An intense drama of a Carolina town through the quickening years from the Civil War to the present. "Fiesta" by Robert Ramsey. A novel of Mexico today including scenes that tourists rarely see and almost never understand. "Waterfront" by Budd Schulberg. Brings to life the humanity and inhumanity, and idealism and corruption of a dark corner of our society now in violent eruption.

"Every Secret Thing" by John Rowan Wilson. A dramatic novel about a young surgeon who challenged 'the pack' and chose the lonely road. "The Lovely April" by Margaret Freydberg. The story of three women, three generations united by love; covering a period of only two days. "The Prince and I" by Marvine Howe. Her account shows us Morocco not as a remote and terror-ridden trouble spot but as a world of very human beings.

* * *

"BORN GUILTY" by Manuel Rojas. Deeply human, compassionate and moving, with a setting in Argentina. "This Is Goggle" by Bentz Plagemann. A heart warming and hilarious tale of the growing pains of father and son covering 8 years of Goggle's growth. "Man Of Honor" by Ursula Hopkins. The story of a man's struggle to keep faith with two women.

"The Token" by Samuel Shellabarger. A legend of knightly honor and noble love in medieval France. "Confessions of Felix Krull," confidence man. A novel of high adventure. "Immortal Rock" by Laura Salverson. An epic of adventure and devotion that brings to life a forgotten page of North American history. "Beyond Desire" by Pierre LaMure. A novel based on the life of Felix and Cecile Mendelssohn.

* * *

"THE PROPHET" by Sholem Asch. The most imaginative and engrossing of the author's biblical novels. "The Exurbanites" by A. C. Spectorsky. A wry commentary on the land and people of Exurbia—a region between suburb and frontier. "Spinner of the Dream" by John H. Secondari. Sparkling entertainment and its people are all intensely real. "The Golden Balance" by Arthur D. Hall. A story built with marvelous accuracy from the true events of the Golden Age.

This Week with PTA

Well, the weather is a great deal more clement in California, but the readers of this column might never have received this startling first-hand information had it not been for the generosity and journalistic talents of Mrs. William E. Sauer, who has so ably filled this space for the past 3 weeks. The PTA's thanks, and a special note of gratitude from the regular reporter, are extended to Mrs. Sauer.

Hoof And Mouth Disease Half Licked

The 2-footed varmints that frequent the halls of elementary schools should go well-shod this winter, judging from the enthusiastic response to the annual boot and skate exchange last Saturday.

Mrs. Glenn Buckley, chairman of the event, reports a brisk turnover in footgear, and announces that anyone who contributed items to the sale may call at her home until December 1 to pick up unsold merchandise or proceeds from the sale. Mrs. Buckley's phone number is CL 3-0539, and her address is 1404 W. Elm.

Panel Program Well Received

The dual panel discussions presented at South school last week were attended by 146 interested parents, who heard faculty members exchange views on "Better Reading for Better Schools" and "What Parents Can Do to Improve Their Child's Achievement in School." Moderator for the panels was Superintendent of Schools Ralph E. Clabaugh.

The advantages and disadvantages of both sight and sound methods of learning to read were discussed by Mrs. Skadberg, Mrs. Sorokin, librarian, Mr. Akers, Sorokin, librarian, Mr. Akers, fourth grade teacher and Mrs. Sauve, who agreed that a combination of both methods produced the best results.

They pointed out that children differ in their learning habits, and some who are taught by the sound method alone will try to sound out every word and never develop the skill of rapid reading, while others who are taught by the sight method alone tend to skip over unfamiliar words or stop completely. The latter method, used alone, breeds poor spelling, the teachers emphasized.

Mrs. Sapp, Miss Haase, Mr. Kasen and Mr. Worland comprised the second panel, which stressed the importance of home teaching in encouraging a child's interest, and imporving his taste, in reading.

Families can help, a child in any area of school work, it was brought out, by discussing topics of interest, taking trips together, and participating in school functions. Parents should inform themselves of the workings of the school, become acquainted with the homeroom teacher, and show a sincere interest in the child's school life, the teachers urged.

Patience when a child has difficulty, praise when he shows progress, and the inculcation of a sense of responsibility for the child's own actions are the most important aids a parent can give, concluded the panel.

Channel 11 Reads Its Mail

The management of Channel 11, Chicago's educational television station, is greedy for comments, said Norbert J. Hruby, Ph.D., supervisor of television and radio for the University of Chicago, when he spoke to Dryden school PTA last week. All letters and postcards are carefully read and noted, he pointed out.

Dr. Hruby traced the history of educational radio and television on a nation-wide basis, leading to the recent entry of Channel 11 on Chicago screens. At present, Dr. Hruby pointed out, Channel 11 is operating under mixed handicaps of borrowed quarters, poor equipment, lack of rehearsal facilities, and inexperienced technicians.

Even the removal of operations during the coming month of December to new studios in the Museum of Science and Industry, he stressed, will not solve the difficulty of presenting "back to back" (or 2 consecutive "live") programs because of lack of facilities in arranging sets.

Channel 11 can function until April of 1956, said Dr. Hruby, on existing funds, but financial support is imperative to keep it in operation after that time.

Act Of Love Just That, Says Dr. Fitch

From the time they are old enough to understand, said Dr. Franklin R. Fitch of Northwestern university medical school faculty to the Ridge school PTA, children should receive honest but short and simple answers to their questions about sex.

Using as his title "Education for Family Living." Dr. Fitch explained that a child's attitude toward sex is formed in the first 6 years of his life, colored in the next 6 years, and becomes habitual in the years following.

He will read about it in the scriptures, he will hear about it on the playground, said Dr. Fitch, but the well-prepared child will have learned about it when he was knee-high to his parents and will understand that it is a private expression of love between married men and women, and is fulfilled in parenthood and family life.

As reading material for puzzled parents, Dr. Fitch recommended "New Patterns in Sex Teachings," by Francis Strait; "Being Born" and "Teen-Age Manual" by Edith Heal.

Robert Stein, special teacher of the educable mentally handicapped, also spoke on the importance of training those children who are capable of learning to become reasonably self-sufficient, thereby creating less of a problem to their parents and to the state.

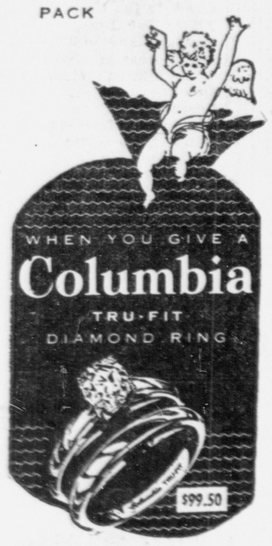

Father Hubbard Sets Rules For Parents

Speaking to North school PTA, the Rev. John B. Hubbard of St. Mary Episcopal Church in Park Ridge praised the PTA as an organization in which parents could learn about their children. "If parents are too busy to come to PTA meetings," said Father Hubbard, "they have no business being parents!"

Of utmost importance for parents, stressed Father Hubbard, is (1) to learn as much about the psychology of childhood as possible, (2) to have vision of what they can do through their children for society, (3) to encourage the desire to do something for society, (4) to work toward these desirable ends, (5) to persist in their efforts even when the results are discouraging, and (6) to sacrifice their own desires to the accomplishment of these ends.

"A scientist," said Father Hubbard, "does not repeat an unsuccessful or disastrous experiment performed by a colleague or predecessor. Parents make the same mistakes over and over even though they know their methods have not worked either for themselves or for others."

Birthdays

A "sweet 16" birthday party was given November 9 for their daughter, Barbara, by Adam and Bernice Lapinski, 2500 Fremont. Several of her girl friends who attended the party were Marilyn Warza, Sharon Murphy, Pat McFeggan, Micki McClaskey, Mary Kay Kunz and Gloria Amundson.

Keith and Karen Mazur celebrated their first birthday at a family birthday party, in the home of Mr. and Mrs. S. Sells, maternal grandparents, who live in Deerfield. 34 guests attended the celebration, which included their paternal grandparents, Mr. and Mrs. S. Mazur, and great grandparents Mr. and Mrs. B. Conforti. Marge and Stan Mazur, 2401 Wilke, are the parents of the first set of twins to be born in Rolling Meadows. Craig, the twins older brother who is 2 years old, also enjoyed the festivities.

A Davy Crockett party was given by Shirley and Art Valentine, 2008 St. James, for their son Tommy, who celebrated his fourth birthday November 19. Tommy's brother, Micky, along with Davy and Bobby Von Holdt, Vicky and Randy Roeing, Carolyn and Gloria Amundsen, Elsie Mills, Kathy Coffars and Craig and Kenny Wisniewski also enjoyed the party which included refreshments and the usual birthday party games played by the small fry.

Mark Nordskog, the 7-year-old son of Shirley and Paul Nordskog, 2302 Bluebird ln., celebrated his birthday at a party in his honor last Tuesday afternoon. Several of Mark's first grade schoolmates who attended the party were Dick Hanson, Jack and Robbie Karr, Raymond Zographos, Siefried Toeppich and Phillip Gruenbaum. Kayeen, Mark's little sister, also enjoyed the cake and ice cream.

Anniversary

It was 15 years of married life that caused the celebration of Myrla and Ed Garrity, 2504 South st., last Saturday night. Their many friends helped them mark the important occasion at the Rolling Meadows Home Owners association dance. The anniversary observance was continued by Ed and Myrla to Sunday when they joined their neighbors Kay and John Laspesa for a dinner celebration.

Copper was the topic of conversation at the home demonstration party given by Laverne Dul, 2207 Park st., Wednesday. Joining in the evening shoping spree were Dorothy Schilling, Arlington Heights, Eunice Dinniger, Palatine, and Rolling Meadows neighbors Fran Johnson, Ann Krajci, Juanita Meier, Virginia Corbett, Vernice Lee, Lois Bland and Estelle Rajkowski. Following the copperware shopping, the hostess served refreshments to her guests of the evening.

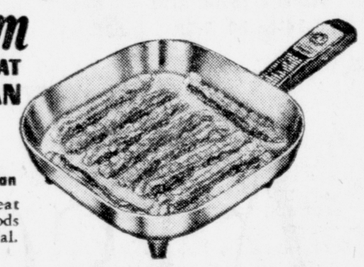

Visitors

An old-fashioned gab fest was the pastime for Paul and Barbara Fackler, 2402 Wing st., last weekend. With his wife Eloise, Joe Eichler of Louisville, visited the Fackler's Rolling Meadows home. Joe and Paul are old friends who grew up together in Louisville, Paul's home town. Since it had been some time since the friends had been together, there was a great deal of reminiscing to catch up on and a lot of news to exchange.

The friends and neighbors of Shirley and Glenn Sponsler are happy to see them back in their home at 2103 Wren ln., after spending a week in Wheaton, where Shirley took care of her sister while she was ill.

ICE JAMS

Handel's 'Messiah' To Be Presented December 11

Handel's "Messiah" will be presented twice December 11 at Maine township high school.

For the eighth year, the music department at Maine will present the Christmas program. To avoid turning hundreds of people away from the doors, 2 programs will be given the same day. One will start at 3 p.m. and the second at 8 p.m.

As in years past, student performers in chorus and orchestra will provide the major musical setting for carefully selected professional singing stars.

This year's contralto will be Mrs. Rosemary Moulton-Mondol, just returned from Cairo, Egypt.

Dorothy Richardson-Kreft, who has had wide and varied professional operatic and oratorio solo experience, will be soprano soloist.

Glenn Jorian will again be featured. Last year he made a fine impression with his interpretation and beautiful voice.

Richard Schreiber, famed singer of opera and radio fame, has sung numerous times at Maine. After an absence of a year, he will be with them again for this concert.

In support of soloists will be Maine student performers in chorus, and concert orchestra under direction of Alexander Harley, and assistant directors, Mildred Owen-Foster, Glenn Jorian and Robert D. Kuite. Genevieve Tesar-Smith will be piano accompanist.

HAPPY THANKSGIVING

The first Thannsgiving was celebrated by the Pilgrims in gratitude to God for an abundant harvest. Today, as never before in this country, we are blessed with an abundance of material goods. But beyond this we have the greater wealth of Freedom — to worship, to think, and to speak as our conscience dictates. We truly have reason to be thankful.

Name Steering Committee For Family Service Group

That there will be an organized and concerted effort to get a family service agency started and functioning in the northwest suburban area was made sure last Thursday night in Mt. Prospect when the group of some 40 people gathered at the Central school unanimously approved the steering committee names which had been suggested from the various communities who have been interested in the idea.

The Rev. Edwin Stevens of the South church of Mt. Prospect chaired the meeting which he opened with an account of the reason for the meeting and how it originally had started because there was a feeling among some people that a family service agency was needed in the area.

Next was shown a film produced by the Mental Health Film board and the Family Service association of America called "A Family Affair." This told the story of a family which awakened to its precarious position as a family because of the defiance of an adolescent son. By going to a family service agency and receiving casework service, the personal problems of the individuals in the family and the marital and parent-child relationship problems were uncovered so that members of the family could work on to a solution.

Miss Marian Emery, associated with the United Charities of Chicago, through whose cooperation the film was presented, pointed out the typical procedure used in the film-story and suggested that the lawyer, minster, school, doctor, police often need a family service agency to which to refer someone faced with an unhappy situation and she asked the question: "What happens when there is not an agency of such type available for this referral and help?"

Miss Emery also pointed out that family problems are not peculiar to any particular income level and that services of an agency are for a fee or free, depending upon the agency and family circumstances.

* * *

WADE SEARLES from the Welfare council of Metropolitan Chicago also was present and answered some of the questions about family service agencies that came from the floor. He indicated there have been requests for help from individuals living within the northwest suburban areas that came to family agencies already in existence. He tried to give some idea of a possible budget for a newly-organized agency which would serve the area, saying there would be need for a caseworker, an executive who would handle part of the case load and an office secretary.

Although all communities represented at the meeting did not have suggested names for the steering committee, the following communities offered the following as interested and willing people who will serve on the committee: Park Ridge, Robert Tucker, Mrs. H. A. Cooper, Mrs. W. Binion Jones; Des Plaines, Mrs. Robert Dunlap, Mrs. David Johnstone, Mrs. E. W. Kuntze; Mt. Prospect, Fred Reimann, Mrs. Robert J. Wilson Jr., and Rev. Edwin Stevens; Prospect Heights, Mrs. George Adam, Mrs. Charles Yager, and the Rev. Robert F. Klepner; Arlington Heights, John Strong and John McComb; Palatine, Dr. Wayland E. Campbell, Mrs. Carl Lawin, and Stuart Paddock Sr. The city of Rolling Meadows had several representatives at the meeting. (B7

Student Counseling Plan Aids In Guidance Program

Individual counseling continues to be the key technique of student guidance at Arlington Heights high school, even though the homerooms have been replaced by guidance groups.

One reason for the change was to increase the effectiveness of the individual conferencs by having them conducted by teachers with extensive guiding training. It was also felt that having each student in regular contact with a guidance specialist would cause more students to seek individual conferences.

The guidance groups have a regular program of study and discussion, dealing with such topics as study habits, value of grades and honors, how to prepare for and take a test, school rules, manners, social relationships, honesty, responsibility, freedom and independence, program planning, and preparation for job and college.

The schedule is interrupted whenever a group of students in a class is confronted with an immediate problem which they wish to discuss. For instance, a change in school rules that is not fully understood may lead to such a discussion.

The individual with a problem is urged to seek an individual conference with one of the counselors.

Elk Grove Manor

Bob Horbus came home Sunday on a 12-hour pass from Great Lakes naval training station.

Appeared On WLS Radio Program

Don Schroeder was 1 of 4 Arlington Heights High school boys who appeared on the WLS Dinner Bell radio program November 14 to receive gold medal awards for being the leading team in the recent land judging contest at Belvidere. Don was also presented with a land probe for being seventh high in individual score in the contest.

November 15 Jim Schroeder and Gordon Von Bergen were initiated at Arlington Heights High school as Greenhands in the F.F.A. Don Schroeder entertained with his accordian at this meeting.

Plan Supper

Tuesday afternoon Mrs. Henry Cosman, Mrs. Harold Ollmann and Mrs. Harry Zender met with the committee at the home of Mrs. A. Anderson, Itasca, to plan the Thank Offering supper to be held Sunday. Refreshments were served.

George Horbus was in Newton, Iowa for several days last week on a business trip.

Demonstration

Mrs. Shirley Steffy was the hostessat a demonstration party at the home of Mrs. George Horbus Thursday afternoon.

Dinner guests at the John Kappa home Sunday were Mr. and Mrs. Elmer Marks and family of Chicago.

Rating Changed

After this return from a 2-week home leave to navy duty at Norfolk the end of October, the rating of Bob Krause was raised to Seaman third class.

Apparently Patricia Krause has been applying to her nursing classes the same good study habits she used in high school, as she has earned a 90.6 average for the first term in a very difficult course. Pat is at Mt. Sinai hospital, Chicago. November 3 she represented that institution at Arlington Heights high school on college night.

Birthday

Mr. and Mrs. John Steffy entertained relatives at dinner Friday evening in honor of Mr. Steffy's birthday. Guests were his brother and family, Mr. and Mrs. Wallace Steffy and children.

Mrs. Mildred Wasinger, "Cookie", who used to shuffle food at Spruce Inn, spent the first part of the week with Myrt and Gil at the inn. Mrs. Wasinger is doing fine and will visit the inn again next weekend and Thanksgiving day.

Blackhawk District Scouts To Hold Show Sunday At High School

Blackhawk district of the Northwest Suburban council of the Boy Scouts of America will hold its first annual scout show on Saturday, December 3, from 3 p. m. to 9 p. m. at the Arlington Heights high school in the women's gym.

This scout show called "scouting in action" will be a booth type show exhibiting many of the activities of cub scouts, boy scouts and explorers. Each cub pack, scout troop and explorer unit will have its own booth depicting a phase of its own program.

Richard Adams is the show chairman with Robert Parsons acting as program chairman ably assisted by W. Bradley Blair and Dwight West. This activity comes under the direction of George Sawyer, who is the Blackhawk district camping and activities chairman. (B7

Lions Project To Raise Money For NW Hospital

Residents living in the area to be served by the Northwest Community Hospital Center received letters last week announcing a benefit project by the Arlington Heights Lions club to raise money for the proposed hospital.

Highlights of the event will be a 21-inch RCA color television set, a rotisserie broiler, tape recorder and 4—$25 government savings bonds.

Anyone who did not receive a letter telling of the plans or who would like more information should call CLearbrook 3-1787 or CLearbrook 3-2220.

The project will be climaxed December 20, when the gifts will be presented. The event will take place at the Lions club meeting, at 8 p.m., in St. Peter Lutheran school dining room. The public is invited. (B7

Arlington Crest

Civic Association Meeting

The Arlington Crest civic association had its November meeting November 16. Officers for the year were elected and they are: Mr. Herman, president; Mr. Gross, vice president; Mrs. Virginia Marquiss, secretary and Mrs. Leona Stutz, treasurer.

A committee was picked to plan a Christmas party. Plans are now underway for a combined Christmas party for the children and a potluck supper for the adults. In order to aid the committee with planning the supper, all wishing to donate cake, casserole or gelatine mold are asked to contact a member of the committee as soon as possible. Members of the committee are Mrs. Shillington, CL 3-9521, Mrs. Fernstrom, CL 3-1729, Mrs. Stutz, CL 3-4381, and Mrs. Thome, CL 3-1706. A small program would like to be included, so let Mrs. Thome, CL 3-1706, hear from residents with a talent. Arrangements are being made to hold the party in the Masonic hall in Palatine.

Happy birthday greetings to Bill Casteel who celebrated his birthday with friends and family November 19.

There will be a PTA board meeting at the home of Mrs. Altergot December 5, at 8 p.m.

Scout News

Five boy scouts attended the den chief training course at North school in Des Plaines last Saturday. The boys are Dennis Rice, Randy Huebner, Ronnie East, Dennis Roomey and Jay Mayer.

Mrs. Carlson has divided her troop into second grade and fourth grade groups. She will meet with the fourth graders on Tuesdays at her home assisted by Mrs. K. Mayer and Mrs. F. Simon. Mrs. Carlson will meet at the home of Mrs. Seppala on Wednesday with the second graders assisted by Mrs. Seppala.

New den mothers for pack 234 are Mrs. Gardner and Mrs. Forsberg of Virginia Terrace. Mrs. Huebner, Mrs. Nielson and Mrs. Simons. Mr. Simons and Mr. Nielson are the new cub masters. New scout master for troop 34 is Mr. Huebner.

Farewell Party

A gala farewell party was given the George Ogle family of Pinegate by their neighbors on Ridge rd. at the Sertzel home last Saturday evening.

The Ogles are moving to Barrington at the end of this month. Everyone joins this reporter in wishing them much luck and happiness in their new home.

Lohman To Teens: 'Hold Idealism Through Life'

Northern Illinois teenagers were told to face life with optimism and idealism Saturday by Cook County Sheriff Joseph D. Lohman, keynote speaker for the annual convention of Student Councils in northeast-northwest Illinois.

The meeting was held at Palatine high school.

"You are closer to truth and fact in your classrooms than you will ever be later in life," declared Lohman, addressing the 1,000 teenagers. "In adult life, you will be faced with cynicism, distrust, tawdry cheap fact. Preserve your enthusiasm, seek truth and honor."

* * *

HE SAID that if adults considered student enthusiasm as merely a part of youthfulness, teenagers should share it with their elders and convince them of their determination to retain such spirit.

In commenting on juvenile delinquency, the sheriff said delinquents must be helped, not rejected from the community.

"The police, courts, penal institutions—all are designed to a nate and separate the delinquent from the community. We must help them, try to keep them from being forced to join lawless 'community' ha[illegible] they have been rejected by us."

* * *

IN CHARGE of the convention at Palatine, host school for this year, were Burton L. Showers, faculty adviser to Student Council at Palatine high school; Jim Mitchell, president of Palatine Student Council; Maxine Segebrecht, convention secretary; and Carol Ness and the pep club who made posters and signs for the meeting.

In welcoming the teenagers, Gerald A. McElroy, principal of Palatine high school, told the teen delegates: "A gathering of this kind brings home to us older persons the fact that the citizens of the future will have had much better training for their responsibilities than have the leaders of today. One per cent of our teenagers are publicized as delinquents. You who are the representatives of the other 99 per cent have our confidence and wholehearted support. We know the future is in good hands." (P

Hosimer Motel Is Highly Proud

The Hosimers who on November 8 opened their motel on the Northwest highway, between Palatine and Arlington Heights, have further plans for its development. They are a patio with recreational facilities which will include a swimming pool. That will, of course, have to wait until warm weather.

Because the Hosimers, operated the Hosimer Cement Construction Co., they were able to go all out in the construction of the motel. Judging from the praise it has already received from patrons and visitors, success has met their efforts and it is a credit to this area.

"Why this is more homelike than my own home," said one patron. She was referring to the matched birch furniture, baseboard heating, warm floors, TV sets, deluxe mattresses and other extras. It is located out in the country and is appreciated by the traveler.

The motel is under the direct charge of Dorothy Hosimer, which insures good housekeeping, which, in turn, she hopes will mean many return visits.

A new pinochle club was organized recently and the first meeting was held last Thursday at the home of Kay Sepke. Present were Ruby Polly, Irma Ehlke, Joyce Ruther, Gert Derning and Lisa Wells. Kay Sepke served refreshments after an exciting evening of cards.

Francis Schulz was hostess last Tuesday at a meeting of the Grandmothers club. Members present were Elizabeth Gutzmer, Myrtle Stickrod, Edna Vartanian, Catherine Coughlin and Helena Woodruff. The ladies spent the evening playing canasta after which they enjoyed refreshments served by Mrs. Schulz.

Entertaining

Stan and Ruby Polly entertained Ruby's sister and brother-in-law, Mr. and Mrs. E. Bianchi, of Tinley Park Sunday. The Bianchi's came out to spend the day and join Stan and Ruby for Sunday dinner.

Mr. and Mrs. John Sell and daughters, Linda, Donna and Nancy, enjoyed the company of Mr. and Mrs. John Blake and daughter, Pat of Western Springs, for dinner Sunday.

Guests for Sunday supper at the home of Fern and Joe Waldron were Shirley and Bob Ladewig.

Don and Rosemary Finch entertained friends and neighbors at a social "get-together" Saturday evening. Their guests were Jack and Ginny Richardson, Andy and Kay Bischoff and Chuck and Lorrie Brazeau.

Rita and Chuck Durec and their children, Michael, Christopher, and Kathy spent Sunday in Elmhurst with friends, Mr. and Mrs. J. Mikal and their children Chipper, Danny and Randy.

Pat Wrath attended a baby shower for Eloise Alexander in Itasca Friday evening.

Progressive Dinner

Dick and Elaine Tanney, Ray and Nora Roths and Evans and Lisa Wells attended the progressive dinner given by the Twosome club of Faith Lutheran church Saturday evening. Approximately 41 couples met at the home of Pastor and Mrs. Behrens for hors d' oeuvres; then proceeded to the home of Mr. and Mrs. Ross Meredith, 709 Beverly for soup; to the homes of Mr. and Mrs. E. Ross and Mr. and Mrs. I. Johnson of Princeton ave., for salad; then to the home of Mr. and Mrs. Ronald Stahl, S. State rd., for the main course and finally to the home of Mr. and Mrs. Paul Michaels, S. Pine st., for dessert and coffee.

Weekend Guests

Mr. and Mrs. R. Potratz were happy to have Doris' mother and father, Mr. and Mrs. Peter Anderson of Chicago, spend last weekend with them at their home.

Bob and Marge Blim and son, Bruce, spent the weekend in Chicago at the home of Elaine and Vern Mars. Open house was held at the Mars home Saturday evening in the form of a reunion and about 30 guests, high school friends of Bob and Marge and Elaine and Vern, enjoyed visiting with each other for the first time in many years.

Mrs. Herbert S. Ruther of Chicago spent the weekend at the home of Bert and Joyce Ruther. A birthday party was planned for Mrs. Ruther and grandchildren Valerie and Chipper helped to make it a happy occasion.

PTA Meeting

Doris Bethke, Betty Nelson, Lisa Wells, Irma Ehlke, Joyce Ruther and Rosemary Finch attended the PTA meeting November 15 at the North school. The Reverend John B. Hubbard, St. Mary Episcopal church, Park Ridge, spoke on "What the School Expects of the Parents." After Rev. Hubbard's address, everyone present met socially over coffee and cake.

Sunday afternoon Pat Riley entertained approximately 30 friends at her home with a toy demonstration given by Pat Berger for Toy Shoppers Co. Present from the Meadows, were Carol Wilkins and Virginia Jenkins. Refreshments were served before the demonstration and after the demonstration the Rileys showed slides of the Halloween party they had for their daughter, Patty.

On Vacation

Marvin and Ellie Horcher and their daughters, Judy, Theresa, Patty and Roberta left Sunday morning to spend 2 weeks in Kansas with Ellie's mother and father, Mr. and Mrs. Charles Dreiling, Ellie's brother, Charles Dreiling Jr., is staying at the Horchers' home. He came here about 2 weeks ago to take a job in the Chicago area.

Richard Halabrin held one of the lucky tickets Saturday evening at the Mt. Prospect VFW turkey festival dance, and the Halabrin family will enjoy a turkey dinner Thanksgiving.

Not so fortunate were Elaine and Howard Johnson and Miles and Maureen Kalwitz who attended a turkey party at St. Raymond church, Mt. Prospect, last Saturday evening. Also coming home empty-handed from this affair were John and Pat Wrath.

Thanksgiving Plans

Bernice Long and her children David, Richard and Diane, will leave Wednesday for Lake Mills, Ia., to spend Thanksgiving with Bernice's mother and father, Mr. and Mrs. Elmer Branstad.

Bob and Betty Bilbrey will spend Thanksgiving in Middletown, Ohio, with Mr. and Mrs. J. D. Blackford.

James and Evelyn Cummins are expecting their son, James, to come home Wednesday evening for his Thanksgiving vacation. James is in his senior year at the University of Southern Illinois, Carbondale. The Cummins' other son, John, is in his senior year at Arlington high school. The weekend of October 29 James and Evelyn and their 2 boys drove to South Bend to see the Notre Dame-Navy football game.

Joining Howard and Elaine Johnson and their children, Kenneth, Richard and Joyce for Thanksgiving dinner will be Howard's mother, Mrs. Jane Johnson of Rockford. Mrs. Johnson will arrive Thursday morning and remain for several weeks to visit the Johnson family and several friends in the city. There will be a double celebration at the Johnson home on Thanksgiving day as it is Howard and Elaine's 10th wedding anniversary.

Mr. and Mrs. William Ballard will enjoy their Thanksgiving dinner at the home of Doris' mother and father, Mr. and Mrs. R. Jacobson of Evanston. Also present will be Doris' brothers, Phillip and Elmer, her sisters and brothers-in-law, Mr. and Mrs. Gregory and daughter, Sandy, of Glenview, and Mr. and Mrs. Eshenaur and daughter, Debbie, of Evanston. Last Sunday Mr. and Mrs. Jacobson spent the day in the Meadows with Bill and Doris and their children, Keith and Randy. For the past week Doris' niece, Debbie Eshenaur, has been staying with the Ballards and she will return home Thursday when the family goes to Evanston.

Mr. and Mrs. E. Rielley will entertain at their home on Thanksgiving. The Rielleys' 2 sons and their families, Mr. and Mrs. John W. Rielley and children, Kim and Kevin, of Glenview and Mr. and Mrs. Edward Rielley Jr. and daughters, Gail and Deborah, of Palatine will join the Rielleys for Thanksgiving dinner in the Meadows.

Everyone will be happy to know that Mr. Rielley is rapidly recovering from an eye operation, to remove a cataract, which was performed October 18.

Tom and Lorraine Heinz and their children, Mary Lee, Nancy Barbara and Judy and Ray and Jean Seeber and their children, Arlette and Chipper will celebrate Thanksgiving together at the home of Tom and Lorraine. Tom Heinz will arrive home Wednesday evening and spend the weekend with his family.

High School Curriculum Has Extensive English Program

Effective use of language in everyday living is the chief aim of the English department of Arlington Heights high school.

Understanding of a portion of our literary heritage and appreciation of literature as an element of culture are among the important secondary objectives.

Every student is required to complete 3 years of English before graduating. If he chooses, he may substitute common learnings, which combines the study of English and social studies and for which full credit in English is given.

* * *

FRESHMEN and juniors spend most of their time studying grammar, composition, and literature. Speech, letter writing, and other special skills are taught, but the time devoted to them varies with the need of the students.

Sophomores emphasize speech for one semester under the direction of speech teachers, and for the other semester the emphasis is on grammar, composition, and litrature.

Spelling is taught in all English classes, a coordinated program for all classes having been adopted several years ago.

All college preparatory students study English in their senior year. They receive an intensive review of grammar and a survey of English Literature. The emphasis in these classes is preparation for college, and the school is proud that it receives few notices that its graduates are enrolled in remedial English courses in college.

* * *

SENIORS WHO ARE not in the college preparatory curriculum but wish a fourth year of English may enroll in the college prep course or in a general course which devotes more time to grammar and composition and studies more current literature.

Juniors and seniors may enroll in speech classes in addition to their 3 years requirement. These classes study all phases of speech preparation and delivery. Students interested in debate and other special phases of speech are enrolled in the forensics class.

In previous years a dramatics course has been offered and it will be offered again when enough students indicate they wish to study the subject.

Journalism is open to juniors and seniors, but not as a substitute for one of the required credits. This class does the bulk of the work of producing the school paper and studies the problems of journalistic writing, editing, and newspaper production.

Two of the important services of the department are the remedial reading program and the developmental reading program, both handled by Alfred H. Snap, reading specialist.

* * *

THE REMEDIAL program is handled in small classes made up of those students who have not developed reading skills comparable with those of their age group. With special equipment and techniques, it attempts to hasten the development of those skills.

The developmental program is open to any student who wishes to increase his reading skill. Teaching is individual, Mr. Snap and the student setting up an individual program to fit the needs of the student. No credit is given in this program, and students must take it in their study period, but it attracts a large number each year.

Alma Leonhard, head of the department, teaches college prep classes and supervises the work of 10 full time teachers and 4 teachers whose work is partly in the department and partly in other departments.

Winter Is A Good Time To Think Of Soil Fertility

by JOHN H. BICKET
Assistant Farm Adviser

Recently in this column I mentioned some of the problems connected with the sport of hunting. I just noted in material I have received that about 1/3 of all deaths in 1954 occuring from accidental shootings occured during the hunting season. No animal or bird is worth the risk of shooting a fellow hunter. If you can't see where you are shooting, don't shoot. There may be someone in your line of fire.

* * *

NOW IS THE TIME to begin to think about the fertilizer requirements for your lawns and gardens for the coming year. The most accurate way to know what the fertility level of your garden or lawn area is, is to have the soil tested.

Soil will be tested at the cost of $1.00 per sample. You can get your soil tested by sending a sample to the farm bureau office, 201 N. Dunton ave., Arlington Heights. Be certain to take a representative sample of 3 or 4 samples from your lawn. Mix this soil thoroughly and send in ½ pound of this composite sample for testing.

Don't wait until next spring to have this done as testing of soil necessitates considerable time.

* * *

AT VARIOUS TIMES I have indicated in this column the need for a greater understanding between farm and non-farm people. Last week as you may have noticed in your papers the 41st annual meeting of the Illinois agricultural association was held in Chicago. One of the underlying thoughts and themes of the entire meeting was the importance of this understanding on the part of farm people and on the part of representatives of business and industry who were in attendance at the meeting.

It was pointed out the rural population of the United States constitutes only 13 per cent of the total population and that here in Illinois the rural population is approximately 7 per cent of the total population in the state.

We were repeatedly reminded that this has been a trend ever since the founding of the country, which has caused a greater need for understanding on the part of more people more widely separated from the problems. This being the fact it behooves all of us to search and read deeper than the headlines of the numerous articles published on this subject in search of the facts in order that we might be better informed of the true circumstances as they exist.

Saying More Hellos

It was during the latter part of the summer when the Jack Chronics moved into the home at 400 Meadow lane from Long Island, N. Y. Mr. Chronic came to the midwest area as a stockbroker for Bache and Co.

The Chronics have 3 children and a mutt named Blackie. Oldest of the children is Steven, to be 9 on January 6 and in the fourth grade at Dryden school in Arlington Heights. Steven would very much like to become a Cub scout here, also. Sandra is going to be 8 on January 3 and is in the third grade at the same school. Little Sharon was only 4 last July 23 and, of course, is waiting for kindergarten next year.

Mrs. Chronic's home town is Sioux City, Ia., whereas her husband is originally from this area, namely the town of Wilmette.

There are a number of hobbies in the Chronic family. Mrs. Chronic likes to do art work, painting in various media. Her husband likes golf, fencing and is interested in dramatic work. At one time he was in the announcing end of radio. Both used to play cards more than now.

The William Whitelaws, who are the new occupants of the home at 1004 N. or 404 S. Elmhurst rd., had an anxious night before the reporter called on them. Their son, Brian, 20 months old, had a severe case of croup and had to be rushed to a hospital in Evanston. A call about noon the next day at the time they were being called on revealed that Brian was much better and was to come home at the end of this week.

Perhaps it might be a good time now, to remind everyone that reads this column of the fact that the Whitelaws did not know—that the Prospect Heights fire department has a first aid truck with oxygen respirator and an aspirator, and they can be reached in an instant and they will come quickly to answer a call for help as they have many times.

Brian was born on a holiday date, February 22, and his little sister Wendy also chose a well-known day of the month, October 31. It was just a few weeks ago, as a matter of fact, just after the Whitelaws moved here from Lakewood, Ohio. Wendy was born at Evanston hospital and weighed 6 pounds, 11 ounces.

Mr. Whitelaw was transferred here as assistant manager of the brokerage office of Connecticut General Insurance. Both Mr. and Mrs. Whitelaw are Ohioans by birth, Mrs. from Cleveland and Mr. from Dayton.

Although busy with her family now, Mrs. Whitelaw has always been deeply interested in working with teenagers and will be glad if time is available again for that sort of recreation work. She also had a radio and television program in Ohio which also was focused on teenagers with three talent acts as part of the program.

Stephan Hartness reached his first birthday November 18 and celebrated the occasion with his grandparents, Mr. and Mrs. John Dilla, Chicago, and uncle and aunt, Mr. and Mrs. Joseph Dilla. Little Stephan is walking around his play pen and his 6 teeth now with which to do his chewing. For Thanksgiving he and his parents and brother, John, will go to see the folks in the city.

Elmhurst College Choir To Give Concert

The 40 voices of the Chapel choir of Elmhurst college will present a concert of sacred music in this vicinity soon.

Elmhurst college is a 4-year liberal arts college affiliated with the Evangelical and Reformed church. The choir will later make an extensive concert tour through the southwest.

The St. Johns church of Arlington Heights and the Chapel choir invite all to attend this concert December 4, at 10:30 a.m.

With a high degree of sensitivity to art music, the group under the direction of T. Howard Krueger is continually striving toward higher achievements in offering religiously inspiring musical programs. (A

DuPage Council For Exceptional Children To Meet November 30

The Du Page county chapter of the International Council for Exceptional Children will meet Wednesday Nov. 30, at 8 p.m. in the music room of Hawthorne school, Arthur and Cottage Hill aves., in Elmhurst.

Because so much interest and enthusiasm was evidenced at the annual fall luncheon in October on the phase "Integrating special education into our regular schools," the program committee plans to give ample opportunity for members and guests to present questions, problems and suggestions on this same theme.

Publicity chairman, Mrs. Kelly Sveineson of Elmhurst, states that an invitation to attend this meeting is extended to special education teachers, regular teachers, school administrators, persons in related fields, parents and other interested persons. (A12

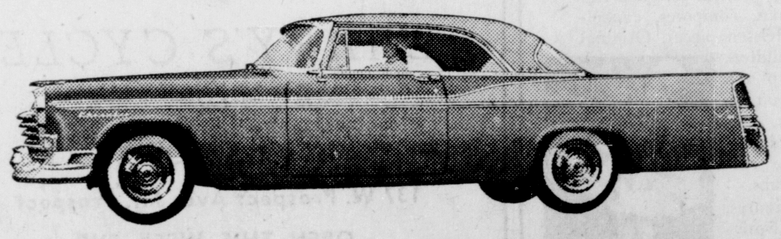

Showing its heels to the pack—the "PowerStyle" Chrysler Windsor Newport hardtop model

The speed of flight has a sleek new look!

The name of that new look is *"PowerStyle."* It's a soaring, flight-sweep look that says power and *means* power . . . and its dynamic lines and colors are as exclusively Chrysler's as its blazing new power features.

Here is the most completely power-operated car on the highway — for the man who wants the option of all the newest power features. With new Pushbutton PowerFlite you just touch a button on the dash . . . that's all. Full-time PowerPilot Steering does 80% of the work. Big PowerSmooth Brakes outlast others 2 to 1. This is a car power-styled, power-steered, power-braked . . . and propelled by the most efficient of all V-8 engines.

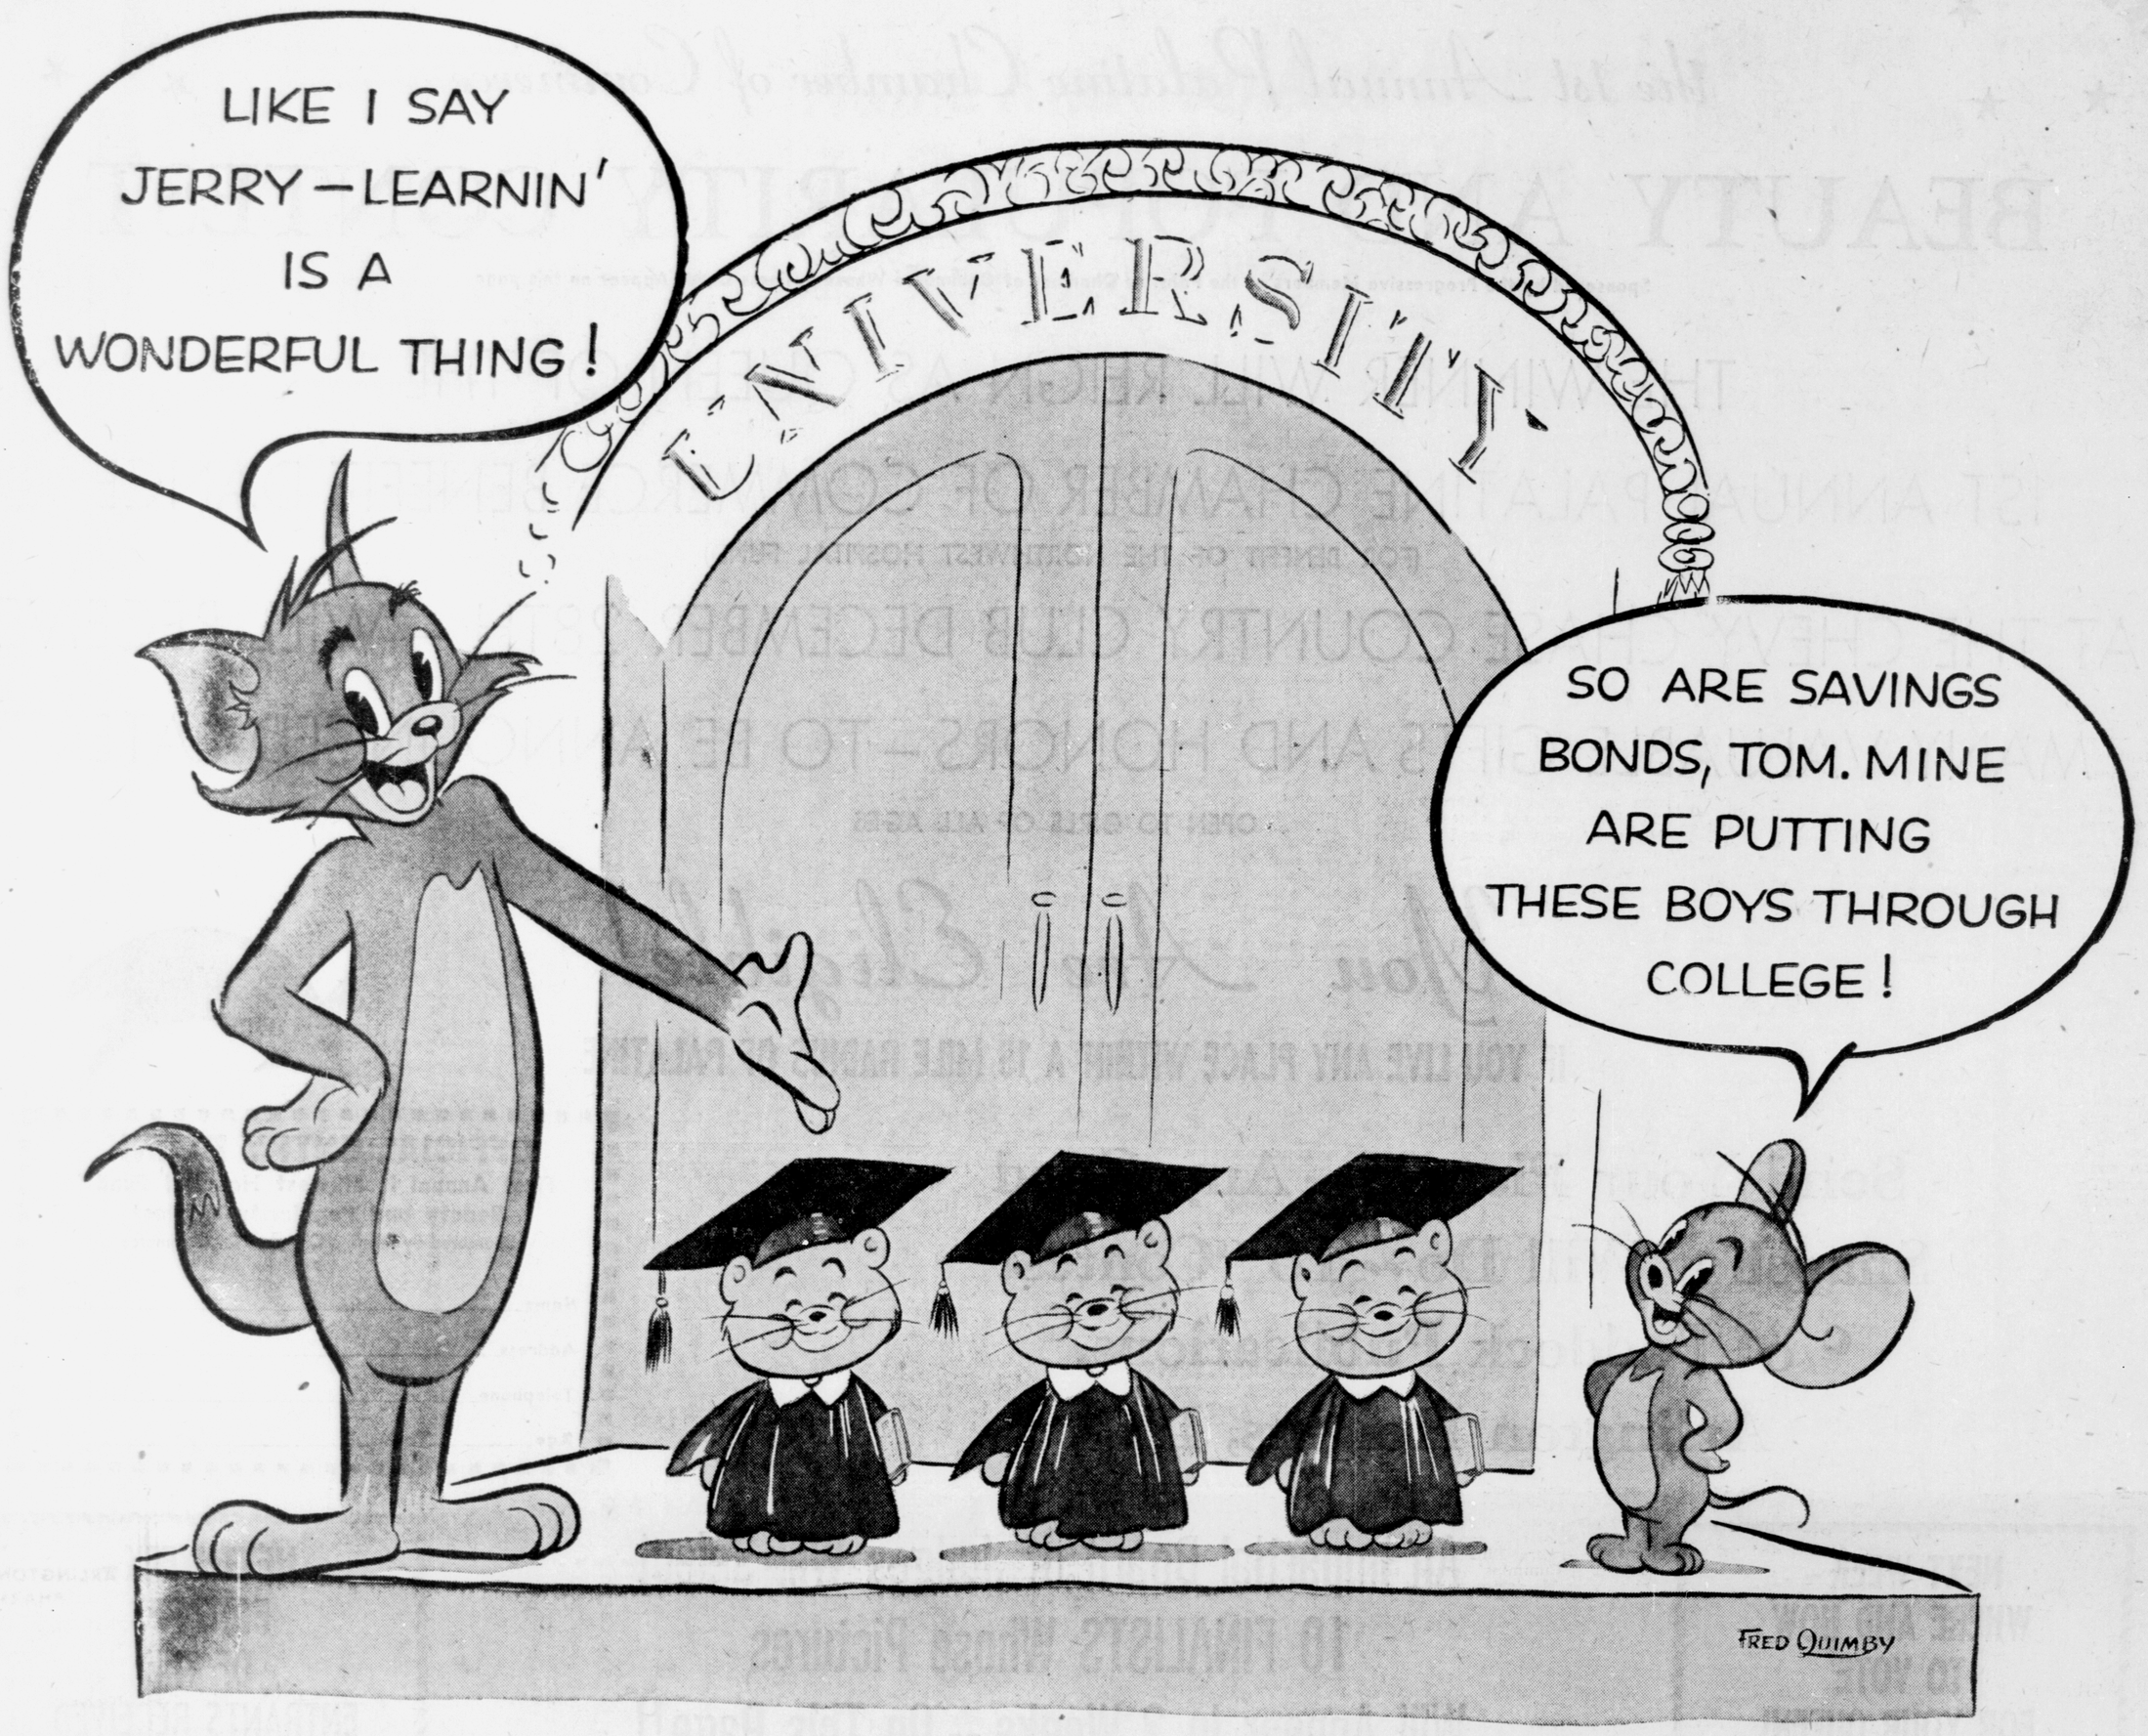

And if you want more power . . . see the new "PowerStyle" Windsor V-8 with the optional PowerTrain that delivers 250 hp and 15% faster acceleration. See the great Windsor V-8 *now!*

Here's a simple plan for sending *your* youngsters through college:

It's easy to postpone saving when it's for an expense that's years away. But if you seriously want to give your children the benefits of a college education, you'd better start preparing for it now. And one of the easiest, surest ways to do it is by investing regularly in U. S. Savings Bonds through the Payroll Savings Plan.

Here's all you have to do. Sign up at the pay office where you work, and tell the people there how much you can afford to put aside each payday. They'll save that amount *for* you. It will be set aside from your salary before you get your check—before you're tempted to spend it.

That money is invested for you in the world's safest investment—U. S. Savings Bonds. The Bonds are made out in your name and given to you. Then you just hold on to them and let the interest pile up. (See the chart on this page.)

When held to maturity (9 years and 8 months) each Series E Bond pays an average of 3% per year, compounded semiannually. And now, with the automatic extension privilege it will go on paying that same fine interest for 10 more years. *That means a return of up to $1.80 for each $1.00 invested.*

Start right now on the road to financial security—to important goals like college for the children and retirement for yourself. Think of tomorrow today, and sign up for the convenient Payroll Savings Plan.

Want your interest paid as current income?
Invest in 3% Series H

United States Government Series H Bonds are new current income Bonds in denominations of $500 to $10,000. Redeemable at par after 6 months and on one month's written notice. Mature in 9 years, 8 months and pay an average of 3% per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased through any bank. Annual limit: $20,000.

Pick Your Own Savings Goal

Save Each Week	And You Will Have In 5 Years	In 9 Years and 8 Months	In 19 Years and 8 Months
$2.50	$ 683	$1,424	$3,432
5.00	1,367	2,850	6,872
7.50	2,053	4,277	10,313
12.50	3,422	7,131	17,192

Just a few examples of how a small amount of money, saved regularly through Payroll Savings, pays off big returns.

KICKIN' IT AROUND

by Bob Paddock

NORMAN STENZEL may be the University of Dubuque's top quarterback before too long. As understudy for regular pass-pitcher Armon Johannsen, the Palatine native saw much action this year. Stenzel was used in almost every game and at times filled in a great deal for Johannsen when he was injured. Johannsen has but one season left for Dubuque and Stenzel, now a sophomore, should have an inside track for a regular position.

Norman Stenzel

At 170 pounds and 5-10 Stenzel played every position in the backfield this season but did not score. He was used a good deal by Coach Moco Mercer on defense and did much to make Dubuque's pass defense effective. A hard worker and a rugged competitor, Stenzel is the type of player who refuses to let up in practice as well as in games. In a few seasons, Dubuque should have one of the top clubs in small college circles in the midwest.

Only 3 seniors were lost to the team through graduation and there are but 7 juniors on the club. Most of the scoring this season was handled by top-notch sophomores and prospects are bright. For the first time in 17 years, the University of Dubuque dipped below the .500 level in the Iowa conference with a 2-4 mark and finished the year with an unimpressive 2-5 slate.

John Eakins, who made headlines with the Redmen football team this fall and won a letter playing basketball last year, is not coming out for the cage sport this time . . . No soner was last week's Kickin' It Around on the streets, than Arlington's Marv Berschet was reinstated with the Washington Redskins . . . He played against the Cardinals Sunday . . . Dick McAuliffe was named all-league tackle for the second time at Carleton.

Instruction session on how wrestling is scored will be introduced to early arrivals at Arlington's first home wrestling match against Downers Grove Saturday, Dec. 3 . . . Fans showing up a bit early will witness a demonstration by seniors of techniques, illegal holds, and how points are made.

The wrestlers are 80-strong at Heights, determined, full of spirit, but also have several boys who will have to get rid of excess lard to make fighting trim . . . Coach Dick Mudge insists a stable diet, without sweet rolls and such, will put the boys at proper weights . . . Probably good advice, too, for those of us who'll never see 37 again . . . Dale Shymkewich, Fenton alum, is regular forward at North Central, showing great promise in spite of a troublesome knee . . . Niles has 104 candidates for wrestling . . . More than 300 boys reported for winter sports at Arlington Heights high school, with 25, 40 and 65 trying for basketball, 12, 10 and 65 for gymnastics, and 23 and 68 for wrestling.

Pirates Host To West Aurora Saturday Eve

Palatine plays at Arlington Heights for the "Sleigh Bells" trophy Wednesday. In the 1953-54 season Palatine took the sleigh bells after a long series of defeats and last year gave up the trophy to the Cardinals. With most of last year's Heights team returning, and a whole new set of players for Palatine, it looks like the trophy will not need to be disturbed from the Arlington trophy case tonight.

Coach Gene Moylan has a number of boys who saw some action last year but none of them played enough to win a letter. In fact Palatine had only 4 letter winners and all of them graduated. John Goetz, Dave Schutz, Dave Nesset, and Alan Eck were the mainstays last year who have departed.

★ ★ ★

BOB COATES, Jeff Lehmann, Ormel Prust, Pete Trenchard, and Bob Hamilton have all had some varsity experience as the fifth man last year and will see action at Arlington tonight. Roy Hahnfeldt, Dave McClung, and Pat Glynn are good prospects up from last year's soph team. Dick Wisner was a good guard with the frosh-sophs last year though only a freshman and he may make a varsity regular this season.

Other squad members are Carl Bondeson, Roy Burns, Steve Cornwell, Bob Veeck, Bob Pierce, Terry Moore, and Bob Breyer.

★ ★ ★

COACH MOYLAN states that any of a dozen boys may get the starting call and most of the squad will get a chance to show what they can do. Saturday night the Pirates will open a series of 11 home games with West High of Aurora, the opponent in a doubleheader. The following Friday, December 2, Palatine will play Wauconda on the home court in the opening of the Northwest Conference schedule. Moylan has a willing squad working hard to get first team berths but his boys lack basketball experience.

★ ★ ★

VARSITY SQUAD at Palatine includes just 6 boys over 6 feet. Tallest is Carl Bondeson at 6-3½. Others are Roy Hahnfeldt 6-2, Bob Veeck and Pete Trenchard at 6-1, and Jeff Lehman and Terry Moore at 6'. Those under the magic 6 include Bob Coates and Bob Breyer at 5-11½, Dave McClung and Bob Hamilton at 5-11, Steve Cornwell at 5-10, Bob Pierce and Ormel Prust at 5-9½, Roy Burns and Pat Glynn at 5-9, and Dick Wisner at 5-7½.

Wisner is a soph, Moore, Pierce, Breyer, Hahnfeldt and Veeck are juniors. Just 3 boys are over 6' with the frosh-sophs, Jim Eldridge at 6-2 and Jerry Segebrecht and Bruce King at 6'. Others on the roster include Paul Lindberg, Terry Hicks, Dan Wright, Jordan Danforth, Orin Helms, Ron Hess, Henry Villarreal, Tom Gordon, Bruce Crane, John Etchingham, Bob Elms, and Wayne Howes.

Bensenville In Final Warmup To League Opener

The new gym in Fenton high school, gleaming with new bleachers, 3-week old baskets, and still lacking a scoreboard, will have Marmion military academy of Aurora as guest Saturday, Nov. 26.

The Bisons almost made it against Hampshire last week, in spite of only 4 days practice, and the dedication may prompt the locals to go all out and win this one.

★ ★ ★

THE STARTERS for Coach Frank Novatny's varsity will include Tony Tecza, Phil Johnson, Bob Heinrich, Tom Clark and Lars Henriksen. The squad has another week of practice under its belt, and could fashion a victory.

New feature at all future home games for the Bisons will include a 25 piece pep band, with student leader. The band will be taken from the main high school band, one of the leading activities at Fenton.

Fenton Booster Club Formed

Fenton Booster club held its first organizational meeting Wednesday of last week with 50 adults in attendance. It was a disappointing turnout, with only 6 fathers of the more than 125 school athletes showing up. Booster club memberships at $1 each are available through various clubs and civic groups.

Officers of the club elected at the meeting included Bill Redmond of Bensenville president, Bob Katovich of Wood Dale vice-president, Tom Sims of Bensenville secretary and Frank Fritz of Bensenville treasurer.

★ ★ ★

GUEST SPEAKERS at the meeting included Coach Tom Fredricks of Barrington, who told how a booster club can help the school. Norris Grabenkort, Booster club member at Barrington, told how a Booster club operates.

Bill Redmond spoke of purposes of the organization while Dr. Martin Zuckerman spoke of the position of the school administration toward the Booster club.

Northwest League All-Stars

by G. A. McElroy

Northwest Suburban conference all star football squad selected by Paddock Publications with the aid of nominations and ballots by league coaches is one of the best outfits the league has ever picked. Individual coaches nominated their best boys in order of value and ability and then voted on the composite list of all nominations. The result was a team which included 5 Glenbrook boys on the first team and 2 on the second in a year in which the Spartans dominated the league as no team has, except in the hey day of Barrington's best teams.

On the 13 man first squad Wauconda, Ela-Vernon, Antioch, and Grayslake each placed two men. Palatine, Fenton, and Grant, who among them won only two games rated no one on the first team.

★ ★ ★

THE FIRST TEAM backfield was dominated by Glenbrook with 3 selections. Duane Harm, a fine field general, ball handler, runner, and forward passer easily got the nod at quarterback where he was a unanimous choice. Bob Boyd who tied his own scoring of last year at 82 points was a good open field runner and one of the best pass catchers in the league. Bob Bacon, also of Glenbrook, was the best back in the league during the last half of the schedule. He was particularly outstanding in the Grayslake, Wauconda, and Ela-Vernon games against the best opposition.

We have listed 2 fullbacks on the first team because there was so little to choose between Bob Pintozzi of Wauconda and Bill Moore of Grayslake. We liked Pintozzi the best. He could hit the line but he could also run the ends and was a more versatile performer. Moore was a powerhouse line plunger. Both boys played a fine game at end on defense and should be fine college prospects.

★ ★ ★

AT ENDS Gene Jaskot of Wauconda and Al Colburn of Glenbrook got the call with Frank Walsh of Antioch and Tony Scott, a defense star from Grant, on the second team. Gene Jaskot was in the opinion of this paper the best player in the league for 1955. He did everything well. His efforts were not limited to pass catching, end around plays, and blocking. He was probably the best defensive player in the league as well. Colburn was one of the Spartans' best linemen. His blocking on offense made the Glenbrook end runs click and he was an outstanding defensive helfback.

There were 4 fine tackles this year. Lee Bathrick of Ela was the only lineman repearing on the all-league team. He was a very rugged performer at 180 pounds and the leader in one of the league's strong forward walls. Ralp Butz, a 215 pound giant, was Glenbrook's defensive and offensive standout in the line. He is good college material. Bob Heinrich was the standout performer for Fenton's team which came up so strong in the last three weeks of the season after taking five straight one sided shellackings. Tom Bossow of Grant was rated by his coach as one of the best college prospects Grant has had in many years.

★ ★ ★

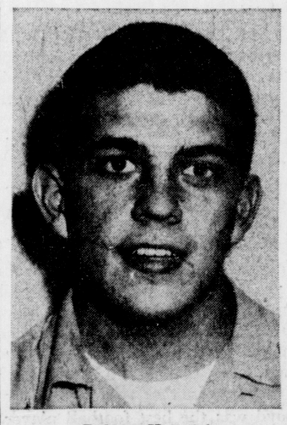

WE PLACED 3 guards on the first team because of the even competition. Top guard without question was co-captain Bill Wood of Grayslake, a hard charging and fast moving 200 pounder. He sparked the Grayslake line, which was so effective all season. Chuck Gilman a junior, of Ela-Vernon and Jerry Meyer, Antioch's co-captain, were too good to be left off the first team. Both were fast and aggressive and key men in the line play of their teams.

FIRST TEAM					
Gene Jaskot	Wauconda	6' 2"	185	Senior	End
Al Colburn	Glenbrook	6'	180	Senior	End

HONORABLE MENTION

CENTERS—Phil Light (Ela-Vernon).
TACKLES—Tom Leikham (Ela-Vernon), John Gabrovich (Glenbrook), Charles Groves (Grayslake).
GUARDS—Harve Strametz (Antioch), John Zobus (Glenbrook), Jim McCreery (Palatine), Ken Capodagle (Fenton), Ron Hansen (Wauconda).
ENDS—Ken Stanciu (Ela-Vernon), Tom Woelky (Grayslake).
BACKS—Bob Coates (Palatine), Lars Hendriksen (Fenton), Bill Layton (Antioch), Bob Alfredson (Grayslake), Gary Windells (Glenbrook).

Elwood Knutson

Robert Heinrich

On the second team Elwood Knutson, Palatine's best and most consistent performer, and Todd Anderson, a fine guard from Glenbrook, were given the nod. Knutson was especially good at pulling out and blocking on wide sweeps and his defensive play stood out for the Pirates.

Contrary to the vote of a majority of the coaches we have placed Jim Scully of Antioch on the first team at center with Dick Pierre of Glenbrook on the second eleven. Scully was voted Antioch's most valuable player on a second place team. He was a defensive standout and at 5'9" and only 155 opunds was an outstanding blocker and tackler. Pierre was a steady smooth performer on a team which already had 5 top boys on the first team.

★ ★ ★

WE HAVE NAMED 5 boys in the second team backfield. We thought that Bill Weinberg of Wauconda was the best ball handling and faking quarterback the league has had in many many years. The fact he was a junior and not as poised a passer and ball carrier kept him off the first team. Al Reckers of Antioch, who completed 60 per cent of his passes for the year with a second place team, which did a lot of passing, had to have no worse than second team consideration. Next best back was Ronnie Soos of Ela Vernon who was a real handy boy at carrying the ball as well as carrying out the other functions of a quarterback. Don Schroeder of Antioch and Gale Peregrin of Grayslake got the nod at other backfield spots. Peregrin also played quarterback part time and was rated very high by his coach. Schroeder was Antioch's most consistent ground gainer.

★ ★ ★

ON THE HONORABLE mention list Palatine had Jim McCreery, a line backing defensive specialist, and Bob Coates, a hard driving fullback. Fenton boys given honorable mention were Ken Capodagli at guard and Lars Henriksen at quarterback.

Looking over the whole picture, it was a year when the league's strongest positions were quarterback and guard, and the weakest ends. There were few good pass catching ends and most teams had their halfbacks doing the pass snaring. It was slso one of the most onesided grid races in Northwest history in spite of the fact that Glenbrook had new men at most of their line positions.

Frosh-Sophs Hold Key To Arlington Wrestling Hopes

The wrestling picture at Arlington Heights high school is beginning to jell as scores of boys work out daily under the eyes of coaches Dick Mudge and Maurice Kellogg. Mudge leads the varsity and Kellogg the frosh-sophs, but the pair work together on everything, picking whichever boys are ready for competition, selecting the best for the varsity be they sophomore or senior.

In fact, the varsity could easily have 4 frosh-sophs representing it on the mats this year. Competition will be toughest to date, with Oak Lawn and Tilden added to the schedule. Won-loss record will not be what it was last year, but the 80-some boys trying out for the teams are determined to make it a good season.

★ ★ ★

THE OPENER at Leyden Dec. 2 is still a week away. But here is "the lowdown" on what boys have the inside track for positions thus far:

Ninety-five frosh-soph boys will definitely be selected, possibly freshman Jerry Bonn if he can make the weight.

103-One of the few positions sewed up, with sophomore Ralph Carlino doing the honors.

112-Junior Phil Deming has the green light, though a sophomore may take over.

120-Junior Pat Harris is too heavy, trying to make this weight. If he can do it, he'll probably work here, otherwise it may be a battle between Steve Smith and a sophomore.

At 127 a junior, Roger Neunsinger, appears the best bet.

★ ★ ★

ED BEIER is another senior who needs to take off weight to make his division at 133.

At 138 it will probably be captain Jack Ebert.

Three boys are even-up at 145, including junior Don Plank, senior Fred Steingraber and a frosh-soph.

Senior Mickey Harris appears to rate the nod at 154.

At 165 it will be Al Rose, a senior.

175 is up for grabs, with junior Tony Hansen, senior Miles Nelson and a frosh-soph all to be given a crack at it.

Carl Klehm, a junior, will carry honors in varsity heavyweight.

★ ★ ★

ELIMINATIONS will determine many of the weights. As stated bebore, wherever the coaches believe a frosh-soph can whip a senior, he'll be given the chance to compete with the varsity. Otherwise he'll stay with the second year team.

First injury among wrestlers was suffered last week when Dave Buren broke a thumb. He was a prospect for frosh-sophs at 175, is working out with cast attached, but just when he'll be able to see action is unknown.

★ ★ ★

COACH KELLOGG has a more difficult job selecting boys to represent the frosh-sophs, or make a try for the varsity. With 63 boys still on the team decisions are difficult. He's stressing fundamentals and keeping a watchful eye on

John Sujack Named All-State

John Sujack made all-state.

That was the word from Champaign Tuesday when the Champaign News-Gazette, one of the 2 newspapers in the state that selects an all-state team recognized by coaches as such, named its mythical honor eleven.

The paper selected a 33-man squad, with Arlington's John Sujack the No. 2 halfback. First halfback named was George Rantis of Oak Park.

★ ★ ★

OTHER BOYS from this area named, included Gene Jaskot of Wauconda, No. 3 end; Dick Winkler of Hinsdale, No. 5 end; Doug Wallace of Elgin, No. 2 quarterback.

Evanston, the champion in the Suburban League, placed three players.

The ball club conceded the No. 1 position in Illinois high school football for 1955 placed tackle Rich Peterson, quarterback Stan Noskin, and halfback Brad Myers.

Three other schools landed more than one player on the 33-man squad selected by sports writer Bill

Elgin To Meet Heights At Home Friday Night

The sleighbells will ring again in Arlington Heights high school gym Wednesday night, Nov. 23, when the Cardinals meet the Pirates in the resumption of a basketball series that dates back to the 1920's.

The 2 schools fought, tooth and nail, on the cage court in those early days and through the middle '30's, until Palatine fashioned a great long victory string.

Then came the athletic rivalry at Heights in the middle 1940's, the sleighbells were presented by the Dad's club. After the first couple of games Heights has copped most of the games.

★ ★ ★

BUT MOST of the games have been hard fought affairs, with Palatine reaching greater heights against the Cardinals than against other schools. Past performance doesn't mean much when it comes to this game.

It was just 2 years ago that Alan Eck dribbled a great "S" in closing seconds to score a basket, edging Heights by 2 points in the latest upset. Last time Heights won by 10 points.

The starters for Coach Howard Lester will probably be Ron Ashley, Bill Palmer, John Sujack, Dennis Striegel and Bill Randag. The Cardinals looked like veterans against Woodstock Friday, fashioning a 20-point victory. It wasn't sensational basketball that won, it was just methodical, fundamental basketball by boys who knew what to do, and did it.

★ ★ ★

HEIGHTS FANS are bubbling over with enthusiasm after this first victory, but whether it will carry through against tougher West Suburban league schools remains to be seen. Cardinals made only 4 bad passes against Woodstock, shot .386 from the field as they made 29 of 75 attempts at the basket. Most of those shots were from close in, too, a healthy situation.

Woodstock averaged .260 from the field, .515 at the free throw line. Arlington continued last year's average of around 70% at the free throw line with a .722 accuracy. Coach Lester used all 15 boys Friday, with 9 of them seeing action half of the game.

★ ★ ★

FROSH-SOPH STARTERS for Coach Maurice Klotz were Caltagirone and Weber at forwards, Lockwood at center, and Thill and Bjorklund at guards. Here again Heights used all 15 boys against Woodstock.

The home team was definitely a weak one, however, missing most of its passes and looking just like a team that won just 1 game last year as freshmen. Heights frosh-sophs appear average at this time, will receive a greater test against Palatine and Elgin this week before the conference opener next week.

Palatine frosh-sophs have often given Heights a run for its money. Just how they'll fare Wednesday night is unknown, though both Arlington teams rate a definite edge.

★ ★ ★

ELGIN, Arlington's opponent on the home floor Friday night, will provide a stern test for the Lestermen. Chuck Rachow, 6-7, will lead a tall team that will be hard put to match last year's great squad, according to advance reports.

But Elgin is always one of the better teams in the area. The Maroons have whipped the Cardinals 3 times in tournament competition, including a 90-44 game in the sectional last year. Closest game in the books was a 40-47 Elgin win in the regional in the spring of '49.

Antioch Leads All The Way To Edge Libertyville

Antioch's Sequoit cage team opened the season Saturday under a new coach, Larry Leon, and without a regular from last year but still led all the way to beat Libertyville 62-60. Antioch has won the Northwest Suburban championship the past three years in a row.

Saturday night Antioch's accurate free throwing was the deciding margin as they hit 18 to Libertyville's 12. Al Reckers, one of the best football forward passers in the conference was just as accurate shooting baskets as he hit eight plus two free throws for 18 points to top the winners. Jim Fish scored 13 and Frank Walsh 11. For Libertyville Romeo Mura was high point getter of the game with 8-7 for 23 points.

Libertyville won the preliminary frosh-soph game by 40-25.

Wauconda In Double Win Over Warren

Wauconda opened the basketball season Friday night by taking a double bill from Warren of the North Suburban conference. The Wauconda regulars took a 53-52 victory, leading all the way after the first quarter, while the frosh-sophs finished on top 52-39.

Gene Jaskot tallied 18 points most of which were in the first half while little Svec, a five foot five guard pumped in 6 field goals and 4 free throws for 16 points. Warren's defense held big 6-7 Eddie Okpisz to 2 field goals and 9 points. Beshel, Warren's lone returning regular hit the nets for 21 points. (Sp

Hampshire Tops Fenton Sophs

Hampshire's sophomore cagers defeated Fenton 37-28 Friday, November 18 on the Whip-purs court in the Bisons' season opener.

With only four practices behind them the Fenton sophs looked nervous and erradic against the more experienced Hampshire squad.

The first half was a low scoring affair with both teams missing several easy shots. Hampshire took advantage of several free throw opportunities and led at the quarter 12-7 and at the half 17-13.

CHRISTIANSEN led the Bison aggravation in the first period scoring all of their 7 points.

After intermission Hampshire pulled away from the Bisons leading 17-13 at the end of the third quarter.

In the final period Hampshire's left guard Scheisler hit three set shots in a row to keep the Whip-purs out in front.

Glenbrook Whips Lake Forest, 30-25

Glenbrook whipped Lake Forest in a twin bill to open the season Friday. After a first close half in which they led by only 20-15 the Spartans pulled away to a 60-38 victory. The Glenbrook frosh-sophs were victors by 30-25.

Both games were ragged affairs with flashes of good ball playing. Scoring by both teams was evenly divided with Prais getting 12 for Lake Forest and Boyd tallying 13 and Stodder and Sawyers 10 each for Glenbrook. (Sp

ACCORDING TO the first weekend of non-conference games it appears the Northwest conference will have some pretty good basketball this coming season. Four out of 5 teams won their openers last weekend and the lone loser, Fenton, lost by only 4 points to always potent Hampshire, a school which does not play football.

Antioch, Wauconda, Ela-Vernon, and Glenbrook took opening victories with Glenbrook and Ela winning by convincing margins.

Ela will have a better test at North Chicago Wednesday while Glenbrook will face one of the favored North Suburban teams, Zion-Benton, Friday. Palatine will have a pretty good idea of what to expect from the Pirates with Arlington Heights Wednesday and West Aurora Saturday. Marmion at Fenton Saturday will be the Bisons' best test prior to the league opener with Glenbrook December 2.

* * *

THE NORTH SUBURBAN is supposed to have its contenders in Crystal Lake, Zion-Benton, and Barrington this year. Warren, Libertyville, and Lake Forest fell last weekend before Northwest teams with Libertyville the best of the lot, but hardly a possibility for a championship. Zion has four regulars returning and Crystal Lake is equally well fortified. Barrington's only regulars still in school are Miller and Walbaum but both are lost for the time being with football injuries.

In spite of fielding a new team Bob Madding's team will be a contender. Madding told us in the fall this will be his weakest year for some time as freshmen and sophomore material will be excellent.

Next week we shall review in brief the Northwest conference possibilities. All the teams except Palatine seem to be well fortified with experienced players and several will be almost intact from last season. On the whole the quality of Northwest basketball may be better this year than for several seasons. At any rate, it looks like this might be a wide open race all the way.

* * *

WRESTLING IS CERTAINLY TAKING HOLD IN this area. Two years ago practically no one except Zion and McHenry wrestled in the North Suburban but this year they are having a league tournament at Crystal Lake with only Woodstock indicating they will not be entered.

Fenton plans to start in the Northwest to join Glenbrook, Palatine, and Wauconda. The latter just started last year on a competitive basis. It is a good time to start the sport when others are going into it, as those first years may be pretty rough otherwise.

* * *

WE THOUGHT Bob Foyd of Glenbrook had the league scoring record last year with 82 points in football, which he duplicated this season, but we were all wrong. Steve Roake of Barrington scored 97 points in his senior year and that is the league mark. Roake did all this playing end, and was placed on the all-state team. His playing at Washington on the west coast verifies the judgment in that selection.

We do not think Bob Boyd was the best football player in the conference this year though he was one of the best. Our pick is Gene Jaskot of Wauconda as Mr. Football for 1955 and we think that Duane Harm and Bob Bacon of Glenbrook, Bill Wood of Grayslake, and Bob Pintozzi of Wauconda would be our other picks as the boys most likely to succeed in college ball.

With Jaskot having an edge on Boyd in football it will be interesting to see how the two fare in basketball where Boyd was also the top scorer a year ago. Both have been playing all varsity sports since their sophomore years.

* * *

WE HAVE AN ALL-CONFERENCE football team listed for your consideration. Everyone has a different idea about who are the best players. Walter Sherman, Glenbrook coach, would add Gene Jaskot to his team and have the all-star aggregation. We admit we think such a combination would whip any other combination anyone could assemble from the conference. However, you do not pick all-league teams that way. Les Harmon once gave us a ballot in basketball when he was at Barrington, with only Bronchos named for the first team. At that time we thought Barrington could have beaten the pick of the other teams because of their class and the advantage of playing together, so important in basketball.

But all-league teams never go so far as to include all or near all of one team. That is the reason a very good player like Gary Windells of Glenbrook got only honorable mention this year along with Bill Layton of Antioch. These were the most under rated players in the league and one of the reasons all-conference teams should not be taken too seriously. They do mean a lot to the players, particularly to those who hope to get an athletic scholarship or a job at college based on their sports talent.

* * *

HERE ARE THE FOOTBALL CHAMPS for all the leagues in this part of the state: Big Eight—Elgin; Suburban—Evanston; South Suburban—Blue Island; West Suburban—Hinsdale; North Suburban—Crystal Lake; Northwest—Glenbrook; Little Seven—Sycamore; Southwest Suburban—Bremen; North Central—Northeast division: DeKalb; Southwest division: Mendota, and Shark—Harlem of Rockford and Harvard.

If realignment of schools has its basis in football Bloom should be rated with the best, for 3 and 4 years from now they should be a power in the area. Their frosh team was undefeated and was not scored on this year, playing in tough competition with a 68 man squad at the close of the season. In addition a dozen or more of their best frosh played on the soph team.

In 1954 Bloom lost only one frosh game. A number of their best frosh were weighing in at over 200 pounds. It is interesting to note the emphasis in coaching frosh football at Bloom. According to the coaches this was the order of importance: (1) morale, (2) defense including tackling and pass defense, (3) kicking, and (4) offensee. That sounds like a very sound program.

New Prep Circuit Is Named 'Northeastern'

Representatives of Round Lake and North Chicago high schools, together with four other high schools have decided to name their new league The Northeastern Illinois Conference. The schools, which also include Belvidere, Elmwood Park, Medinah and Marmion Military Academy, agreed on the name at a meeting in Belvidere last week.

At the recent meeting, the Round Lake representatives reported on the geographic locations of the schools, pointing out that the longest distance between any of the schools is 68 miles and that the shortest is 15 miles.

* * *

A CONFERENCE constitution, prepared by the Belvidere school, was reworked at the meeting and will be re-presented at the next meeting at the Military Academy December 7th.

Also, the group decided to put questionnaires in all the schools to find out how many other activities, outside of athletics, could be jointly sponsored by the conference. As far as athletics go, the first conference sports will be held in the spring. The league will hold baseball games, track meets, and golf and tennis events.

* * *

CONFERENCE basketball games will begin next year, although football will not be under league supervision until the following year, because most football schedules for next year have already been prepared.

The name of the new conference was proposed by the North Chicago high school. President of the league is William Herbster, superintendent of North Chicago high, and secretary is North Chicago high principal Les Harmon.

Palatine Wrestlers Host To Leyden In Opener Tuesday

Palatine high will open its fourth year of wrestling as a varsity sport with a doubleheader (varsity and frosh-soph) with Leyden of Franklin Park in the home gym Tuesday, November 28, at 7 p.m. This year Palatine has added Charles Feutz to the wrestling coaching staff as assistant to John Ellis, and new meets have been purchased to take care of 2 full squads. Between 40 and 50 boys are working out.

Coach Ellis has 8 lettermen returning from a squad of last year which lost only 2 matches and advanced 6 boys to the state tournament. Leonard Rohde, returning heavyweight, took third in the state last year, losing only to the state champ.

Jim McCreery has wrestled 3 years and is slated to work at the 127 pound weight and the same is true of John Dilks at 154 pounds. Andrew Anderson and Eric Bessemer, juniors, are lettermen who weigh in this year at the same figure of 112 and should have a real battle for this spot. Karl Schwenk at 133 and Denny Lundgren at 145, and lettermen juniors and Richard Schollz at 120 is a soph who won his varsity P last year as a freshman.

JACK POLLIEN, Dale Hertel, Bill Sweet, and Mearl Hamilton are having lively competition for the 103 pound weight. Bob Nordin, a soph, looks good at 138 as is George Beyer, a senior. Richard Lundgren, squad member last year, may make the first team at 165. Frank Kiraly, a transfer from Proviso, and Don Teegan, a soph transfer from New Trier, have possibilities at the 175 pound weight.

Don Funston, a freshman, shows possibilities of being one of the best 175 pound wrestlers before the season is over. Dan Kusek, star cross country runner, is expected to be a strong competitor in the 95 pound class. Dan is a sophomore.

Palatine has a rugged schedule which includes such schools as Arlington Heights, Waukegan, York, Whaeton, West Aurora, Niles, Leyden, and Elgin but the Pirates expect to hold their own or better with any of the teams on their schedule. Palatine will also sponsor an 8-team tournament during the Christmas vacation.

THE LETTERMEN for Palatine wrestling team include Jim McCreery, Eric Bessemer, Karl Schwenk, Andrew Anderson, Denny Lundgren, John Dilks and Len Rohde. One letterman with the frosh-sophs is Dick Schollz. Other varsity squad members include Frank Kiraly, George Huber, Ed Bergo, Paul Manning, Rich Lundgren, Otto Dreyer, Ron Economakos, Alan Danforth, Jack Poellien and George Beyer.

The schedule, frosh-soph and varsity except where marked:

Tuesday, Nov. 29, Leyden, here, 7:00.
Thursday, Dec. 1, Wheaton, There, varsity only, 4:00.
Friday, Dec. 2, Niles, there, 8:00.

Good Punter

Letter winner for the second consecutive year on the 1955 Carthage college football squad is John Eakins, son of Mr. and Mrs. Gerald Eakins 407 N. Chestnut, Arlington Heights.

An outstanding quarterback, John currently ranks third in the nation among small colleges, according to NAIA punting records. John a junior at Carthage, held a 42.5 yards per boot average during the season and led his teammates to a good 6-2 grid record.

Fenton Cagers Lose At Hampshire By 4

by BILL RIPPERGER

Friday, in a non-conference tilt at Hampshire, Fenton Bisons dropped a 52-48 decision to the Whippurs. Deciding factor in the game was free throws. The Bisons, with only 4 days of practice, dropped in 8 charities while Hampshire scored 18 times from the free throw line.

Tony Tecza, a Bison who saw very little action last year, was the outstanding player in the game. Tony connected for 12 field goals and 2 free throws, a total of 26 points. Block was high scorer for Hampshire with 12 points.

* * *

FENTON SHOWED fine spirit in the first period. Led by Tecza, the Bisons grabbed a great percentage of rebounds and outscored Hampshire 15-10.

Tecza went on a socring spree in the second quarter and dropped in 12 of Fenton's 13 points in the period. By halftime Hampshire had closed the gap to 2 points, 28-26, Fenton.

* * *

IN THE THIRD period, again Tecza scored all but one of Fenton's points. However, Hampshire shaved another point off the Bison lead and the Whip-purs trailed only 37-36 at the end of the period.

Using an all-court press, Hampshire staged a victory drive. Despite the fact that Fenton's guards, Lars Henriksen and Tom Clark, handled the ball very well against the press, Hampshire scored 16 points to defeat the Bisons, 52-48.

Arlington Flashes Power In 69-49 Win At Woodstock

by PETE SWANSON

Coach Howard Lester's Cardinals traveled to Woodstock Friday evening and came out on the top end of a 69-49 score. In winning Arlington gave its most impressive opening game performance in several years. Fifteen Cardinals saw action in the victory.

The opening quarter saw Woodstock take an early lead on baskets by Stork and Gray, plus 2 free throws by the former. Arlington overcame this midway in the quarter and took a 6 point lead at the period's end. Bill Randag dropped in 10 points during that time.

* * *

CARDINAL shooting stayed hot in the second stanza as they outscored the Streaks by 8 points. Sujack hit for 3 field goals, while Randag, Summers, and Palmer contributed 2 apiece. Arlington showed greater confidence after taking the lead, while Woodstock seemed to lose some of its poise. As the teams left the floor at halftime, Arlington owned a 14 point bulge.

The Cardinals' all-state halfback, John Sujack, drilled 5 baskets in the third period as Arlington increased its lead to 58-41 at the three-quarter mark. Ashley and Striegel also scored from the floor, while Palmer tallied 2 charity tosses. Woodstock's Musser registered 9 of his team's 13 points in the period.

* * *

RESERVES played much of the final quarter as Arlington completed its win. Randag garnered 3 more baskets before retiring, and Brownell and Uhlhorn also scored from the field. The Streaks scored only once from the floor in the final eight minutes.

The scoring parade was led by Sujack and Randag with 20 points each, and Palmer chipped in 11. Musser and Gray headed Woodstock with 16 and 14 respectively.

Arlington's shooting was good from both the floor and the foul line. Striegel, Palmer and Randag controlled the boards for Arlington, and Sujack looked good in setting up plays. The Cardinals were alert on defense and showed a good bench. Coach Lester's charges outplayed their opponents in all phases of the game.

The HUNGRY SPORTSMAN By Eddie Meier

Curried Crow Breasts

Crows you get at this time of the year are not springers by any stretch of the imagination. Even so, with a bit of extra preparation, they can be made into appetizing dishes. For one, curried crow breasts!

There are three ways of toning down old crows: 1. soaking overnight in salt water (1 teaspoon salt per quart of water); 2. soaking 3 or 4 hours in vinegar-salt water (1 quart vinegar to 3 parts water with 1 teaspoon salt per quart of solution), or 3, parboiling 30 minutes in water to which 1 tablespoon soda has been added.

Dredge 8 crow breasts in season flour and brown quickly in butter in a deek skillet, sprinkle with 2 teaspoons curry powder, add ½ cup water, cover skillet and simmer 20 minutes or until breasts are tender. Gradually stir in 2/3 cup sour cream and serve when thoroughly heated.

THE SUBURBAN conference placed 7 men to lead all the conferences. They were Peterson, Noskin, Myers, Mike Jerikian and Paul Christakis of Waukegan; George Rantis of Oak Park; and John Vukelich of Proviso.

The Chicago Catholic league and the Public League each had 3 representatives. The Catholic League placed Tom Solak, Weber; Al Sabal, Mendel; and Jack Siffermann, St. George. The Public League placed Bob Hickey, and Don Shipanek, Lindblom; and John Sawin, Vocational.

The 33 All-Staters and their coaches will be guests of the News-Gazette in Champaign-Urbana on Saturday, Dec. 3. They will be introduced at a luncheon at the Hotel Tilden Hall and will receive their All-State certificates at a banquet at the Urbana Lincoln hotel.

Here is a run-down on the players of this area, by positions:

* * *

GENE JASKOT, 6-1 and 187, comes from the small northern Illinois town of Wauconda, but is rated one of the top college end prospects in the state. An all-conference player for 3 years. Also has letters in basketball, track, and baseball.

Caught 21 passes for 447 yards and 6 touchdowns. Carried the ball 12 times on end-arounds for 204 yards and averaged 35.4 yards on punts. Passed himself 13 times and completed 7 for 151 yards and 3 touchdowns. Averaged 13 tackles a game.

Richard Winkler, 6-1 and 178 pounds, is another one of those boys who the coaches feel is going to materialize into a great college football player.

Caught 12 touchdown passes this season. Has fine speed, running the 100-yard dash in :10.4 last spring. Plays linebacker or defensive halfback and is one of the West Suburban League's top defensive men.

* * *

GEORGE RANTIS, Oak Park's little Chuck Hoag at 5-11 and 165 pounds, was the Suburban League's top scorer. Had 15 touchdowns in conference play, 17 overall. Carried 135 times for 793 yards and caught 15 passes for 305 more.

John Sujack, 6-1 and 170 pounds, is rated the West Suburban conferences greatest back of all time. Averaged 7.2 yards per carry. A triple-threat back. He is a fine passer, a fine receiver, an outstanding defensive man, besides being a runner.

Receiving special mention from Northwest and West Suburban leagues were Bob Spachman of Riverside at end, Don Burcham of Maine at center and Bob Boyd of Glenbrook at halfback.

Grant Could Be Champ In NW; Wauconda Has Makings Of Contender

by G. A. McElroy

(This is the second of three articles on Northwest conference prospects)

Grant community high school may be the next Northwest conference basketball champion. Coach Ray Collier shared the title in his first year at Grant, their first in 25 years, last year was a rebuilding season, and his Bulldogs are again ready to make a strong bid. If he had not lost Bill Parr to Round Lake, Collier would have had five of his first six returning as Bob Bein was the only regular graduating.

As it is, Grant has four regulars in Capt. Tom Bossow, 6-foot senior forward or center; Bob Neuman, 6-1½ senior forward; Denny Hodge a 6-1 junior guard; and Ronnie Madden, a play making floor guard and a five foot nine junior. If Collier gets a good fifth man the Bulldogs will have a good chance at first place.

* * *

BIG POSSIBILITY is that Pat Tierney a 6-5 junior center may make the grade. If he does Bossow can play forward giving Grant a team averaging 6-1. Others who are good possibilities on the Gant squad are Curt Medine, 6' forward; Fritz Kauzlausky, 5-8 guard; Bob Autschbach, 5-10 guard; Richard Grenell, 5-8 guard; Russ Connelly, 6-4 center; Richard Gronlund, 5-10 forward; Ed Havel, 5-10 guard; and Wally Leffler, 5-10 forward.

Grant plays a ball control game with a strong defense. Collier's boys are always well grounded in the fundamentals and inclined to play a deliberate style. Collier rates Glenbrook and Wauconda as his toughest opposition for the coming season with Antioch and Ela-Vernon also very strong.

Grant opens at Maryville Tuesday November 22 and plays at Lake Geneva, Wis. next Tuesday Nov. 29. The Bulldogs open the league schedule at Ela Vernon in Lake Zurich on December 2. Due to the fact that their new gym is not completed Grant will play all league games away from home until the Grayslake game December 17.

* * *

COACH HALEY has the makings of a contender at Wauconda this year. The tallest center in the league is 6-7 Eddie Okpisz, plus one of the best all round performers in Gene Jaskot, a 6-1½ forward, will make Wauconda a feared ball team. Then add Bill Weinberg a 5-11 forward and Bob Pintozzi, a rugged 5-11 guard and you have the makings of a top team. Koko Suec is a little five foot five guard who is an excellent ball handler.

Other boys who may make the grade are Dennis Freund, Bucky Lincoln, and Ron Smith, all of whom are small five foot eight players. Last year Wauconda won 14 and lost 11 and finished at .500 in the conference with a 7-7 record. The Bulldogs will be basically the same team but with added experience. Coach Haley expects Glenbrook and Grant to be the top teams.

Friday night Wauconda opened at home against Warren and will not play any more games until they open the Northwest season at Palatine Friday, December 2. They will be favored in the opener over the Pirates, who have no regulars or lettermen from the 1954-55 team.

Fenton Soph Gridders Had 3-3-1 Mark

by MAX ZOLLNER

Fenton's frosh-soph grid squad ended the '55 football season with a 3 win, 3 loss and 1 tie record.

The junior Bisons opened the season by succumbing to Leyden's frosh 12-0. Traveling to Wauconda the team copped thier first win with a 14-6 score. The sophs second defeat came when Glenbrook trounced them 12-0.

The Fentonites rallied in the next two games beating Ela and Antioch 14-6 and 13-6. Palatine, mythical NW champs, slaughtered the Bisons 39-0. Fenton's gridders held Grant to a scoreless tie in the Bisons Homecoming game. The final game of the season was a 13-6 loss to Grayslake.

First Round Tourney Sites Are Chosen

Sites for first round games of the 1956 state prep basketball tournament have been announced by the Illinois high school association.

They are the fieldhouses at Northwestern and Bradley universities, high school gymnasiums at Moline, Decatur, Hinsdale, Salem and West Frankfort, and the state armory at Springfield.

Albert Willis, executive secretary of the association, said formal invitations to serve as hosts for the first round games were extended at a meeting with principals and athletic directors of the 8 schools and that all of them indicated they would accept.

The first round games are to be played March 13. The winners will advance to Huff gymnasium at Champaign, where the quarterfinals will be played and finals March 17.

Willis was asked what title the IHSA had picked for the 8-team affair at Champaign. "It's still the 'Sweet Sixteen,' " Willis said.

Not Much Height At Hinsdale Or Glenbard

Four lettermen will lead the way of Hinsdale in the coming West Suburban conference basketball race with preliminary games at Oak Park and Wheaton slated for this week before the league opener at Arlington Dec. 2.

Coach Larry Hoff doesn't have much heighth. Lettermen include Bob Blust at 6-2, Gene Holderness at 5-7, Ray Mains at 6-2 and Dick Winkler at 6'. Other seniors on the squad include Dick Brandt at 6-3, Ray Fushimi at 5-9, Dave Hohl at 5-10, Art Sandeen at 5-10 and John Reynolds at 5-9.

* * *

THE JUNIORS include 6-2 Jim Templeton, Pete Smith, Bob Anderson and Ernest Moyers at 6', and Bob Mathias and Bob Zachar at 5-10. The Red Devils took fifth in the league last year, winning 12 of 21 games over-all.

Coaching assignments at Hinsdale include Karl Randall leading the frosh-sophs, Harvey Dickinson the JVs, and Jack Stickels the freshmen. Hinsdale travels to Oak Park Wednesday, then to Wheaton Saturday.

* * *

AT GLENBARD Coach Bob Metcalf has only 2 lettermen, with 1 of them slated to leave in the middle of the year. John Thomas, 6-5 center, is the boy who'll have to drop out of basketball. Other letterman is Dick Pond, 6' senior, who'll play either forward or guard. The Bards play at Wheaton Wednesday and at West Aurora Friday.

Glenbard cagers will lack experience without much height. Best 5 boys up from the sophomores include Bill Biederman 6' forward, Rich Edwards 5-8 guard, Dick Temple 6-2 forward, and 6' Dave Obrecht at guard. Bob Biehn is a 5-7 senior who'll be available.

Glenbard won 18 of 26 games last year, including a 9-5 mark in the conference. W. Rider is frosh-soph coach with L. Hutt leading the freshmen. (Sp

Fenton Hangs Up Suits After Disastrous 1-5-1 Grid Season

by BILL RIPPERGER

While pre-season predictions had rated the Bisons as a first division club, the '55 season proved dismal for the Fenton squad. As it was, the Bisons placed seventh in the conference with a 1 win—1 tie— 5 lost record. Grief, caused by the untimely death of one of the best-liked men Bensenville and Fenton ever knew, Coach Tom Meneguin, was a great mental barrier which confronted both players and remaining coaches.

Bright spots in the season were the 12-0 defeat dealt to Grayslake November 4 and the appointment of Bob Heinrich to a tackle position on the all-conference team.

* * *

TOM PHILIBEN, who received honorable mention in the conference, led the Bisons in the scoring department as he scored three touchdowns for a total of 18 points. Dick Driggett turned in the longest run of the season when he returned an Ela-Vernon kickoff 91 yards for a touchdown. Throughout the season Ken Capodagli was a strong defensive lineman as were Dan Miller and Ed Froehlich.

During the latter part of the season, it seemed a new spirit was born into the Bisons. They showed a great amount of fight and an overwhelming desire to win. A result of this new spirit was the defeat of Grayslake, then a second place team.

Card Sophs Win Easily At Woodstock, 47-18

by PETE SWANSON

Arlington's frosh-soph cage squad, coached by Maurice Klotz, had an easy time in the opener at Woodstock, Friday, winning, 47-18. Play was ragged much of the time and usual first-game mistakes were numerous, but the young Cardinals showed promise in winning.

Arlington took a quick lead on baskets by Caltagirone and Bjorklund and was never headed. Woodstock could only count 2 free tosses in the first quarter as the Cardinals took a 16-2 lead.

Both teams had difficulty finding the basket in the second period, and the half ended with Arlington holding a 21-8 lead.

* * *

THE CARDINALS flurried at the start of the second half and stretched their lead to 36-12 after three quarters. Lockwood with 3 buckets and Bjorklund and Weber with 2 apiece paced Arlington in this quarter.

Reserves played most of the last half for Arlington as the Cardinals continued the rout. Six different boys scored Arlington's last 11 points.

Lockwood led the team with 11 points, followed by Bjorklund and Caltagirone with 10 and 8. Kiel topped the young Streaks with 7. Neither team shot very well, with Woodstock particularly inaccurate. The young Cards were the better team rebounding-wise with Lockwood and Weber tops.

MIKE ZUCCHERO and Dave Wertheimer, both sophs, are leaders at 112.

At 120 sophomores George Steil and Clarence Trausch rate the nod.

James Clark and John Amann look best at 127.

Three sophomores are about even at 133, including Ed Kelley, Ray Vessillus, Ed Schumacher.

Sophomores Bob Huder and Tom Kennicott look good at 138.

The 145 spot is capably filled to date by Ernest Rodriguez, a sophomore.

TWO FROSH, Dave Ebert and Jeff Heintz, and sophomore Roger Farleigh all rate even at 154.

At 165 is sophomore Guenther Reinke.

Jack Hoffman rates the nod at 175 with Buren hurt.

Dean Schneck, a sophomore, and freshman Leigh Moore look best at 175.

That's the tale as of now, though the picture may change before next week when starting positions are selected. Opening meet at Leyden Friday night, Dec. 2, starts at 7:30. Grapplers will then come home to meet Downers Saturday afternoon, Dec. 3, starting at 2 o'clock. (Sp

Name First 9 Boys For Heights Frosh

Coach Ken Schaller is still pretty much in the dark regarding starters for the freshman cage team at Arlington Heights high school where he is leading the "A" team. Coach Bob Baker is mentoring the "B" squad.

The squads have been learning fundamentals to date, will start offensive patterns the end of this week. Opener is still a week away, with Mooseheart slated to reach town Saturday morning, Dec. 3.

Tallest of the first 9 boys is Mike Tiarney, who stands 6-2. Mike has coordination for his age, but lacks enough strength for his heighth. Don Smith stands 6-1, but the rest of the first groups are 5-11 and shorter.

These include Lee Magnuson, Allan Sander, Bob Barbour, Don Gerken, Keith Butterfield and Fred Hedemark. John Double suffered a broken arm in practice last week. (Sp

Close The Books On Arlington's Greatest Grid Year Since 1948

Football is history at Arlington Heights high school after a 4-3-1 record, the best since 1948. The Cardinals won in total points, 102-96, a 1 touchdown difference. High individual scorer was John Sujack with 36 points, followed by Denny Thill with 24. Lew Green's 10 conversions gave him 10 points.

John Sujack led about every department for the team. He carried the ball 77 times for 532 yards and a 7.2 average and 4 touchdowns. He completed 18 of 36 passes for 189 yards and 1 TD. John snared 12 tosses for another 136 yards. He punted twice for a 21.5 average, behind Lew Green's 28.1 average on 33 punts.

* * *

BUT IT WASN'T just the things Sujack did that made him most valuable player on the team, it was his constant threat as a breakaway runner. And when he was bottled up by the opposition, Jim Summers was on hand to take the load and loosen pressure on Sujack.

Highlights for Sujack included:

Returned opening kickoff 93 yards against Leyden for a touchdown. Scored on a 35 yard run from scrimmage against Leyden.

Returned a kickoff 90 yards against Hinsdale for a TD.

Ran 84 yards from scrimmage for a touchdown against Maine, only to have it called back by penalty.

* * *

RETURNED A punt 70 yards for a TD against Downers, only to have it called back by penalty.

Scored 3 times against Glenbard on dashes of 2, 54 and 54 yards. Also set up a TD with a 30 yard pass completion, gaining 171 yards on 9 carries in the process.

He also threw a 15 yard TD pass against York.

Named to league all-star team and pushed for all-state recognition.

Individual marks are always easy to pinpoint, and Sujack deserves every bit of commendation possible for his work. But making much of it possible this year at Heights was a new spirit which had Cardinals blocking and tackling as they haven't done before. That kind of team effort is what made the Arlington season the success it was.

Judge Ben Smith owes his election to the country coters who piled up a majorit yfor the republican ticket. A careful analysis of the returns will show him who his friends were in the recent judicial elections.

Hens not only pay their way on a farm; but here is a story of their paying their way to market. A man in Iowa shipped a carload of hens to New York and they laid eggs enough enroute to pay the freight.

Cozy intends to start a menagerie soon. He is catching live squirrels, raccoons, stink cats and gophers. Later on he may join the Ringling Brothers Circus.

August Honey Boy is chief salesman for an up-to-date Sheeny Clothing house in Chicago and is making sales of $1500 worth of goods daily. Well that is certainly going some.

There is a Miss Raffles in Addison. She was seen Sunday night, walking along the sidewalk, wearing a long white shawl. Anyone who wishes to win a prize, may stop her. You may easily pick her out as she wears No. 10½ shoes.

A prominent citizen, well posted on general affairs, said to the editor in the postoffice Sunday morning, "It is a shame that a prosperous growing town of 2,500 population like Arlington Heights should not have better postoffice facilities, especially since the parcel post has become a prominent part of Uncle Sam's business. The matter should be brought to the attention of the postoffice inspector and if necessary, our congressman so that the government will either build a building or signify its willingness to sign a long-term lease for a proper building and then some one of the local capitalists would gladly build such a building. A young city like this should have a commercial club with push and enterprise to create and foster public spirit. Shall we be up-to-date or lag behind like a snail?"

William Schwankoff and Miss Emma Lauffenburg were married at the home of the bride Thanksgiving Day. They will reside with the groom's mother in the Eschenhorst block.

Mayor C. DeWitt Taylor had a narrow escape from a severe auto accident Friday, Nov. 26 when his Oakland car was struck by the large car of a prominent Chicago doctor, which was traveling about 35 miles an houp. Fortunately no one was hurt, although Virginia was thrown from the car but her father caught her by the leg and saved her.

The new home of the Arlington Heights State Bank, corner of Dunton ave. and Miner st., will be officially opened Saturday, November 28. The new structure is recognized as the most pretentious bank home in this part of the country and merits the distinction as the total resources of the institution have nearly reached a million dollars.

Mr. Earl Seip, son of Mr. and Mrs. C. H. Seip of Palatine, met his death from suffocation and exposure early Monday morning when the car which he was driving hit a cement abutment on Rand rd. Two companions, Elmer Weneger and Lester Gieseke, also of Palatine are in the Palatine hospital and are threatened with pneumonia. All three of the men were pinned under the car partly submerged in the water for nearly an hour before help arrived.

When L. L. Heller, Cook County farm adviser entered his office last Friday morning, he discovered that the safe had been taken and a Remington typewriter had disappeared.

The Evangelical church celebrates the 50th anniversary of dedication. The Evangelical church, formerly the Evangelical Association, began its work in this immediate vicinity both in DuPage and Cook counties as early as 1847 in the so-called French Bush, the home of D. Arlington Heights people who have admired Will Rogers have the opportunity of participating in a memorial to that great friend of all mankind and idol of millions of movie fans. Dr. Bauman has accepted the local chairmanship for Arlington and is ready to receive contributions.

Public indignation has arisen in Palatine over the placing of a bomb upon the lot of a pioneer family last Wednesday night in Hillside cemetery. The bomb destroyed a cement wall that served as the boundary line of a cemetery lot, in which lie the remains of Mr. and Mrs. Henry Schierding. A hole was blown out that nearly reached the interment boxes of the deceased.

Grapevine rumors are that the perpetrator of the deed thought he was doing a public service in destroying the wall, which he thought encroached upon the driveway.

Contrary to reports that have been circulated frequently about Palatine, the Schierding family holds a deed, which was executed over 75 years ago, to the lot in question. If error there has been, it is the fault of the forefathers of the present Palatine families who did not provide roadways through the cemetery or the accommodation of automobiles which they never dreamed about.

The Palatine high school basketball season opens tonight with the annual alumni game. The event is also the scene of the annual homecoming and alumni of the school are extended a special invitation to attend.

The residents of Arlington Heights who do not now reside in the Arlington Heights Park district will have the opportunity Dec. 12, to vote themselves into such district, provided, of course, that the people now residing in said district vote to admit them.

William F. Meyer Jr., Arlington Heights village treasurer, received a letter this week from Forest Davis, village clerk on leave, that was welcome news to the acting clerk, Mrs. Helene Busse and other village officials. "Slim" advised the gang that he was on the way out from the Seabees, expecting to receive his discharge within a month. He needed 44 points and he now has them. Work in the municipal office requires more man power and the return of the clerk will ease the situation.

In response to inquiries made regarding the budget needed to maintain the Girl Scout program in Arlington Heights, the Girl Scout Council is presenting this week a few figures and facts regarding its program for the coming year. The figures pass the $1,500 mark; the facts are the benefits derived by Girl Scout and Brownie troops.

Albert Kehe, chairman of Arlington Heights Community and War Fund campaign, announced Tuesday that contributions had passed the $4,000 mark, which is only a thousand dollars short of the $5,000 quota, which now appears to be within reach.

Mt. Prospect State Bank will issue their Christmas Fund checks next week. The fund, amounting to nearly $31,000, will be distributed to 390 persons who opened Christmas Savings Fund accounts a year ago.

The Pirates Cove, the first high school youth center to be established in the northwest area for the benefit of high school students, will officially open its doors in Palatine Saturday evening.

Walt Disney's "African Lion" opens Sunday, November 27, at Catlow Theatre, Barrington. This scene from the movie shows a lioness preparing to share the kill with her impatient cubs. Also on the program is "Peter and the Wolf," a special cartoon, and technicolor adventure, "Siam."

Harriers Had Even Split At Palatine High

Palatine high had a good cross country season under the direction of track coach, Dick Welty, The Pirates ran against larger schools with the exception of Grayslake and split even for the season, winning from Elgin, Crystal Lake, Grayslake, and Glenbrook twice while losing to Crystal Lake and twice each to Arlington Heights and Leyden. At the state district Palatine finished ninth among 14 teams with Dan Kusek, a 95 pound sophomore, taking 22nd place among over 100 runners.

Winners of letters were co-captains Bob Hamilton and Roy Hahnfeldt, Dan Kusek, George Zobel, Duane Gordon, and Dave Abramson.

Up For Trade

There's irony in the case of Sandy Amoros of the Dodgers, says Dick Young in The Sporting News. Amoros saved the Series for Brooklyn by his sensational catch in left field in the final game. Yet, now what? The No. 1 objective of the Dodger front office in the off-season is to trade for a left fielder.

Things to Remember

Rules of behavior issued by the Post Office Department for the guidance of its employees who meet up with dogs pack so much sense that the public generally would also profit from applying them.

Here are the rules:

Ignore a dog until he shows he is friendly. Never make the first move.

Don't strike at a dog. He may fight back.

Show respect for a dog and he will show respect for you.

Dogs can be bluffed. Walk fast and straight past them.

Never turn your back and run.

Sleeping dogs should be awakened gently and quietly.

Whistle as you approach.

Try to overcome your feeling of fear. Dogs sense fear and when they do they can take advantage.

Western Specialty Show

The 44th Western Specialty Dog Show held Sunday at Navy Pier brought out a total entry of 663 dogs, representing 29 states and Canada.

This show, which is an annual event, is held by a group of specialty clubs which each year have their top event, as far as their own particular breed is concerned, held as part of the Western Specialty group.

From our area there were a number of dogs entered; however, the most outstanding win went to the bulldog, "Champion Sandow," owned by Mrs. A. R. Glass of Northbrook. This English Bulldog has become one of the outstanding of its breed and by winning at the Western Specialty Show it has culminated an outstanding show record as one of the finest bulldogs in this country.

Aging Dogs

Because of the great advances in veterinary medicine today's practitioner can offer many valuable services to dog owners in prolonging the lives of their aging pets. This was brought out in a paper on "Geriatrics in Canine Medicine," presented by Dr. George W. Mather, head of the Small Animal Clinic at the School of Veterinary Medicine, University of Minnesota, one of the speakers at the fifth annual Veterinary Symposium on "Newer Knowledge about Dogs," held at Kankakee, Ill., under the auspices of the Gaines Dog Research Center, of New York City.

The most notable change that occurs in the older dog is that of a reduction in the metabolic rate, stated Dr. Mather. The caloric requirements of the older dog are less due to the reduced metabolic rate and lessened activity. Overfeeding and its resultant obesity should be avoided but the diet should be complete with high value protein in moderate amounts together with energy-giving carbohydrates and comparatively low fat levels. Supportive use of the B group of vitamins and vitamin A is often advisable for aging dogs, he stated.

Dr. Mather added that the senile dog has reduced tolerance to stress such as extremes of temperature and exertion of extreme exercise. He stated that when treatment is necessary for ailments the aging animal should not be hospitalized any longer than necessary as an older animal, like an older human being, loves his home and will frequently make a more rapid recovery in his accustomed environment.

Barks and Bays

It is interesting to note that over 100 different breeds of dogs are used for herding or driving cattle, sheep, poultry, reindeer and dromedaries.

POINTING OUT that the fight against tuberculosis financed by Christmas Seals helps little guys and dolls as well as big ones, six Goldwyn Girls visited Christmas Seal headquarters recently to assist in the mailing of the traditional stamps to residents of this area. Perched atop of a few of the thousands of bags of mail are Larri Thomas, Barbara Brent and June Kirby, while displaying an oversized Christmas Seal are Phyllis Jeritza, Jann Darlyn and Madelyn Darrow.

JUST from Patty McArdle AROUND THE CORNER

Dear Peg:

Thanksgiving Day

Today my hands break bread, new bread
To keep the feast and offer praises
For the strange airways that carry cargoes
Of good will in all the ships . . .
For the power unburdening the backs of men,
For the mighty atom and its force
When used to build, as nations will agree,
Homes for our children in lands that are free.

Use my hands in factory, fields and
forests green;
Within the walls, I mix the chemicals,
Oil motors in plants of power.
In flaming mills where steel is poured,
My hands are burned, yet will I find it
In my heart to say, I am the one
By whom this work can best be done in
the right way.

My hands are folded while I pray
In church on this Thanksgiving Day;
Who is to say my prayer will have no answer
When my strength is new and as an eagle
I am lifted up!

—Ruth V. Groves

★ ★ ★

AS SOON AS Halloween had passed, we started thinking about Thanksgiving, in our nursery school. Our poems, stories, drawings and trips have been centered around this holiday theme. Several handsomely colored, store-bought, cardboard turkeys started off the decorating and, with a daily reminder, the children started bringing in pictures of Thanksgiving subjects. We decorated with pictures of Pilgrims, pumpkins, Indians, ships, turkeys, cats, witches, Santa and Rudolph the Red Nose Reindeer.

We have been reading wonderful little Thanksgiving stories and poems from our Bookhouse books and from Nell's Childcraft books. The children are enchanted with the idea of adventurous Pilgrims and friendly Indians and sit quietly listening as though they were hearing about Thanksgiving for the first time.

★ ★ ★

WE TOOK A FIELD TRIP out to a local turkey farm and arrived just in time to watch the farmer feed them. They were gobbling loudly and seemed to be paying no attention to us. However, after a few minutes of eating, the whole noisy mass of them started over to the fence toward us. The children squealed, as the fat birds strutted toward us, and the turkeys, startled by the sharp noise, all gobbled angrily and in unison. This delighted the children and of course they squealed again and again until I suggested that we go and let the poor distraught birds alone.

Upon our return, I handed out the "turkeys" that I'd cut out of large drawing paper and asked the children to color them like the turkeys we had just seen. I think it was their best job of coloring so far.

Happy Thanksgiving Holidays, dear.

My love,
Patty.

Cats Rate Only Third Class Passengers On London Streets

by BILL DILLINGHAM

In London, cats are feeling the stigma of being third-class citizens. Even a walk in the park or down the main boulevard is prohibited.

Individual cat-owners and sympathizers are banding together in defense of these animals. While a chorus of protesting "Meeows" from all the cats in the neighborhood would only make matters worse, petitions from irate citizens are beginning to gain official notice.

Dogs and horses, it is pointed out, can walk down any London street without fear of arrest, but cats must have special identity cards bearing renewable data, and even the name and age of record. This is burdensome for animals that are well noted as having highly independent personalities.

PETITIONERS say that alley-cats are an effective weapon against the rats and mice that inhabit the city. A female rat is capable of giving birth to fifteen rats, seven times per year. Considering that a rat is prepared for reproduction at the early age of three months, this means that within three years a pair of rats could parlay themselves into about a million wheat-eating, disease-carrying animals. In view of this, spokeswomen have said that a cat on the loose is better than one on the leash.

While a roaming dog might bite pedestrians and contribute to sanitation problems, a cat always keeps himself clean and is a menace only to canaries and goldfish.

THE TWO possible objections to stray cats, observers explain with an eye-wink, is their tendency toward very noisy romance during the late evening hours and the fact that, when we humans get angry, no effective means has yet been divised for catching them.

It is now well established in England that if an elderly woman doesn't own a cat, people regard her as being either heartless or possibly a foreigner.

"Bocko," the brand name for a London manufacturer's cat food ("Bocko, the birthday dinner for your cat served every day) has made it known to its customers through special emergency labels that Bocko is in full support of giving cats equal rights with horses and dogs. After all, says Bocko, this is the twentieth century!

THE MAILMAN'S CORNER

...ELAND ELLIS TRUXELL

Much fear and anxiety can be avoided by the use of a few simple rules.

First we should consider carefully every business deal or problem with which we are involved. If we analyze the circumstances, definite and clearly defined facts can be seen which can minimize the danger of injury to ourselves. If we stop and think, we can avoid much trouble.

We know that sensible eating and living habits can reduce the danger of sickness. We know where we can get information about these things. Why not get that information, live right, and improve our health? Or if we need a doctor, consult a good one at once and live by his suggestions. Doing something definitely ourselves lessens the inclination to worry.

* * *

BEFORE MAKING any big investment, we should figure every available angle: our present budget, things we need, what we want. Every conceivable thing that would Every conceivable thing that would be of disadvantage to us in, say, buying a car, should be thought out. It is foolish, for instance, to buy a car if we therefore have to cut down on the food we need. We must decide, too, whether we prefer the car to, say, a new hat, fur coat, or new fall clothing for the family.

If social relations worry us, we should set down and measure ourselves to see in what we are wanting, then adjust ourselves where we are wrong. In solving any problem that worries us, financial, social, personal, economical or what not, unbiased straightforward thinking is necessary.

* * *

IF WE CANNOT avoid a trouble, we must resign ourselves to bearing it Rebellion against things which we can not help, or plain worry about them does us no good.

If a problem is to big for us to solve alone, we should consult the experts.

A never failing source of strength and help lies in the grace and love of God. Somehow, talked over with him, problems cease to be unsolvable, weakness becomes strength, dispair courage, and hopelessness faith. God says, "Call upon me in the time of trouble and I will deliver you." And he does—if you pray sincerely and with a single heart.

Social Security To Working Wives

Many working wives are asking the northwest district social security office whether they will receive monthy social security payments based on their own or on their husbands' wage records or both.

District manager Julius Berman advises that a woman who works long enough to be insured will always be eligible for monthly benefits on her own record when she reaches age 65. But if for any reason she qualifies for a higher benefit as the wife of a retired worker, she will receive the higher amount.

Women Stage Drive For Better Sewers

The League of Women Voters of Glen Ellyn is launching a program, "Operation Manhole," to give all voters information regarding the referendum November 19 for a $1,040,000 bond issue to improve the village's sanitary and storm sewer systems.

"There I was, dreaming of a juicy steak, when suddenly out pops this!"

Need More Corporate Gifts To Aid Colleges

Mechanical Engineers at the Conrad Hilton hotel that current corporation giving to privately supported institutions comes to about $100 million yearly.

Desirable corporate contributions for all purposes were estimated at aproximately $400,000,000, about 1 per cent of net income before taxes, and about one-fifth of the total tax-exempt allowance permitted by the federal government.

Xmas Mailing Tips

Don't go for flimsy light cardboard and paper boxes in packaging your Christmas presents for the mail.

Cushioning material, such as excelsior, shredded newspapers or tissue paper, should be evenly and firmly placed on all sides of the gift item. Two or more inches of such covering is the minimum.

ARTICLES of a delicate nature, such as glass, china, electrical appliances, musical instruments and radios, must be marked "Fragile" by the mailer. Food stuffs should be marked "Perishable," if subject to spoilage.

Also, don't mark the wrapping with unnecessary wording. For example, "Do not Delay," is superfluous. "Rush" does not properly belong on a parcel. If it is desired to expedite delivery of a parcel, use special handling or special delivery service.

Do address plainly and properly, using postal zone numbers where available. Addresses should be printed in ink or typed, and a return address should appear on every parcel, no matter how near or far it may be going.

* *

THE PROPER place for the return address, incidentally, is the upper left hand corner of the parcel—not on the back, side, or one of the other corners.

Don't put the address on in handwriting. Your handwriting may be legible to you, but it may give someone else trouble. Hand print or type the address. And don't put the address in unusual or obscure places.

As a general rule, firearms, liquors, and animals may not be mailed (with certain exceptions to specially authorized shippers). The average Christmas mailer can just put it down that these are taboo, as are poisons and explosives.

The overwhelming bulk of Christmas mail will be by parcel post, of course, and it should be remembered that size and weight limits vary, depending upon the post office of mailing and the post office of address.

Dangerous Spot

Varsity quarterbacks at Northern Illinois State college give evidence that their position is not the safest on a football team. In a scrimmage prior to the opening game, signal caller Bob Cassidy of Joliet suffered a sprained ankle that kept him out of the first four encounters. Don Coulom of Crete, who started at quarterback against Wheaton, received a broken nose in that game and missed the next battle.

Then with Cassidy and Coulom mended, quarterback Chuck Boudreau of Kankakee, broke his leg in scrimmage before the Western Illinois game, and will probably be sidelined for the rest of the season.

Lucille Schwind And Donald Wright Wed

(Jenart Studio

Miss Lucille Schwind, daughter of Mr. and Mrs. Alfonse Schwind, Hintz rd., Mt. Prospect, and Donald Wright, son of Mr. and Mrs. George Wright, Forest Lake Lake Zurich, were joined in marriage by Rev. George Ballweber at 10 a.m. November 5 in St. Mary church, Buffalo Grove.

Baskets of white mums decorated the altar. The organist played and sang "Ave Maria" and "On This Day."

Given in marriage by her father, the bride wore a gown of satin covered with lace panels and a lace train which could be made into a bustle. The tapering sleeves were made of lace. The peter pan collar with a lace bodice was covered with sequins. A jeweled head piece of pearls and sequins held her finger tip veil in place and she carried white carnations with pink roses and a white orchid in the center.

Diane Schwind, sister-in-law of the bride, was maid of honor and wore a gown of shrimp color. Bridesmaids were Betty Schwind, sister-in-law of the bride, who wore a gown of toast color, Eileen Sandstrom, niece of the groom, who wore a gown of aqua, Florence Reckamp whose gown was gold and Judy Pohlman, who wore a gown of blue. The attendants' dresses were identical floor-length strapless gowns with lace bodices and net skirts with matching lace jackets. The headpieces were made of net with matching streamers. Karen Schwind, niece of the bride, was flower girl and wore a nile green dress with a ruffled skirt and lace bodice. She carried a basket of white carnations. The attendants' bouquets were made of white carnations with matching ribbons.

Ferdinand Sandstrom, nephew of the groom, was best man. Ushers were Leon Schwind and Roland Schwind, brothers of the bride, Douglas Wright, brother of the groom, and Walter Gauger Jr. friend of the groom. Gary Mathis, nephew of the groom was ring bearer.

The bride's mother wore a marine blue lace dress with white accessories, and wore a corsage of pink camellias. The groom's mother wore a black velvet dress with pink accessories and also wore a corsage of pink camellias.

The reception was held at St. Mary's hall with a guest list of 450. The couple honeymooned in Iowa. They are both presently employed at Universal Oil Products Co. in Des Plaines.

Mary Ann Stuprich Is Mrs. John Michaelis

(Community Camera

An off-white taffeta gown was chosen by Miss Mary Ann Stuprich, daughter of Mr. and Mrs. Jack Stuprich, 311 N. Dunton ave., Arlington Heights, for her marriage to John A. Michaelis, son of Mr. and Mrs. Ernie Michaelis of Manitowish Waters, Wis. November 12. The ceremony was held at 10 a.m. in St. James church, Arlington Heights with the Rev. George Stier officiating.

Mixed white fall flowers decorated the church for the double ring service and Miss Jane Morris was soloist.

The bride's gown was fashioned with chapel sweep train, bouffant pleated skirt and Venise lace trim on the cuffs and the square neckline. Her ruching veil was caught to a tiny crown of clustered pearls. The veil was fingertip length.

Mr. Stuprich gave his daughter in marriage.

Miss Mary Ann Cullen of Arlington Heights was the bride's only attendant. She wore a gown of crimson velvet fashioned ballerina length. She wore a feather hat to match her gown and carried a semi-crescent of white fugiama mums.

The bride's mother was in a Paris royal blue satin dress with matching shoes and sequinned hat, while the groom's mother was in a Dior blue dress with navy accessories. Both mothers wore corsages of phaelanopsis.

Ernie Michaelis, brother of the groom was best man and the bride's brother, Donald Stuprich, was usher.

Luncheon was served to 150 guests at Tam O Shanter country club after which Mr. Michaelis and his bride left for Phoenix, Ariz., where they will reside until spring.

The new Mrs. Michaelis was graduated from St. Pat academy in Des Plaines and was employed at the Nothern Trust Co. in Chicago until her marriage.

Members and their friends are asked to use the main entrance of the country club where they will be handed Christmas boutonnieres and directed to the mothers club section.

Mark Golden Anniversary

MR. AND MRS. HENRY THERRIEN

Mr. and Mrs. Henry F. Therrien of Northbrook celebrated their 50th wedding anniversary November 13 and 14 by attending a mass offered for them at St. Mary's Mission church in which they were married, repeating their marriage vows, an anniversary dinner and reception.

Sunday mass was attended by the couple's original bridesmaid, Mrs. Charles Alsip of Chicago, sister of Mrs. Therrien, and the couple's best man, August Dolories of Belleview, Ill. Also in attendance were the couple's sons, and daughters-in-law, Dr. and Mrs. John H. Therrien and Mr. and Mrs. Charles Therrien and their grandsons, Donald and Richard, sons of the Charles Therriens. Other relatives from Chicago were also in attendance. The group dined at Phil Johnsons with Mrs. Alsip as hostess after which they gathered at the Therrien home for the afternoon.

Monday the couple repeated their marriage vows at mass with the Rev. Vincent Casey reading the nuptials. At this time Mrs. Therrien received a new ring with 5 diamonds, one for each 10 years of married life. A basket of yellow roses decorated the main altar. After mass the couple breakfasted with Mrs. B. Schildgen and in the evening a reception was held at the Northbrook youth center. Mrs. Therrien was also feted by women of St. Anne home November 16.

Mrs. Therrien is the former Emily T. Maischaider, who came to Northbrook in 1892 when the village was known as Shermerville. Her father was John Maischaider, owner of the 21-acre tract of land now known as the Northbrook Plaza shopping district. Mrs. Therrien organized the Catholic Womans club Ladies aid over 30 years ago and held office in the Northbrook Royal Neighbors. She has also been active in missionary work, served on election boards and has been a reporter for Paddock Publications for over 40 years.

Mr. Therrien, a steam engineer for Illinois Brick Co. for over 25 years, was in charge of the sanitary district for 22 years, served on the Northbrook village board for 2 terms and as fire chief for 5 years.

The Therriens, who have known each other since childhood, were married in St. Mary's Mission church in 1905. (Nelson Photo

Kay Abel, John Hoth Married October 8

Vases of white gladioli and mums decorated First Methodist church of Arlington Heights October 8 for a 7 p.m. double ring ceremony in which Miss Kay W. Abel, daughter of Mr. and Mrs. Edward B. Abel, 308 W. Northwest hwy., Arlington Heights, became the bride of Pfc. John L. Hoth, son of Mr. and Mrs. Ray Hoth of Palatine rd., Arlington Heights.

The Rev. Birger Dahl officiated at the ceremony during which Mr. Abel gave his daughter in marriage.

The bride wore a gown of lace over satin fashioned and made by herself with scoop neckline with three-quarter sleeves, fitted bodice and a full skirt falling from the low waistline. Her fingertip veil was held in place by a satin and lace cap to match her gown and she carried a bouquet of white roses.

Maid of honor to the bride was Miss Gwen Wallgren who wore a ballerina-length aqua silk shantung dress with scoop neckline and fitted bodice. The full skirt of her gown fell from a lengthened waistline. Her bouquet was of pink roses.

Don Hoth was his brother's best man and Leonard Schuler was usher.

Following the ceremony, a reception was held at the home of the bride's parents for 150 guests. Mrs. Abel received in a gray dress with black velvet accessories and a corsage of pink roses while the groom's mother received in a teal blue dress with winter white accessories. Her corsage was also of pink roses. Serving at the reception were Wanda Eakins, Mary Gloden and Priscilla Owen, friends of the bride.

Grand Canyon and the Carlsbad caverns were visited by the newlyweds on their honeymoon. Mr. Hoth and his bride are now residing in San Clemente, Cal. The groom is stationed at Camp Pendleton with the marines.

MARK WENDLING and Annette Green, pictured above, are planning a centerpiece for the family dinner table on Thanksgiving day while their mothers, Mrs. W. C. Wendling and Mrs. Leon Green complete plans for the Thanksgiving ball of St. John Episcopal church, Mt. Prospect, to be held this Friday evening, at the Elmhurst country club. This is the fifth annual benefit and is sponsored by the Womans auxiliary of St. John Episcopal church. Guild president this year, Mrs. Wendling, has been a member of St. John since moving to Mt. Prospect from Villa Park 5 years ago. St. John then was a new mission. Mrs. Wendling was vice-president of Evening guild last year and is past secretary of the guild. Mr. Wendling is a past president of St. John Men's club and is a present member of the vestry. Mrs. Green, general chairman of the Thanksgiving ball, has been an active member of St. John since moving from Minneapolis to Arlington Heights 4 years ago. Mrs. Green was publicity chairman for the Evening guild last year and has been an enthusiastic member of various guild committees. Facilities of Elmhurst country club will be turned over completely to St. John's Womans auxiliary for its ball. Ticket chairman, Mrs. Frank Harris, stated tickets could be obtained from guild members or at the door. During the evening a fur cape will be given away. Dancing to Bill Walker's Pump room orchestra will begin at 9:30.

Other organizations that have made the Braille school their philanthropies include the Lions clubs in Des Plaines, Prospect Heights, Wheeling, Mt. Prospect and Arlington Heights; Ladies of the Lions in Wheeling; Elks club in Des Plaines, Ladies of the Elks in Des Plaines, Arlington Heights Junior Womans club and Arlington Heights PTA.

Seventh District American Home Week Nov. 20-27

At the request of the American Home department of the Illinois Federation of Women's clubs, through its chairman Mrs. Albert E. Powers, Manchester, Gov. Stratton has issued a proclamation declaring the week of November 20-27 as "American Home Week."

The seventh district, under the direction of chairman Mrs. Edward Berg, is observing this week in both senior and junior clubs. There are displays in public libraries, and clubs are having programs stressing moral and spiritual values in the home.

This same week has also been designated as "Know Your America Week." It is sponsored annually by the All-American Conference to Combat Communism, a group composed of 54 national organizations of which the General Federation of Women's clubs is one.

Each member of a federated club is urged by Mrs. Donald L. Wetzell, American citizenship chairman of the federation, to contribute freely of her time and resources to render this observance successful in her community. Mrs. Peter Flauter is chairman of the American citizenship department for seventh district.

Zeta Tau Alumnae To Fill Yule Stockings

Making and filling Christmas stockings will be the activity of the evening for members of the North Shore Alumnae association of Zeta Tau Alpha sorority at the meeting December 1, 8 p.m., at the chapter house at Northwestern university. The stockings will be given to children from the Northwestern settlement house at the annual Christmas party given by the college chapter.

Mrs. Edward Johnson, house director of the college chapter, will also show slides of her recent European trip.

Toastmistress Club To Meet November 28

Midtown Toastmistress, a chapter of International Toastmistress Club, Inc., will hold its semi-monthly meeting November 28, 8:15 p.m. at Arlington Heights field house.

International Toastmistress clubs were formed for the purpose of giving women everywhere an opportunity for self-development through the study of the technique of effective speaking.

Anyone interested in leadership training in preparation for greater participation in community service is invited to attend the meeting.

Each new member is under the supervision of a "big sister" whose function it is to guide the initiate through the 7 basic steps leading to her fledgling speech.

A call to Mrs. Norman Johnson, CL 5-0889, will assure a prompt arrangement for the introduction of guests.

Heights Alumni Holiday Dance Set For Dec. 28

The second annual holiday dance for Arlington Heights high school graduates will again be held at Itasca country club this year to the music of Paul Meeker and his orchestra. Dress for the occasion is semi-formal. Invitations are limited to 125 couples and will be sold on a first come, first served basis. Dancing is from 9 to 1, and refreshments will be served.

The dance last year was so well liked that it was decided to make it an annual affair. For may alumni, this occasion provides the only time each year when they can get together and renew old friendships in a festive atmosphere.

It is hoped that alumni away from home till Christmas time will be informed of the dance by their parents. Invitations will be sold during Thanksgiving vacation, November 23-26, by 5 dance committee members, and again at Christmas time, December 21-28, until the limited number of invitations are sold. Alumni are urged to buy invitations as soon as possible, because only 25 more couples are being invited than were present last year.

Committee members to be contacted for invitations at Thanksgiving are Neil Barr, CL 3-1924; Sana Franke, CL 3-1760; Jim Laughlin, CL 3-5990; Pat Watkins, CL 3-4909 and Joanne Glaeser, CL 3-1155.

Alpha Chis Schedule Christmas Party

Alpha Chi Omega alumnae group will hold its Christmas party at the home of Mrs. George Gardner, 631 S. Lincoln lane, Arlington Heights, December 1 at 8:30 p.m.

Any new Alpha Chis in the area are urged to contact Mrs. P. R. Girard at CLearbrook 3-5197 for information concerning the group.

Happy Bugs

Some oil men spend their whole day trying to keep bugs happy. These insects include the type that chews up more than $4 billion worth of farm crops every year. The oil industry scientists, of course, have an ulterior motive. They need healthy, happy bugs to serve as "guinea pigs" on which to try out potential chemical insecticides. Oil-based bug killers like aldrin, dieldrin, and endrin have already saved the farmer millions of dollars annually.

William A. King, son of Mr. and Mrs. Harold W. King of Route 2, Box 95, Arlington Heights, is scheduled to graduate from recruit training December 3 at the naval training center, Great Lakes.

The nine weeks of "boot camp" includes drill and instruction in seamanship, gunnery, life saving, sea survival, boat handling, and the use of small arms.

Following two weeks leave, graduates will be assigned to shipboard duties or service schools depending on the qualifications each has demonstrated.

About Your Health

"Stroke" is a term commonly applied to a condition within the skull, often resulting in paralysis or unconsciousness or both. The true term is apoplexy or cerebral vascular accident and refers to the sudden rupture of a blood vessel, causing a cerebral hemorrhage, or the development of a clot in a blood vessel, which is a cerebral thrombosis, the educational committee of the Illinois state medical society points out.

Basically, the most common underlying cause is arteriosclerosis, or hardening of the arteries within the skull. A type of fat is formed in the wall of the blood vessel which causes a narrowing and weakening of the wall. If the narrowing is too marked, then blood flow is slowed down, resulting in inadequate nourishment to the brain. Then again the blood supply might be completely cut off by the formation of a clot or thrombus inside the vessel.

* * *

THE VICTIM of a "stroke" usually has symptoms of an impending attack. There may be a "pins-and-needles" sensation in an arm and a leg on the same side, which quickly goes away, or there may be a sudden or gradual weakness of an extremity, which is short in duration. There may also be some thickness of the tongue and difficulty in pronouncing words for a few minutes or hours.

On the other hand when a cerebral thrombosis is responsible for the "stroke," the same symptoms may be present, but differs in that the patient takes a longer time to recover. If a hemorrhage develops, however, a severe headache is a common characteristic, which is the only symptomatic warning. If the hemorrhage is within the brain itself, and is extensive, the patient may never awaken. If the damage is not too severe, the patient may awaken hours or days later to find himself unable to move certain muscles, or in some cases, to speak. He may have various other disabilities, depending on the particular area of the brain involved. If the affected blood vessel is on the surface, then the bleeding may be only into the space around the brain, and there may be no obvious difficulty with the nervous system other than a headache, a stiff neck and fever.

* * *

"STROKES" occur most often in persons beyond the age of fifty, although they can also occur in a younger age group. That is why it is sometimes difficult, in young adults particularly, to decide whether there has been a hemorrhage around the brain or whether there is a sudden infection of the nervous system, such as meningitis or poliomyelitis.

However, more advanced technics are now available to help the person who incurs a "stroke." In some instances, a laboratory analysis of the spinal fluid, which normally bathes the exterior and interior of the brain, will establish the exact diagnosis. If the fluid is bloody, hemorrhage is certain. Should it be clear, hemorrhage is less likely, but if it is cloudy and contains white blood cells which increase in number when infection exists, meningitis or other infection of the nervous system is probable.

A SMALL HOUSE PLANNING BUREAU DESIGN NO. C-387

DESIGN C-387. Here is a roomy plan with features that are desirable for either city or farm.

The small room off the side entry has a toilet, lavatory and large closet. However, there is still room for a freezer, washer and dryer, if necessary.

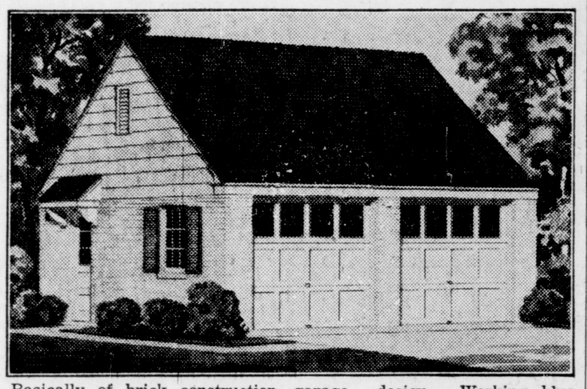

There are lots of closets, well distributed throughout the house: a large storage closet and others for coats and linens.

The kitchen is compact and well arranged, and had a larger than usual dinette and a china cabinet. The center bedroom could be used as a den, workroom, or even be converted into a dining room by leaving out the partition.

The exterior finish combines wide eaves. Floor area is 1415 sq. ft. with a cubage of 26,838 cu. ft. including the full basement.

Tightening Of Mortgage Credit Affects Some

The recent tightening of mortgage credit will cause a small decline in the nation's home building the remainder of this year, with a greater slackening of construction in 1956, predicted Morton Bodfish of Chicago.

Commitments by mortgage lenders to builders will not be adversely affected in the near future, particularly those home construction programs which extend 60 days or more.

"The purchaser of an existing home, the builder of custom built houses and the small contractor will be effected sooner, encountering a pattern of slightly higher interest rates, larger downpayments and shorter terms," predicted Bodfish.

* * *

INTEREST RATES of mortgages are being adjusted from ¼ to ¾ per cent upward and the term of loans are being shortened on conventional financing. Since increases in downpayments, interest rates and monthly installments are modest, they probably will not cause a sharp drop in residential building activity.

There is not an acute shortage of housing in any significant part of the country, and in some areas demand has been satisfied. Vacancies for rental amounted to 1.8 per cent of all dwelling units in the country during the second quarter of this year, as compared to 1.1 per cent in 1950, they pointed out.

In the Chicago Metropolitan area an increase of 295,606 new dwelling units were added to the housing inventory from 1946 to 1955. During this period five new dwelling units per 1,000 persons were added, however, during the first nine months of this year, 6.1 such dwelling units per 1,000 persons were constructed.

Refugees Arrive

Thirty-five states and the District of Columbia received refugees from the shipload that arrived at New York, November 21. It is the sixth crossing of the U.S. navy transport, General Langfitt, under charter to the intergovernmental committee for European migration. Most of the passengers are entering the country under the Refugee Relief Act.

New Position

Edwin J. Kurek, of Itasca, former chief Multi-Vent engineer for the Pyle-National company, Chicago manufacturer of air diffusing and electrical equipment, has been appointed regional manager for the company's 13-state north central region, W. C. Croft, president, announced.

Before joining Pyle-National in 1949, Kurek was employed at the Greyhound corporation as an air conditioning engineer. He is a graduate of Illinois Institute of Technology and holds a bachelor of science degree in mechanical engineering. He is a member of the American society of heating, ventilating and air conditioning engineers and serves on the technical advisory committee of that organization. He is a registered professional engineer in the state of Illinois. (BB

Completes 25 Years

Ralph S. Freeman, Arlington Heights, was honored Friday evening at a farewell party given by fellow employees at Procter and Gamble, where he is employed as chief electrician. Mr. Freeman completes 25 years of service and reaches retirement age November 29. He was presented with a projection screen and accessories for his hobby of 3-D protography.

Mr. and Mrs. Freeman resided on Palatine rd. for 21 years and recently moved to Edgerton, Wis. Until his retirement date Mr. Freeman has been residing with his daughter, Mrs. Anthony J. Carlino, 631 S. Mitchell. His grandsons, Victor and Ralph, are well-known in Arlington sports activities.

Mr. Freeman reminisces that he installed the first electric lights in Arlington Heights 45 years ago in the building behind the present bank. (BB

BUSINESS BRIEFS

National Sales Up

H. V. McNamara, president National Tea Co., reported another all time sales record for the four-week period ending November 5, 1955, as well as for the year thus far.

Sales for the year to date amounted to $477,429,351 as compared to $434,62,104 in 1954, an increase of 9.84 per cent.

National Tea Co.'s consolidated sales for the four week period ending November 5, 1955, represented the highest four week period in the company's 56 year history, and amounted to $47,018,122, as compared with $42,106,547 for the corresponding period in 1954, an increase of 1.55 per cent.

The company reported 740 stores in operation as of November 5, 1955, as compared with 717 stores at November 6, 1954. (BB

New Chairman For March Of Dimes

Nicholas M. Lattof, Hawley rd., Barrington, formerly of Arlington Heights, is the newly appointed regional chairman of the 1956 northwest suburban March of Dimes campaign. This is the first time suburban regional chairmen have been appointed since the county communities division of the March of Dimes was organized.

"There are good reasons for holding another March of Dimes campaign next January," Mr. Lattof explained. "There are 68,000 persons who will enter 1956 with polio — many of them carry-over cases from previous years —and 30,000 were stricken in 1955. Of these patients, 3,200 depend on iron lungs for their lives, and we must continue to purchase expensive polio equipment for these people. Until polio vaccinations are as common as small pox vaccinations, there will still be polio."

Local March of Dimes chairmen have also been announced. They are Mrs. Walter G. Edelblute, 109 S. Pine st., Arlington Heights; Theodore A. Lams, 117 William st., Mt. Prospect; Mrs. Frederick A. Thulin Jr., (mothers' march chairman), 4 S. Owen, Mt. Prospect; Mrs. Leighton Mangels, 22 E. Wilson, Palatine and Rodger Peterson, 233 Oak st., Bartlett.

Steers Gain Well On Pelleted Rations

Steers like their feed in pellet form.

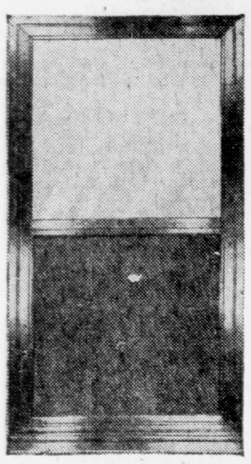

And they'll gain more weight on less feed when the same ration is in pellet form than when it is not, says R. J. "Bob" Webb.

Webb is superintendent of the Dixon Springs experiment station of the University of Illinois. His report was one of those given at the annual Cattle Feeders day today at the University of Illinois college of agriculture.

Four lots of cattle were included in this experiment with pelleted feed at the station, located in Pope county. Each lot was fed 65 per cent ear corn, 10 per cent soybean oil meal, 5 per cent can mollasses and 20 per cent alfalfa hay. It was fed both in pellet and in meal from.

Reports on other studies included the use of stilbestrol in beef cattle feeding. Effect of its use on carcass quality, use of hormones and antibiotics in steer rations, outlook for beef industry and use of oat silage for wintering cattle. (Fm

RALPH M. BENDER of 2312 Jay lane, Arlington Heights, accepts a safe driving day tag and string reminder, to be tied around the steering wheel of his auto, from Darlene Keenum of the Washington National Insurance company in Evanston. Both are Washington National employees who helped begin a nationwide company drive in which hundreds of thousands of tags and strings will be distributed by December 1, safe driving day.

Business Briefs With U.S. Gypsum

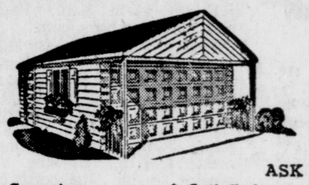

V. R. Belden, 216 S. Brighton, Arlington Heights, has been appointed merchandise manager of dealer sales for United States Gypsum company, his jurisdiction covering the United States and Canada. The appointment was announced by A. J. Watt, USG general merchandise manager. A veteran of 19 years service with the company, Belden replaces George V. Lane, who was named regional manager for the company in California. Previous to his new appointment, Belden was merchandise manager of insulation products for USG. (BB

Razors, Too

For commuters who will be traveling the intercity bus lines 50 years from now, the Society of Automotive Engineers has predicted a streamlined bus equipped with all the comforts of home; washroom facilities, radios, and air-conditioning. These luxurious cruisers will be powered by petroleum fuels. The oil industry will have to work harder than ever to supply enough oil to meet future needs.

Delicate Shrubs May Need Break— A Good Windbreak

Setting up buffer states on home properties can prevent sneak attacks from Old Man Winter on delicate trees and shrubs. ....

These buffers are easy-to-make wind breaks of stout stakes and burlap. They can be elaborate or not, as occasion demands, providing protection from the wind on the north and west sides and screening from the afternoon sun. This is the advice of H. J. Rice, field representative of the Davey Tree Expert Co., who points out inexpensive burlap has enough porosity to admit air and light and endures the elements for at least one season.

Windbreaks should be constructed strong enough to support heavy weights of wet snow. Such plantings as prized boxwoods, some varieties of azaleas, rhododendrons, holly, barberry, abelias and some other less than hardy varieties, will do better in colder climes with this protection.

A different kind of protection is called for to help evergreens of upright form thwart icy blasts. Hicks yews, Irish juniper and other elongated landscaping can be laced spirally with binder twine or stout cord. This will serve to keep wet snow from breaking branches and ruining the symmetry of the plantings. For further protection, a wooden stake or piece of pipe may be driven deep into the ground close to the trunk to keep the plant from crashing under a tortuous load of ice or wet snow.

Newly planted deciduous trees should have trunks wrapped in heavy burlap or crepe paper. Wrapping should be in good condition and securely tied. (DL

Composes Safety Song For Juke Boxes

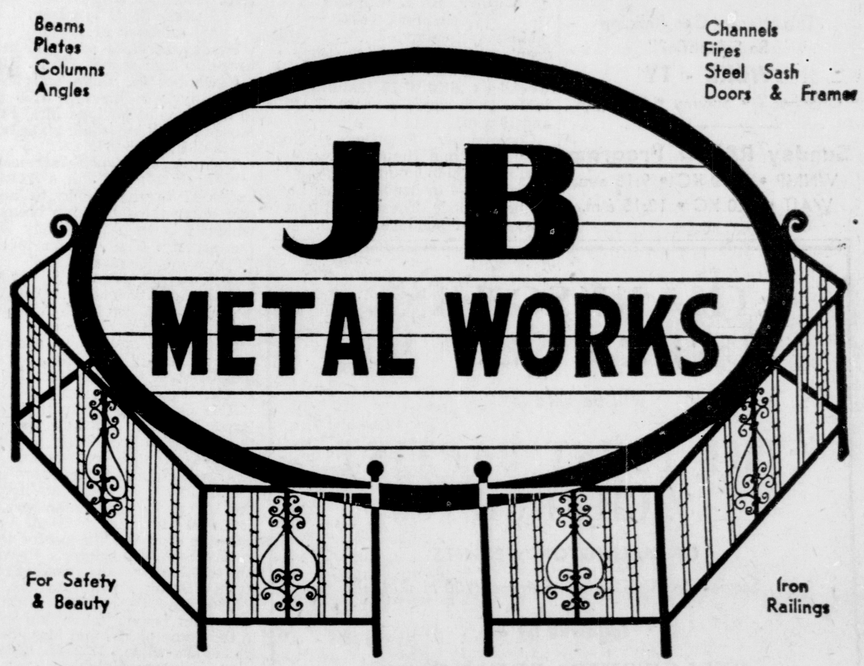

The nation's juke box operators are going to help make the country traffic safety conscious with song. A new song, "Please Take Care of Yourself," co-authored by Lew Green, formerly of Mt. Prospect and now of Arlington Heights, was voted on by the executive board of the Music Operators of America, Inc. as the song to help the driver on Safe Driving day.

"We hope the song will have a desirable impact on the driving public what is more powerful than usual sound advice, because of its extremely palatible form," declared George A. Miller, president of Music Operators of America, Inc. "Like other national industries aiding the safety movement we have long wanted to help prevent the needless slaughter of 36,000 people every year, but a practical means just became apparent with the publication of the first popular type of song to plug safe driving. 'Please Take Care of Yourself' combines listenable, danceable music with clever lyrics."

The only available recording of the hit at present features the singing of Danny O'Neil and the orchestra of Eddie Ballantine, Breakfast Club stars. Several record companies are reported making recordings featuring famous singers and orchestras. The song is published by Will Rossiter and recorded by Deed Records, 64 W. Randolph st., Chicago 2.

Johnson is the Softener that Regenerates Itself Automatically . . . While You Sleep!

ONLY $6.76
Per Month, Installed
NO DOWN PAYMENT!

NO MUSS NO FUSS
In past years, when you bought your own water softener, you also grudgingly agreed to the time-taking nuisance of attending to it every week or two. But no longer! The new Hydro-King regenerates itself, without your attention.

UNLIMITED SOFT WATER
Now electrical controls and a time-tested system of valves take over the regeneration chore. Your Hydro-King is preset to your individual needs . . . yet, if necessary, can deliver up to three times as much soft water as is used by the average family.

FILL ONLY TWICE A YEAR
Hydro-King works on the proven principle of salt regeneration. However, instead of adding salt each regeneration, as with ordinary softeners, you merely fill the big Reserve Salt Bin in your Hydro-King once in four to eight months. That's all!

ACCURATELY CONTROLLED
Salt, as it is needed for regenerating, is automatically drawn from the Reserve Bin in precisely the proper amount, mixed accurately with water, and passed through the softening resin at the exact flowrate. It's done for you, right . . . every time!

EFFICIENTLY BACKWASHED
Besides softening your water, Hydro-King also filters it! Then, during regeneration, Hydro-King cleans itself by backwashing with salt water. This revolutionary jet-action lifts sediment and iron out better, keeps softening resin far cleaner than ordinary backwashing with plain water.

SAVES 50% ON SALT COST
No expensive "special" softener salt in the Hydro-King. You use only inexpensive salt costing up to 1/3 less . . . and the efficient Hydro-King uses ¼ less salt per gallon of water softened. Net savings on salt for average family: over $10 a year!

ELIMINATES WATER WASTE
With a Hydro-King, you never "forget to shut off the softener." It uses only the amount of water needed—only 35 gallons for both backwashing and regenerating. There's no danger here of straining a pump or overloading a septic tank.

COMPACT BEAUTIFUL
You'll be proud of this beautiful appliance, with its gleaming white baked enamel finish, in your basement or utility room—even in the kitchen. What's more, it takes up only slightly over two square feet of floor space.

RUGGED LONG-LIVED
All component parts of the Hydro-King are of the finest materials available—valves of 85-5-5-5 brass, other water carrying parts of heavy gauge steel, hot-tip galvanized, or rust-proof plastic. Dowex softening resin.

A PRODUCT OF EXPERIENCE
The Johnson Hydro-King is itme tested. The controls are the same as those used on our standard automatic, which has proven successful. The difference is that the whole unit is now enclosed in a modern cabinet.

Man's need for spiritual alertness will be emphasized in the Lesson-Sermon "Ancient and Modern Necromancy, **alias** Mesmerism and Hypnotism, Denounced" at Christian Science services Sunday, November 27.

Selections from the Bible will include the following passages from the Sermon on the Mount (Matt. 7:15,16): "Beware of false prophets, which come to you in sheep's clothing, but inwardly they are ravening wolves. Ye shall know them by their fruits. Do men gather grapes of thorns, or figs of thistles?"

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read (134:28): "There is divine authority for believing in the superiority of spiritual power over material resistance."

The Golden Text is from I Corinthians (16:13): "Watch ye, stand fast in the faith, quit you like men, be strong."

St. Peter Lutheran Church To Hold 3 Thanksgiving Services

St. Peter Lutheran church, Arlington Heights, will mark Thanksgiving this year with 3 divine services. They will be held Wednesday, Nov. 23, 8 p.m. in English and Thursday, 9 a.m. in English and 10:30 a.m. in German. The pastor, Luther V. Stephan, will deliver the sermon based on the theme "The Thanksgiving of an American Christian."

The service at 9 a.m. Thursday is a new one and will make it possible for some families to attend a Thanksgiving service in 2 shifts. A special offering will be received from the membership for the furtherance of church and school.

4-H News

Recognition night for 4-H clubs in North Cook county was November 10 in the girls' gym of Arlington Heights high school. Marlene Krambeer, a 4-H member for 8 years, presided at the meeting as M.C. Mrs. Jessie A. Coulter, Asst. Cook county home advisor, awarded the honors to the home economics 4-H clubs, while John Bickett, farm advisor, gave the agriculture clubs their awards.

After a get-acquainted game, Nancy Wichman of the TNT club initiated the new officers of 4-H Federation. Betty Lou Shulse is the new president, vice president is Wesley Plote, secretary is Judy McCail and treasurer is Roy Nickel.

The Up and Doing club was awarded the plaque for the third consecutive year, therefore, the club may keep the plaque temporarily until a plan is decided upon in the case of a club winning the plaque 3 years consecutively.

The plaque is awarded each year to the outstanding 4-H club in Cook county. In the 8 years that the plaque has been awarded, the only club other than Up and Doing to win the plaque is the TNT club.

The Up and Doing club has been led by Mrs. Edwin Deeke for the past 5 years. Mrs. Deeke received the silver clover award for 5 years leadership at recognition night. Besides the honor of club of the year, the Up and Doing club also received the rural arts and recreation award.

Diane Deeke and Helen Grimm were junior leaders of the club last year. Diane was awarded state project honor, county project honor and county outstanding. Diane is delegate to junior leadership camp in Bloomington. Diane also received pins for food preparation, junior leadership, state fair dress revue, and a yeast bread demonstration. Diane received a $10 gift certificate for modeling a dress that she made. She was among 4 girls selected from Cook county to model at a leaders' luncheon November 9. Diane is in her seventh year of club work and this year is her club's delegate to 4-H Federation.

Lois Von Bergen of the Future Homes 4-H club is one of 8 girls in Cook county to be given the honor state outstanding. Lois also won the farm and home safety award, and was a junior leader of the club. She is in her 8 year of club work, and this year is her club's delegate to Federation. She was also awarded County Outstanding, State and County Project Honor.

Sue Horbus, Mary Kaiser, Susan Kappa, Veronica Krause and Bernice Pfluger received county and state project honor. Rosemarie Razim and Judy Kessler are county project honor. Sharon De Palma was awarded the blue ribbon for electricity. Mrs. Noel Foss has been the club's leader for 2 years.

Helen Grimm was awarded county and state project honor and county outstanding. She also received a pin for farm and home safety. Judy Moehling received county and state project honor and county outstanding. She received a pin for frozen foods preparation. Sandra Busse was awarded a pin for state dress revue.

Sharon Garlisch, Marcella Beigel, Bonnie Loy, Laura Scharringhausen, Sharon Luczak, and Sandra Moehling are county project honor.

TNT 4-H club held their recognition night Monday at Elk Grove school. Nancy Wichman, Nancy Heimsoth, and Sally Wichman were awarded county and state project honor and county outstanding. Sally also received a clothing medal. Nancy Wichman received a blue ribbon for electricity and a medal for food preparation. Ann Nunamaker and Kay Mahler were awarded county project honor.

Boy Scout Activities

Week-end of November 5, 3 boys of Elk Grove boy scout troop 58 attended a specialized training course for boy scout junior leaders. David Gates, James Post and Larry Hogan attended from troop 58. Each troop of the Blackhawk district selected 3 boys to attend. The boys learned new cooking methods and made biscuits and baked apples. The course was at Camp Baden Powell on River rd., Des Plaines.

The weekend of November 11, 9 boys from troop 58 attended the fall pow wow of the Blackhawk district at Herricks lake in Du Page county. They went on a 5 mile hike through the forest. They shot bow and arrows, made Indian costumes from old feed sacks and read compasses. Several of the boys in the troop are anxious for the next board of review meeting when they will know if they passed tests of requirements for second class scout ratings.

The Elks, Elk Grove basketball team, practiced at St. Peter school in Arlington Saturday. Mr. Rabattini will coach the basketball team.

Cook county dental mobile unit will be at Elk Grove school November 30 to inspect the children's teeth. This is the first phase of the dental program to be carried out this year.

Mothers club tea was November 17. The next meeting of the mothers club will be December 8 at 1 o'clock. The lower grades will entertain with Christmas themes and will be first on the program. The business meeting will follow.

The eighth grade is sponsoring a paper drive December 8, the same day as the Mothers club meeting. Paper should be brought to the school after 3 p.m. Wednesday or by 1:30 p.m. Thursday. This paper drive will be for 1 day only since the school does not have the facilities for storing papers in the building for a period of time. Paper will be loaded on a truck as it arrives.

Hot dog sales this year will be taken over by the eighth grade class. The first sale will be Thursday, Dec. 1. Hot dogs will cost the same as before and order blanks will be sent home so that the amount of hot dogs needed can be ordered. Eighth grade girls and their mothers will prepare the hot dogs. The eighth grade is planning 3 sales to earn money for their Springfield trip.

Mrs. Grosche's home economics class went to Dunteman's dairy Tuesday.

The first student council assembly for the school year was last week. Carolyn Miedema announced that council is going to purchase a table for the science room. They are also making a gift of 3 basketballs for the basketball team.

Jessie L. Johnson

Funeral services for Mrs. Jessie L. Johnson, late resident of 317 S. Vail, Arlington Heights, were held Tuesday, Nov. 22, at Black's Memorial chapel in Arlington Heights with the Rev. Paul L. Stumpf officiating. Interment, Mt. Emblem cemetery, Elmhurst.

Mrs. Johnson was born October 27, 1880 in Granville, Ohio and was united in marriage to Oscar A. Johnson in Chicago. Following their marriage the Johnsons made their home in Chicago. Mrs. Johnson has been a resident of Arlington Heights for the last 5 years. Her husband, preceded her in death in 1951. Mrs. Johnson leaves 2 daughters, Mrs. Elizabeth D. Sutter of Burlington, Wis. and Miss Elaine Redding of Arlington Heights.

Ida K. Grunst

Services for Mrs. Charles A. Grunst, mother of Wheeling trustee John Grunst, were held yesterday at 2 p.m. in Redeemer Evangelical Lutheran church, Cicero. Mrs. Grunst, 75, of 68 Delaplaine rd., Riverside, died suddenly Friday evening of a heart attack. In addition to her son, she leaves her husband, Charles, 2 sisters and 2 brothers.

Charles Lonergan

Charles Lonergan of Wheeling township was buried in Maryville academy cemetery, Des Plaines, after funeral mass November 15 at Maryville academy. He was born July 28, 1901 and died November 12 at the academy where he was employed.

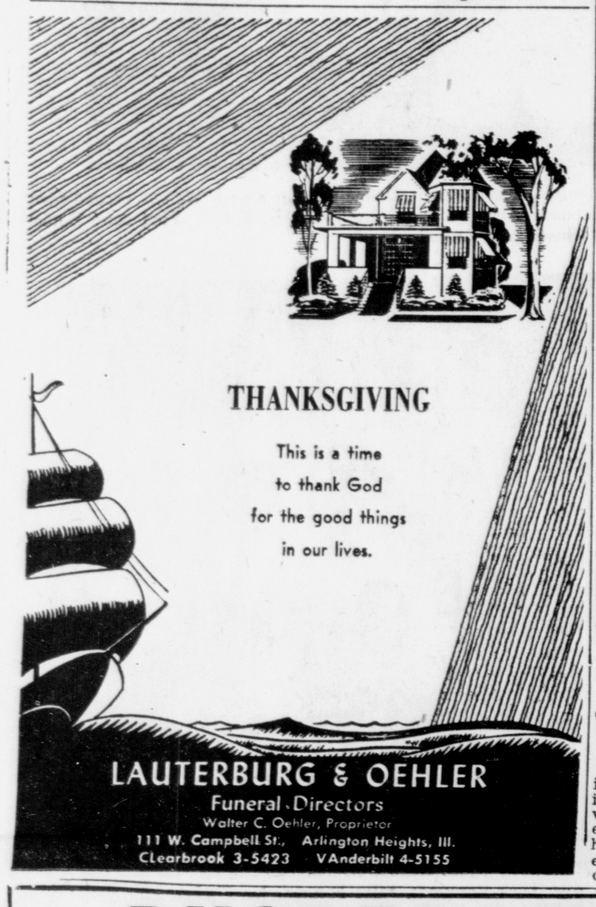

Rosary services were held November 14 at the Oehler funeral home in Des Plaines. He leaves a sister, Alice Bailey.

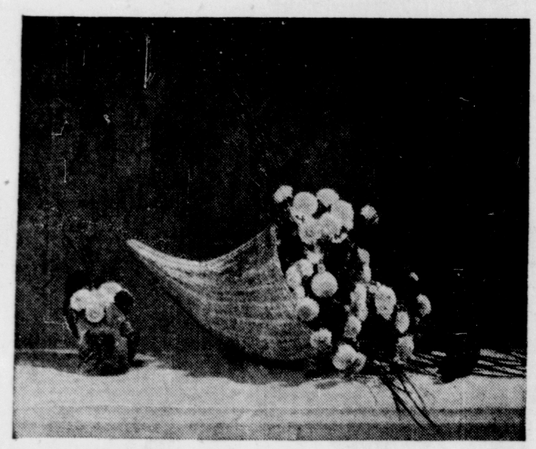

Edna Speerschneider

Funeral services will be held at 1:30 p.m. Wednesday, October 23, at the Oehler chapel in Des Plaines for Mrs. Edna Cole Speerschneider of Des Plaines.

Mrs. Speerschneider was born January 14, 1899, and died last Saturday. She leaves her husband, Louie H.; her children, Chester of Fox Lake, Ervin of Mt. Prospect and Mary Makos of Des Plaines and the late Catherine Louise; her brothers and sisters, Paul Sherrod, Wilbur Sherrod, Velma Cole, Mattie Oliver and Tom Goodwin; 9 grandchildren.

Mrs. Speerschneider was a past president of the Bible Faith workers. The Rev. Tecklenburg officiated at the services and interment was in Ridgewood.

THANKSGIVING pompons in Horn of Plenty and pottery ornament. Lines of arrangement are in tune with the holiday accessory. Cornucopias (Horns of Plenty) originate at Hong Kong and are symbolic of Thanksgiving abundance.

Frank Runge

Funeral servicer for Frank Runge, 940 N. Dunton, Arlington Heights, were held November 21 at St. John Evangelical and Reformed church with the Rev. Gerhardt Meiners officiating. Interment was in St. John cemetery, Arlington Heights and arrangements were in charge of Black's Memorial home.

Mr. Runge was born May 3, 1869 in Manheim, Ill., and was confirmed at St. John church, Bensenville, by Pastor Bernard in 1883. He was married to Alvina Landmeier in St. John church in Bensenville in 1893. Following their marriage the couple made Mt. Prospect their home and in 1921 moved to Arlington Heights.

Mr. Runge was a church treasurer for 40 years, a director who organized the Mt. Prospect high school prior to its merging with the Arlington Heights township high school, president of Feehanville school board for 27 years and a charter member of St. John Evangelical and Reformed church.

He leaves his wife, Alvina; 4 children, Richard, Otto, Mrs. Amanda Harbecke and Barnie; 5 grandchildren and 2 great-grandchildren.

Victor Sokolovsky

Victor Sokolovsky, who lived and worked for Stavros Bros. on Buffalo Grove rd., Arlington Heights, died November 16. Funeral services were held Saturday at Lauterburg and Oehler funeral home in Arlington Heights with the Rev. Birger Dahl officiating.

Mr. Sokolovsky was born December 10, 1885 in Russia.

Two Plywood Cores

Hardwood plywood is available in two kinds of cores. Lumber core is generally used in projects involving work on the plywood edges — dowels, mortising ,edge hinges. Veneer core is used where edges are not a factor, as in the case of wall paneling.

Mrs. Regina Zimmer

Funeral mass was held Monday at 10 a.m. from St. James church for Mrs. Regina Zimmer, a former Arlington Heights resident, who lived in Grayslake at the time of her death. She died in an Arlington Heights rest home and was preceded in death by her husband, George, who was in the delicatessen business in Arlington Heights for many years, and by a daughter, Estella Kessler.

Rosary services for Mrs. Zimmer were held in the Lauterburg and Oehler chapel in Arlington Heights Sunday.

Mrs. Zimmer leaves a grandson and the following brothers and sisters: Michael of Prairie View, Fred Wagner of Grays Lake, Kathryn Hibbard of Lake Geneva, Irving Wagner of Waukegan and Barbara Trubey of Waukegan.

Rev. George Stier officiated at the service and burial was in St. Mary cemetery in Buffalo Grove. The Zimmers were married 48 years ago in St. Mary church, Buffalo Grove.

Around-The-World Film Lecture At Maine

Everyone enjoys travel, even if it must be from the arm chair. For all travelers, actual and dreamers, there remain 6 of the community travel lectures offered at Maine township high school in Des Plaines. With the exception of the final program, all have been scheduled for Wednesday evenings in Maine's new auditorium. "Strange Place, Strange People" is the subject of Comdr. Irving Johnson's picture of his sixth around-the-world voyage under sail to be shown November 30. Jean and Ken Krippene risked their lives to film the unexplored jungles of Peru in natural color; "Green Hell of the Amazons" is the title of their December 14 film.

Splitting The Net

Coach Art Keller's Carthage college grid team has completed one of its best season's in football history at the 86-year-old institution. The 1955 good 6-2 record has only been bettered twice since the college's first grid game, which was played in 1895.

The best season ever posted was in 1953, when Keller came through with an 8-1 record. The Redmen have never had an undefeated season, although they came close that year. This season's record was barely bettered in 1936 with a 6-1-1 and was tied in 1921 with a 6-2.

* * *

WITH THEIR season completed, the Redmen rank high among small colleges in the nation, according to statistics compiled by the National Association of Intercollegiate Athletics. The NAIA has rated Carthage as the second best defensive team, since the Redmen held their opponents to an average of only 125 yards per game.

They also rank eighth in the offensive rushing department with an average of 277.3 yards per contest. For total offense, which includes passing, they hold down the 12th position with an average of 325.3 yards per game.

Junior quarterback John Eakins of Arlington Heights ranks third in the nation for punting. Eakins kicked 27 times for an average of 42.3 yards per boot.

* * *

COACH KELLER'S crew did well in virtually every department. The ball was carried 476 times for a net gain of 2219 yards -- an average of more than 277 yards per game. In contrast, the opponents lugged the ball 282 times for a net gain of 840 yards, or an average of 105.

The Redmen took to the air with 58 pass attempts of which 21 were completed for 384 air-borne yards. None of their passes were intercepted and four were good for touchdowns. Their adversaries completed 16 out of 65 passes, netting 162 yards. Seven passes were intercepted by Carthage.

* * *

"A good squad with height, speed, and better depth than Illinois has had in several years." That's Coach Harry Combes' forecast for his ninth Illini basketball team which opens a 22-game schedule Dec. 6 against Butler in George Huff gymnasium.

"We've had a good many full-length scrimmages and there's been little to choose between the first 10 men," Combes reports. "We started with an all-veteran five opposing one letterman and four sophomores, then we've gradually worked the first-year men into various combinations.

"It wouldn't surprise me if some of these sophomores push the more experienced men for starting positions before the season begins. If so, we'll definitely have a better bench than last year."

* * *

LETTERMEN are led by Capt. Paul Judson, 6-4 senior guard from Hebron. Others are Harv Schmidt, 6-5 junior forward, Kankakee; Bill Altenberger, 6-2 junior forward, East St. Louis; George Bon Salle, 6-8 junior center, Chicago (Loyola Acad.); Bill Ridley, 5-9 senior guard, Taylorville, and Bruce Brothers, 6-5 senior forward, Quincy.

Another letterwinner from 1955 will bolster the squad next week when Hiles Stout, 6-4 junior forward from Peoria (Central), will report from the football squad.

Most promising candidates are Larry Breyfogle, 6-3 forward from Lawrenceville; Ted Caiazza, 6-7 center from LaGrange; Don Ohl, 6-3 guard from Edwardsville, and Johnny Paul, 6-1 guard from Elgin.

In addition to foregoing candidates, Combes also lists five other sophomores who may develop as definite varsity candidates. They are: Jim Chengary, 6-3 forward, Chicago (Bowen); Arnold Dauksavage, 6-2 forward, Elgin; Bill Bolk, 5-11 guard, Terre Haute, Ind.; Mort Miller, 6-2 forward, Chicago (Roosevelt), and Ray Thonn, 6-2 guard, Proviso (Maywood).

* * *

THE 1955-56 Notre Dame basketball team will possess something which they have not had for the past few years--adequate reserve strength--but they will be lacking another item with which they had been fortunately blessed for the past four seasons: the presence of Jack (Junior) Stephens, who holds a good many of the all-time Irish scoring records.

Four of the five starters from last year will be returning. They are: Captain John Fannon and John Smyth, forwards; Lloyd Aubrey, center; and Bill Weiman, guard. Fannon, Aubrey, and Weiman are seniors and Smyth is a junior. Ordinarily, the fact that such an experienced nucleus is present would be a cause for optimism but the picture is darkened considerably by the loss of a performer of Stephen's great worth. The 1954-55 captain finished his career with a total of 1,314 points, tied the Notre Dame single game scoring record (35 points), and was named to the Helms Foundation first team All-American.

Christmas Seal Drive Going On Schedule

Opening days of the 1955 Christmas Seal sale have already resulted contributions of nearly $100,000 from Chicago and Cook county.

The campaign opened November 16, when 20 tons of Christmas Seals to decorate cards and gift packages reached more than one million homes.

"The need for a bigger tuberculosis program than ever before can only be realized through increased contributions from Christmas Seals," said Herbert C. DeYoung, president of the Institute.

"The decreasing death rate is not the full measure of the tuberculosis problem. Although there were 98 fewer deaths last year the number of cases are not declining. There were 4,334 new cases in Chicago and suburban Cook county last year compared to 4,053 in Chicago and the suburbs the year before.

"While new drugs and surgery have prevented many deaths, and the extensive chest X-ray programs are finding more cases and finding them earlier there are many 'unknown' cases in the area which we must discover," De Young said. "Christmas Seal dollars are responsible for more than half of the million X-rays expected by the end of this year in addition to the research, rehabilitation and health education programs conducted by the Institute."

SHERIFF JOSEPH D. LOHMAN offers congratulations to Stuart R. Paddock, editor of Paddock Publications, for the newspapers' successful crusade to post a 45-mph speed limit on Rand rd. Sheriff Lohman cooperated with the papers in campaign initiated September 22 to cut the high accident and fatality rate on Cook county's highway death trap.

These fall ties by Wembley, which is fast becoming known as "the tie with the color guide to good appearance," are to be worn with either a blue or grey suit.

SHERIFF LOHMAN meets officers directing the northeast-northwest district meeting of the Illinois Association of Student Councils. The group met in Palatine Saturday and heard Lohman give the keynote address of their annual meeting. Left to right are Diane Rothenberg, treasurer; Maxine Segebrecht, convention secretary; Sheriff Lohman; Chuck Mee, president; Ruth Vorpahl, secretary; Joe Stajulak, first vice-president, and Jim Steven, second vice-president. —Staff Photo

GIRL SCOUTS set tables for faculty dinner last Thursday. Eighteen members of public school faculty enjoyed dinner prepared and served by senior girl scouts of troop 95, northeastern patrol, at the H. Bruce Rasmussen home, 202 Windsor drive. Proceeds of the dinner were turned over to the hospital fund. In the photo, left to right, are Gail Smith, Babs Rasmussen, Judy Maitland, Julianne Zimmerman and Jean Sullivan.—Community Camera.

TRAINEES

We are starting a training program at our new Glenview Plant at Lake & Pfinsten. (Just west of the Glenview Naval Training Station). In this program young men will be taught to set-up and operate milling machines and drill presses. They will also learn how to read shop prints, and how to use variable measuring instruments such as micrometers, surface indicators and height gauges and the actual setting up and operation of the machines for precision machining.

If you are a young man, preferably a high school graduate, and want to learn a trade this is a real opportunity for you. You will be paid well while you learn and your chances for future advancement will be excellent.

Please apply at our plant on Friday or Saturday or telephone us at Glenview 4-6100 for more information.

Farm Records Help Steer Farm Business

Running a farm without good farm records in these days of close figuring is like walking through a rearranged living room in the dark, says Farm Adviser, Carl F. Mees.

In urging all Cook County farmers to keep accurate records in 1956, Mees emphasizes that it's the only way to determine the profitable and money-losing phases of the farm business.

Records tell exactly where the cost dollars went. They show crop yields, livestock procuction, the sale price of major products and a lot of other valuable information.

* * *

BY STUDYING these facts, a farmer can tell exactly where he is going and can steer his farm business more surely toward more profit.

Mees says that, although there are several good farm account books on the market, one of the best and most economical you can get is the Illinois Farm Record book. It's easy to keep and can be used in several ways: for income tax reports, as a credit statement, for records on social security tax payments and for a self-study of the farm business to locate profit leaks.

G. B. Whitman, farm management specialist at the University of Illinois College of Agriculture, says more than 30,000 Illinois farmers are using this record book.

Bensenville Industry

Light or heavy industry? Or why are the president and trustees of Bensenville village and zoning board in such a great hurry to make a mill town out of this village? No one questions the need for industry here but certainly no one can condone a policy which is non-selective about it. Is the town in such a bad state that it must be turned into a "Gary" to survive? Do the city fathers intend to drive out a group or groups of desirable taxpayers and property owners by ruining at least one group of constantly improving home properties averaging 3 years old?

They have already approved the manufacture of cast iron pressure pipe in what has become part of the town. One of the manufacturers' representatives stated the help employed "won't be scientists." Now the boards propose to approve the manufacture of pre-cast concrete products on a recently annexed property immediately adjacent to a practically new residential area. It seems safe to say **Scientists** will not form the bulk of the employees of this firm either. The number is variously quoted as being from 10 to 100, and we can't honestly believe the help will come from this area. We believe it will be recruited elsewhere.

* * *

FIRMS LISTED in the Chicago phone book as manufacturing this type of item produce concrete floor joists, etc. up to 30 feet long. This is light industry? Curing is done by kiln or storage in the open. Either will be offensive. Heavy trucks will be a necessity and a constant danger all through the town.

When the raw materials in large quantities are fed through hoppers the dust will settle on roofs and lawns, etc. and even enter the homes. These are not opinions or hearsay but factual data from authoritative sources. We believe there are many much more desirable types of enterprises that could be attracted to the town if a real organized effort to contact them was made.

* * *

THE VILLAGE and zoning boards would be well advised to think carefully of the future undesirable consequences rather than the few dollars of tax money which appears to be fascinating them now.

Our belief is that they can have their cake and eat it too by the creation of a buffer zone of small **genuinely light manufacturing plants** employing higher type help in architecturally acceptable, landscaped properties, and these will not become eyesores or offend the other senses with smoke, dust, noise or heavy truck traffic. In addition these would not deal such a crushing blow to property values in the area.

We call the board's attention to Section 1, Article 7, subparagraph S of the zoning ordinance. We do not believe the intention is to condone the manufacture of "cast iron pressure pipe" or "pre-cast concrete slabs." Also the first paragraph of the zoning ordinance makes reference to the "homeowners safety and comfort." The boards are jeopardizing these precious estates now and the health, lives and properties of the whole town are involved.

Good Season

Before the football season is forgotten, I think mention should be made of several factors responsible for the success of Arlington during the past season.

First of all, credit must be given to the Cardinal coaching staff, head coach Bus Ormsbee and assistants Bob Scott and Art Serfling. Coaches are often blamed for losing seasons, but rarely are they accorded their fair share of credit for winning seasons.

The installation of the split-T formation was an Ormsbee idea. It was his decision to advance 2 sophomores to the varsity squad, particularly at the all-important QB position. This was the first time in several years that an Arlington team scored over 100 points.

* * *

THE PLAY of the Arlington line was definitely improved and the man behind this job was Bob Scott. Not only is he responsible for better line play, but Coach Scott is responsible for the outstanding spirit shown by the Cards. The enthusiasm with which he went about his work certainly asserted itself in the play of the team.

Coach Art Serfling was also a valuable addition to the coaching staff. He deserves mention for improved end play and improved defense. Cardinal ends gave a good account of themselves. Arlington was third in the WSC defensively. This is a tribute to the work, strategy, and tactics of Serfling. Fewer points were scored against Arlington this year than in the last several years.

* * *

A SECOND factor which led to gridiron success for the Cardinals was the attitude of the team. Spirit was tremendous throughout the season. The players trained to the letter. Seniors, juniors, and sophomores all treated each other alike. In this respect the team was "one great big happy family," a term often used by the coaches.

A third factor that cannot be omitted was the work on and off the field of Captain Jack Ebert. Jack did not have a great deal of natural ability, but through desire and a lot of hard work made himself a football player. He was unequalled as a captain and leader, establishing himself as one of the top team captains in Arlington athletic history.

Tell The Story

I think Mr. Harwell is correct when he said to the Associated Press managing editors association: "Insofar as one newspaper in America fails in its responsibility, democracy is by that much weakened and the voice of democracy loses that much of its effectiveness.

"The duty of newspapers to be strong and clear voiced applies not only in national affairs but in the hundreds and hundreds of city bodies and other public groups throughout America!

Only time will tell the great damage you have done to your communities because of your failure to serve as you should.

Why More Annexations?

It was gratifying to note at the last village board meeting that some of our trustees are, at long last, endeavoring to "throw a block" into another proposed annexation —that of 40 acres lying North of Arlington Greens. Other trustees, however, still continue to play "footsie" with promoters and builders, who seem to take up most of the time at these meetings, to the exclusion of more important village business.

The most ridiculous argument advanced for annexiing the proposed subdivision is "the desirability of providing a buffer zone against a septic tank development!" I don't believe our Scarsdale neighbors are unduly alarmed at the proximity of the beautiful $40,000 to $50,000 homes adjoining them, many of which have septic tanks! Furthermore, the ruling of the county zoning board making it mandatory to file a $2,500 2-year performance bond to guarantee proper functioning of septic tanks has practically stopped applications for building permits in is the pressing need for a "buffer unincorporated areas; so where area?"

Recently, when discussing taxes with authorities in the county assessor's office I was told we "deserve all the taxes we are getting for allowing uncontrolled and indiscriminate annxeing and building, thus crowding our schools, taxing our water and sanitary facilities, etc.," and that "there must be something wrong with local authorities who condone this practice."

Too bad our trustees do not see eye to eye on this important matter.

Very Troll

In Columbus, Ohio a first-grade teacher was telling her class the story about the ugly troll who lived under the bridge. "Why," she asked the class, "wouldn't the old troll let the billy goats cross the bridge?". "I know," a six year old volunteered, "because you have to pay money to cross a troll bridge."

QUITE CONTRARY

BY MARY

The old, familiar rush is upon us and it is with quickened breath and even more quickened feet that we are starting the holiday merry-go-round. Every newspaper, every pitchman on radio and television is letting it be known that Thanksgiving is here and old Saint Nicholas is peeking over our shoulder.

The wishbook, any mail order catalog, is the most popular reading matter at our house. Our youngest has pointed out every toy in the Sears book and indicated strongly that if we aren't forthcoming with her desires, Santa is the boy she is going to see. The older ones, bless their little pointed heads, are starting to make lists but the lists are for what they are going to buy for others. Sometimes they are almost worth it.

Once more we are resolved to get the whole thing over with early but in our innermost heart we know that it is a lie. We shall close up the shops with the shop girls on Christmas Eve and annoy the dickens out of the post office department by mailing late. But, at the moment, we are filled with high resolve and the usual scarcity of wherewithal.

There is a certain photography studio in these parts that take nothing but pictures of children. They are smarter than you would believe. We had assured all members of our family that of course we were going to have the baby's picture taken any day now.

It was borne upon us the other day that the baby was in school and could hardly qualify in the baby department any more. In fact, it is a miracle that she has not lost teeth which would put the bee on any pictures at all. We do not consider the toothless period as the most beautiful.

So we rushed her into the studio and she sat. The proofs are so beautiful that we understand why the studio takes so many shots. We are about to purchase them all and economize 6 other places. We suppose that it is another case of the best mousetrap catching the best paying mice. And the walls will look well paved with pictures of the youngest. We will get her to autograph them to give our home that Pump room touch.

Daughters Of Artificial Breeding Bulls Are Far Above Average

Daughters of Illinois cooperative breeding association bulls are producing well above the average of other good cows.

J. G. Cash, extension dairyman at the University of Illinois College of Agriculture, reports an average production of 448 pounds of butterfat for the daughters of bulls used by the two Illinois associations.

This average was figured on the 17,257 records reported since 1943 on daughters of cooperative breeding association sires, Cash says. The average production was figured on a 305-day twice-a-day milking mature equivalent basis.

The 13 year average of 448 pounds compares with an average of 420 pounds for all sires proved in Illinois in 1954 and an estimated average of 418 pounds, figure on the same basis, for all dairy herd improvement association cows.

Commemorating the first harvest celebration of the Pilgrims we give thanks for the blessing of living in this country today, and take this opportunity to express our deep appreciation for the loyalty of our friends and neighbors.

County 4-H Leaders At Meeting In Springfield

Two of the Cook county local volunteer 4-H club leaders were honored for their faithful service to rural youngsters this week as a follow-up of National 4-H achievement day.

These leaders were chosen to represent all county 4-H club leaders at the 10th annual 4-H leaders' recognition day program and luncheon at the Hotel Abraham Lincoln in Springfield Tuesday, November 22.

Those honored from Cook county included Edwin Benhart, R 1, Roselle, leader of the Schaumburg 4-H club and Melvin Hoger, R 1, Matteson, leader of the Rich-Bremen 4-H club.

* * *

ASSISTANT FARM adviser John H. Bicket, says that it is the local volunteer 4-H club leader in each county who makes the 4-H program a success. They have really earned all the public recognition they can get for the time and hard work they put in to make the acheivements of their club boys and girls possible.

The county leaders' delegation to Springfield started the day's activities by registering in the lobby of the hotel. At 10 a.m. they gathered in the auditorium of the Centennial building on the state capitol grounds to hear a program based on the theme, "Know Your State Government."

* * *

LT. GOVERNOR John W. Chapman discussed "How the Legislative Branch of Your State Government Works." Milton D. Thompson curator of the state museum, then told about the exhibits in the museum.

From 11:30 a.m. until 1 p.m., the delegates toured the museum, the state capitol building and other spots of interest around Springfield. Starting at 1 o'clock, the annual recognition luncheon was served in the main ballroom of the Abraham Lincoln hotel.

Featured luncheon speaker was Charles J. Hearst, Cedar Falls, Iowa, farmer, who was a member of the group of Iowa farmers who recently toured Russia. Hearst told about some of the experiences the group had when they visited farming areas behind the Iron Curtain.

Greetings were brought to the leaders by representatives of the county farm and home bureaus, the Illinois chain store council and the Illinois extension service, all of whom cooperated in sponsoring the event. (4-H

Future Homes 4-H Visits Chicago Loop At St. Mary's

Future Homes 4-H club went to downtown Chicago November 11. Members visited Herrschners hobby shop where they got ideas for new and interesting handicraft projects.

They lunched and then visited Carson Pirie Scott and company's fabric department. Dennison's hobby shop was also visited for handicraft ideas.

Next meeting of the group will be November 25 at 1:30 p.m. at the home of Susan Horbus.

Vo-Ag Class Elects Officers To Aid FFA

Students of the first year vocational agriculture class at Arlington Heights high school have elected officers who will serve as junior officers of the Future Farmers of America chapter, conducting meetings of the underclass section which cannot meet with the upperclassmen on the present school schedule.

Jim Schroeder was elected president and will act as liaison between the 2 sections of the chapter. Other sophomores elected were Gordon von Berger, vice president; Kenneth Linneman, treasurer, and Jim Stade, reporter.

Freshmen elected to office were Don Ahmer, secretary; and Stanley Boehne, sentinel.

DOWN ON THE FARM

with Your Farm Adviser
CARL F. MEES

The Illinois agricultural association held its 41st annual meeting at the Hotel Sherman, November 14-17. Many interesting problems were presented before the delegate body.

There were many sessions being conducted at the same time, so one had to choose the most interesting for him to attend. One of the most inspirational addresses I heard was delivered by the honorable Nicholas Nyarodi (former minister of finance of Hungary) now chairman of the department of economics, Bradley university. He told of conditions that existed in Budapast, Hungary, before the war, during World War II and now. He also stated he knew some of the Russian farmers that made the farm tour in the U. S. during the past summer. He particularly commented on one individual he knew that was not a farmer at all, but a high official of the Russian government.

* * *

MOST INTERESTING comment he made about us, I thought, was the indifference of the people in the United States. He told of all of the efforts put forth by the chambers of commerce to get people out to vote, that baby-sitters are furnished automobiles take the people to the polls, the many other incentives, and when the results are tabulated only 60 per cent of the eligible voters voted and 40 per cent stayed home.

He said this indifference of our people will do more than anything else to break down our own country. In Hungary before the war, 95 per cent of the people voted at the last election. I think he had a good point and we should do all in our power to correct this situation. Next year is an election year so let's start now giving it thought, If you ever get a chance to hear this speaker, go, for it is well worth your time.

* * *

AN INFORMATIVE address was given by Dr. H. B. Russel, head of the agronomy department, University of Illinois, Urbana. He told of the various research projects carried on at the University of Illinois. I think many times we do not give the research men at the universities due credit for many of their great findings.

One thing he said of particular interest to me was that by the introduction of certain chemicals to corn plants as many as 6 ears of corn could be grown on one stalk. I hope they do not develop that process too fast, for we do not know what to do with all the corn now when we are growing only 1 or 2 ears per stalk. At least its nice to know that it can be done so that when it is necessary to have more food we know how to produce it.

* * *

MOST DISCUSSED subject at the convention was the price of farm products. I heard $.90 and $1.00 corn mentioned often. There were several solutions proposed. Some thought a return of 90 per cent parity and strict acreage controls; others thought to remove the controls entirely; others thought of a soil bank plan and it was mentioned by at least one individual that an 8 hour day for farmers would help our over-production.

This is a great and serious problem to farm people. I hope the great minds of agricultural leaders will come up with a workable solution in the near future. I'll assure you the problem is being studied by all agricultural leaders. (Fm

Higher Demand For Pork Not Affecting Farm Pockets

An unusually strong consumer demand exists for all meat products but it is not helping live stock prices reports National Live Stock Producer, the nation's leading livestock magazine.

The strong demand reflects an uptrend in population, increased employment, record consumer income and expanded use of credit. More people have moved into meat consuming income brackets increasing the number of meat consumers as well as the per capita consumption.

* * *

THE LIVE STOCK producer and feeder would ordinarily be sitting on top of the world with such a favorable demand situation because it is logical to expect live stock prices to reflect supply and demand conditions. A major increase in demand would normally be passed back in the form of higher prices.

In the case of retail meat prices, the increase in consumer demand has offset much of the effect of the increased supply. However, this has not been true of livestock values as the market reflects the increased supply and any increased demand.

* * *

THE MAIN reason is that much of the increased income to the consumer is a reflection of increased costs between the livestock producer and consumer. There is also an inflationary uptrend in processing and distributing costs. Most of this is being taken off livestock values.

With increased meat supplies, there is also the usual lag in the adjustment of retail meat prices to the increased quantity to be consumed. This tends to offset increased demand and forces livestock prices lower by maintaining wider processing and distributing margins.

Corn Belt Farm Income Off More Than Average

Farm income in Illinois, Indiana and Iowa is currently running 10 per cent below year-earlier levels compared with a 4/5 per cent drop nationally, according to the Federal Reserve Bank of Chicago. Writing in its monthly review, "Business Conditions," the bank says that sharply lower prices for hogs are behind the income slide-off.

Hog marketings have been holding 15 per cent above a year ago while prices are down 30 per cent. In the three affected states, production of hogs accounts for nearly one-third of total farm income. Lower prices of cattle, corn and soy beans, the bank adds, have also served to push farm income down in the Midwest.

THE CORN BELT, however, largely escaped the decline in cash receipts that plagued the rest of the country in 1953 and 1954. At that time hog prices and other major Midwest farm commodities were at favorable levels while drouth and acreage cuts in cotton and wheat were the chief causes of income declines elsewhere.

In the Seventh Reserve district's two dairy states, Michigan and Wisconsin, the farm income downtrend since the 1951-52 high has about matched the U.S. figure. Moreover, higher milk prices and lower feed costs have recently helped maintain dairy incomes in these states.

Former Farm Bureau Head Urges Keep Politics Out Of Farming

Political solutions to the farm problem may be good for politicians, but they are certainly bad for the long-time best interests of farmers, Allan B. Kine, former president of the American Farmer Bureau Federation said.

Speaking to farmers attending the 41st annual meeting of the Illinois agricultural association in the Sherman hotel, Kline said there are those who consider the problem as fair game for partisan political fighting.

Kline, a Venton, Iowa, farmer, said that the most immediate job is to produce for the actual market.

"We have made progress here," he stated. "Current production is almost in balance with current use. At least in part, present surpluses have resulted from postwar politics in farm programs.

"This we canot afford in the future," the retired AFBF head said. "Every effort to expand markets at home and abroad is in the interest of farmers and others.

* * *

"WE NEED to guard against the sort of political proposals which retard efficient employment of the farm labor force. Fourteen million people have moved from farms in the last 20 years. We in agriculture would surely be in desperate straits if current agricultural income were being divided among many millions more people who had been kept on the farm by government action," Kline said.

"Even as things are, underemployment is a real problem for almost a million farmers. Some of these families can improve as farmers and deserve assistance.

"Many of them can do much better at something else," he stated. "They, too, should be helped with vocational training and job placement services. This makes better sense for them, for other farmers, and for America," Kline added.

He said that we are not in as bad shape as farm price and cost statistics suggest.

* * *

"OPERATORS' net income is also affected by efficiency. And production per man in agriculture has been rising four per cent a year since 1940. Compared to 25 years ago, 34 per cent fewer farmers working fewer hours produce 54 per cent more," Kline said.

"The United States average net income per farmer is materially higher than in 1950. This is not to say that it is good, but only that some of the use of statistics is loose and misleading.

He said that our real difficulty in the postwar period has been too big an agricultural plant. Farmers produced for war needs, war markets, and war prices, the farm leader pointed out, and everybody was happy about it. "The same plant produced present surpluses."

New Type Farm Lease Developed At U. Of I.

THURSDAY, NOV. 24, 1955

A new livestock-share model lease form for use by farm landlords and tenants has been designed at the University of Illinois. F. J. Reiss, farm economist, describes it as a simple but complete form that suggests arrangements that can result in more profits from a rented farm and better landlord-tenant relations.

The model lease form drawn up by Reiss and N. G. P. Grausz, professor of agricultural law, satisfies legal requirements and provides incentives that give both parties fair compensation for their contributions to sound farming arrangements.

THE NEW LEASE form includes 5 new features:

1. A leaflet that explains the lease and suggests particular provisions.
2. A provision for reimbursing the tenant for his part of the unused fertilizer when he moves off.
3. A classified statement of the tenant's duties and responsibilities.
4. A provision through which either party can terminate the lease if the other is in default.
5. An amendment providing for changes without rewriting the lease and for reimbursement to the tenant for improvements he makes to the farm.

THE NEW LEASE form retains all of the tested provisions of the old livestock share lease form: notice of terminations, automatic renewal in case no notice is given and sharing investments and expenses.

The lease form also carries a specific statement that it is not a partnership and that one party is not liable for debts incurred by the other.

Farm advisers have copies of the lease form. It is also available from the College of Agriculture, University of Illinois, The form costs 20 cents a pair or 10 cents a copy.

We Give Thanks

For freedom, for plenty, for all the blessings of home and family, we say a prayer of gratitude on this Thanksgiving Day. As we celebrate with the traditional feast, we are grateful, too, for many other American traditions . . . and for the privilege of all to work, plan and save for a bountiful future.
